

Couldn't Leave House For Year

Hamilton Tells of His Wife's Remarkable Improvement Since Taking Tanlac

"Last Sunday my wife was able to be out of the house for the first time in almost a year, and she wouldn't have been out then if Tanlac had not put her on her feet." Is the remarkable testimony of William Hamilton who resides at 149 Preston St., Halifax, Nova Scotia, Canada.

"Mrs. Hamilton had Spanish Influenza over a year ago," he continued, "and had never been able to overcome the effects of it. Her appetite was gone completely and she fell off in weight and strength until she was as frail and thin as anybody could be and still get around. Her nerves were all worn up and the least little noise would make her jump and quiver like a leaf. Many a night she has lain awake until daylight in nervous misery. She complained of dull throbbing headaches and it has made me actually suffer at times to see her so weak and run down and in so much pain. Somebody else had to attend to all the housework as she could just barely creep about the house and hadn't been able to go out-of-doors for nearly twelve months. She was confined to the bed most of the time, and even when she would get up in her room for a while, she really ought to have been in bed.

"It sure was a surprise to me to see her build up the way she has since she started taking Tanlac. Her appetite is just fine now, why, she told me the other day that if she kept on, she would eat us out of house and home. Every day she seems stronger and more like her old self and she never complains of being tired and weak and run down anymore. Last Sunday she went out for a long walk with me, for the first time she's been out of the house in nearly a year. She seems like a different person and is beginning to feel that her troubles are all over. Tanlac is the only thing that ever did her any good, and we both are happy as we can be over the way she has recovered her health since she has been taking it and we are glad to recommend it all the time."

TANLAC is sold in Newcastle by E. J. Morris, and in Red Bank by Wm M. Sullivan.

BRITISH STEAMER GOES AGROUND AT POINT DU CHENE
Moncton, N. B., Oct. 26—The British steamer, The Hornsee, two thousand tons, is aground in Point Du Chene Harbour, and all efforts to get her off today were unavailing. The Hornsee arrived at Point Du Chene yesterday morning from Moncton to take part of a cargo of coals, and then proceeded to Fairbore to finish loading. She ran aground while avoiding a collision with two schooners. The Hornsee is commanded by Captain Munroe and carries a crew of thirty. She is one of the steamers taken over from the Germans by the British government. Efforts to float her tomorrow are not successful; the ballast will be removed. She has five hundred tons of coal in her bunkers. Only the bow is aground and the ship is not thought to have suffered any damage.

"I HAVE PROVED"

Zam-Buk invaluable for eczema, both in the case of my baby and myself," says Mrs. L. Bonin of West Arichat, N.B. She adds: "Baby's skin was badly broken out, but repeated applications of Zam-Buk entirely cured it."

"In my own case, I had eczema on my hands, which made it very inconvenient for me to do my housework. Particularly was this so, as it aggravated the trouble so to put my hands in water. By using Zam-Buk, however, I soon got relief, and it was not very long before every trace of the trouble had disappeared. I really think no home should be without Zam-Buk."

Zam-Buk is equally good for all skin injuries. All dealers \$0.25 box.

Zam-Buk

A RECORD THAT IS A PROMISE.

Canada has hardly come yet to consider the period after the war as a distinct and separate problem, capable of visualization apart from present conditions and activities. Lacking the experience of Great Britain or Germany in such matters she is incapable of the nice discriminations that in those countries have resulted in the creation and adjustment of elaborate machinery to fit each possible phase of the economic situation which their respective leaders believe will arise. Nor is she merely blundering into the future, but in her case the things she feels she must do now and the things she feels she may do hereafter are so interwoven and the absorption of her energies is so great that for the most part programs give way to performances and the country grows into economic power before creating the formulas for attaining it. Her hopes for the future are measured by the disproportion between what she has done and what it was thought she was capable of doing less than four years ago. Canada's record is a summary of her promise.

Standing out instructively in this record is the financial achievement of 2,000,000 people, various in nationality, scattered over a territory of nearly 4,000,000 square miles. It is the more noteworthy in view of the effect of the declaration of war by the United States. Before that declaration there was a very restricted market for Dominion Government bonds in Canada and municipals sold better in England and the United States than at home, so that every year Canada paid out not less than \$125,000,000 to British and \$50,000,000 to American investors for interest charges. In the first year of the war a bond issue of even \$50,000,000 would have been regarded as an impossibility except for the existence of surplus funds in this country. With the aid of American investors a loan of \$100,000,000 was actually floated in 1915, and another of similar amount was floated a year later. In March, 1917, before the United States entered the war, and when it still appeared possible she would not do so, a third war loan totalling \$150,000,000 was determined upon. Each of these loans was issued below par and with interest at 5 per cent. Now most financial observers saw that a declaration of war by the United States would mean loans and heavy taxation and undoubted curtailment of the market here for foreign securities. Exactly that happened, and yet in November, 1917, the Canadian people subscribed for \$418,000,000 of the Victory Loan issued at 100. Meanwhile loans totalling more than \$158,000,000 has been made from Great Britain and the United States, and War Savings Certificates to the amount of \$12,000,000 had been disposed of. In other words the patriotic fervor of Canada was equal to an aggravated demand, and without thinking of it in that way her people suddenly discovered themselves financially competent.

That the net debt of the country has increased from \$335,996,850 in March, 1914, to \$1,010,780,470 in March, 1918, is no small matter, but that 75 per cent. of this indebtedness represents the savings of men and women who believe in Canada's ability to pay is, in the case of a country that hesitated at a \$50,000,000 loan at the beginning of the war, an indication of reserve strength that overshadows every liability.

WEDDINGS

BLACKMORE—GRAHAM.
The home of Mrs. William Graham was the scene of a very pretty wedding which took place on Wednesday evening the 15th inst. when Miss Priscilla Graham, daughter of the hostess was united in marriage to Mr. Hiram Blackmore of Cassilis. The ceremony was performed by the Rev. E. Rowlands of Millerton.

The bride was charmingly attired in a wedding gown of white silk, and entered the room supported by her brother Mr. Walter Graham. After the ceremony a most excellent supper was served in the Graham home and the relatives and immediate friends of the both contracting parties being present. The guests dispersed about nine o'clock.

The happy couple are now residing in Cassilis.

JEFFREY—MENZIES.

A very pretty wedding was solemnized in the parsonage of the Methodist church, Newcastle, on Tuesday evening 21st inst. when Miss Georgina Mary Menzies daughter of Mr. and Mrs. Edward Menzies and Mr. Lester M. Jeffrey son of Mr. and Mrs. Thos. J. Jeffrey, both of Newcastle were united in marriage.

The happy young couple were unattended and the bride looked very charming in a suit of blue serge with fawn hat and boots to match. The

The Nervous School Child

Needs Rich, Red Blood to Regain Health and Strength

Many children start school in excellent health, but after a short time home work, examinations, hurried meals and crowded school rooms cause their blood to become weak and thin, their nerves over wrought and their color and spirits lost. It is a great mistake to let matters drift when boys and girls show symptoms of nervousness or weak blood. They are almost sure to fall victims of St. Vitus dance, or drift into debility that leads to other troubles. Regular meals, out-door exercise and plenty of sleep are necessary to combat the nervous wear of school life. But it is still more important that parents should pay strict attention to the school child's blood supply. Keep this rich and red by giving Dr. Williams Pink Pills according to directions and the boy or girl will be sturdy and fit for school. The value of Dr. Williams Pink Pills in cases of this kind is shown by the statement of Mrs. Pearl G. Harrington, Kingsville, Ont., who says:—"I have often felt that I should write you and let you know what Dr. Williams Pink Pills did for me. At the age of thirteen I was afflicted with St. Vitus dance. The trouble became so severe that I had to be taken from school. I was given medical treatment but it did not help me, in fact I was steadily growing worse. Then a friend advised my mother to give me Dr. Williams Pink Pills, which she did, with the happiest results, as the pills completely cured me and I was again able to take up my studies and attend school. Again about three years ago I was attacked with nervous prostration and once more took Dr. Williams Pink Pills, and after using five boxes was fully restored. I cannot praise these pills too highly as I believe they will cure any case of St. Vitus dance, or restore anyone who is weak, nervous or run down.

You can safely give Dr. Williams Pink Pills to the most delicate child, or take them yourself with equally good results when you need a blood tonic. These pills are sold by all dealers in medicine, or will be sent by mail, post paid, at 50 cents a box or six boxes for \$2.50 by The Dr. Williams Medicine Co., Brockville, Ont.

house was nicely decorated for the occasion.

After the ceremony supper was served at the bride's home on Pleasant St. to a number of friends and relatives of the contracting parties. The bride was the recipient of many beautiful presents consisting of china, cut glass, silver and furniture.

The bride and groom left on the Maritime for a honeymoon trip to the upper Canadian cities and a number of friends gathered at the station and gave them a hearty send-off. On their return Mr. and Mrs. Jeffrey will reside in Newcastle.

WRIGHT—MORRISON

A wedding of much interest to many friends of the Miramichi was solemnized Wednesday Oct. 22nd at high noon at the residence of Hon. Donald Morrison and Mrs. Morrison, Pleasant street, when their only daughter Marie Jean Louise, was united in marriage to Clarence E. Wright of Fort Fairfield, Maine.

The bride entered the drawing room on the arm of her father to the strain of Lohengrin's wedding march rendered by Miss Mollie Robinson, the bridal party standing under an arch of evergreen. Rev. L. H. MacLean, pastor of St. James' Presbyterian church, performed the ceremony, in the presence of relatives.

The bride was attired in a travelling suit of blue panama cloth, tan velvet trimmings, and hat to correspond, and carried a shower bouquet of bride's roses.

The house was prettily decorated with carnations, chrysanthemums and greens.

After the ceremony luncheon was served following which Mr. and Mrs. Wright left on a wedding trip to Montreal and American cities, and on their return will go to Fort Fairfield to reside.

The bride who has always been very popular in her home town, was showered with confetti at the depot by a number of her girl friends who were there to see her off. Both she and her husband take with them to their new home the best wishes of all for every happiness and prosperity.

Mr. and Mrs. Bean, of Fort Fairfield were out of town guests at the wedding.

It would have been bondage but for the "boys" and bonds. Victorious Boys buy Victory Bonds.

Here Sir! is the very Overcoat For You.

Our winter stocks contain YOUR overcoat. The one you would choose above all others, even if all the coats in Canada were placed at your disposal.
