ADJOURNMENT OF PARLIAMENT.

LONDON, To-day.
Both Houses of Parliament adjourned to-day till Oct. 1, after adopting a Bill extending the life of the present Parliament for another seven months. Not since the outbreak of the war has Parliament adjourned upon a situation such as the present one which was described by David Lloyd George, Minister of War, and other Ministers in debates during the last few days as giving so little cause for anxiety or so hopeful an outlook for the future. The debates which covered all the aspects of the war reflected a feeling of confidence, although expressing the realization that a heavy task was still ahead and that there is no prospect for hostilities coming to a speedy end. It is the general belief that before Parliament reassembles a further important stage in the Entente Allied offensive will have been developed in the Near East, which may have the weightiest influence in the whole field of operations. With regard to the discussion of recent days concerning the question of the food supply here, the high prices are due to a scarcity of supplies and the costliness of freightage; and, as Captain Prettyman, Parliamentary Secretary to the Board of Trade explained in the Commons to-day, to the abnormal consumption of food by untold millions of men in the field. He said he estimated that men in the field eat half as much again as they did in civil life. While the question of food supplies is pressing heavily on the civilian population, the Government thus far has seen no reason to take any new or drastic steps in the direction of an administrative control of either the prices or the consumption of food. In debates in the Cabinet, members also expressed the greatest confidence in the constantly growing economic pressure which is being exercised against the Central Powers. The difficult questions of suffrage and registration reform have been shelved temporarily, but as a precautionary measure the House of Lords inserted in Bill extending life of Parliament an amendment which the Commons accepted, providing that any new Parliament elected upon the existing register should endure only for two years. This is an emergency which is unlikely to arise, as a large majority of the people in this country are opposed to holding elections during the war. It seems almost certain that the next Parliament will be elected upon the basis of adult suffrage, with women voting, although there are many opinions that the country ought to be consulted upon the important question of admitting women suffrage by means of a general election.

AMERICAN SCHOONERS SEIZED BY BRITISH.

LONDON, To-day.
The American fishing schooners Maxine, Elliott, 111 tons, Gloucester, Mass., and the Lizzie Griffin, 107 tons, Bangor, Me., were seized while fishing off the coast of Iceland by British patrol boats and taken to Lorient, in the Shetland Islands. The American schooner Lucinda I. Lowell, 110 tons, on the way from Gloucester to Norway with a cargo of dried herring was also taken to Lorient, but released after search.

BRITISH STEAMER WRECKED.

LONDON, To-day.
The British steamer Quebec, 2901 tons, from New York to Liverpool, foundered after striking the rocks west of big Bisket Island, off the coast of Kerry; 34 of the crew landed at Ventry. The captain and two others are missing.

DEUTSCHLAND ARRIVES.

BERLIN, To-day.
An Agency says the Deutschland arrived on the afternoon of August 2nd and anchored before the mouth of the river. All on board well.

LONDON BUDGET.

LONDON, To-day.
With no change of importance in the main theatres world wide interest remains centred in the new Allied offensive on the Salonki front. The latest despatches from all the war capitals throw little light on the situation and the Allies plans and objectives remain somewhat obscure. London reports that the Bulgarians advanced along the Struma Valley and have entrenched themselves at various points. Berlin reports further advances for the Bulgarians' right wing where they are facing the Serbians. Apparently, however, no action of the first importance has yet developed at any point on this front. Interest in the attitude of the Greeks has been heightened by press despatches telling of the determination of the Greek Commander at Seres to resist the Bul-

garians and of volunteers being organized for his assistance by the Yugoslav leaders at Salonika. There has been no further development in the Roumanian situation. The last report from Berlin maintains that Roumania has not yet reached a decision. On the west front the French are apparently marking time, while the British push their operations against Thiepval and Guillemont. London reports a fresh tightening of the ring round Thiepval in the capture of two hundred yards of German trenches south of the town. Blight fighting is going on in this section, the Germans counter attacking with great violence. In these counter attacks they succeeded in entering some British trenches, but according to London were immediately ejected. The fierce struggle round Fleury in the Verdun sector continues with unabated violence. The French claim an appreciable advance between Fleury and Triaumont and the capture of two hundred prisoners. Conflicting claims are made by Berlin and Petrograd with regard to the fighting on the eastern front. Both sides report the capture of positions near the Jabonitz Pass, where a violent struggle has been in progress for several days on the crest of the Carpathians. Berlin also claims the sanguinary repulse of Russian attempts to cross the Stokhod. Apparently fighting of an extremely desperate character is going on in that district.

IN THE BALKANS.

PARIS, To-day.
The Allies have maintained the Macedonian front and Serbians made progress north of Stropino. The enemy's offensive in the Struma and in the vicinity of Ostrovo Lake has been checked.

JAPANESE ADMIRAL'S OPINION.

PARIS, To-day.
Admiral Aki Yama, who as Aide to Admiral Togo planned the battle of Tsushima, is on his way to New York, after visiting all of the Allied countries. "I am thoroughly convinced that the Allies are in a two-fold superiority to the Germans," said the Admiral before sailing. "To be perfectly truthful, the Germans were a nation much stronger than we ever imagined. What they have done in the last years will remain a marvellous monument in the history of the world, but what has made them so strong is their organization and preparation in military matters. Their

advantage no longer exists. The Allies by practice and experience have accomplished all the Germans had perfected."

TEMPS SAYS THREE TO ONE.

PARIS, To-day.
The Temps estimates that the Allies' superiority over the Germans in men and resources is now fully three to one.

Health Hints

Have you ever noticed a bread wagon with the doors wide open and the dust and dirt from the street blowing in over the bread? Just stop and think of the dirt, and you will always ask your Grocer for Lynch's Bread wrapped and sealed by machinery in a dust and germ-proof wrapper.—1718,1f

Grand Pictures at the Nickel.

The holiday programme at the Nickel Theatre, yesterday, attracted immense audiences. During the afternoon and evening it was difficult to get seats, so great was the attendance. The pictures were in keeping with the magnificent offerings at this popular theatre. The great film "The Island of Regeneration," in which Edith Stroug, Antonio Moreno, Leo Delaney, Naomi Childers, Rankin Drew, and Bobby Connolly appeared, was a wonderful picture. It will be repeated to-night, and the artistic orchestra of the liner Florizel will be in attendance.

The Archbishop's Tour

Special to Evening Telegram.

BAR HAVEN, Yesterday.
His Grace the Most Rev. Archbishop Roche has just completed his first episcopal visit to the Parish of Bar Haven. On this visitation a number of the clergy accompanied him. Rev. Francis Cacciola met the party at St. Raymond's Church, Indian Harbor, where His Grace confirmed a body of children and addressed the members of the congregation present. The same exercises were conducted in the Church of the Sacred Heart of Jesus, Breyley; St. Jacob's Church, Southern Harbor; St. Benedict's Church, Ballardstown and St. Francis Church, Bar Haven. Scarcely had the people of Md. better demonstrated their whole-hearted loyalty in the presence of ecclesiastical visitors than they did on the occasion of these visits which occupied a space of nearly two days. The gatherings everywhere were tremendous in size and volleys of musketry were fired in union with loud cheers which testified to the enthusiasm that prevailed.

McMurdo's Store News

Have you had a glass of Ross's Royal Tonic. This delicious sparkling beverage is one of the pleasantest and most refreshing things we have run up against for some time. It lowers the temperature in hot weather, and gives a grateful feeling of coolness. It is strongly aerated, which gives a wholesome "snap" to it. Price 15c a bottle.

Only a few more days left wherein it will be profitable to sell Cabbage Seeds for winter plants. We have a good selection of American and English Seeds suitable for this purpose.

Over one hundred Salvation Army Officers have arrived in the City during the past few days to attend the Annual Congress. The local Corps have arranged for a Public Welcome to be given them this evening. The gathering will take place in No. 1 Citadel, New Gower Street. A very interesting meeting is anticipated. A hearty invitation is extended to all.—aug24,11
