BY-LAW No.

OF THE COUNCIL OF THE TOWNSHIP OF EKFRID.

A By-Law to provide for levying and collecting the amount charge-able to the Township of Ekfrid for the deepening, enlarging, widening and extending of the Morrow Drain, in the Townships of Metcalfe and Brooke, and for borrowing on the credit of the Municipality the sum of \$3303, to be paid to the Council of the Township of Metcalfe for completing the said drainage works. Provisionally adopted the 15th day of October, A. D. 1887.

WHEREAS, By-Law No. 261, of the Council of the Township of Metcalfe (hereinafter referred to), sets forth that a majority of the owners, as shewn by the last revised Assessment Roll, of the property thereinafter set forth to be relieved and benefitted by the deepening, enlarging, widening and extending of the Morrow Drain, have petitioned the Council of the Township of Metcalfe, praying that the said drain may be deepened, enlarged, widened and extended till an outlet is obtained in the Township of Brooke, in the County of Lambton.

and extended till an outlet is obtained in the Township of Brooke, in the County of Lambton.

And that whereas, thereupon the said Council procured an examination to be made by Alexander Davidson, P. L. S., being a person competent for such purpose, of the said locality proposed to be relieved of surface waters brought down by the Township of Ektrid, and drained, and has also procured plans and estimates of the work to be made by the said Alexander Davidson, P. L. S., and an assessment to be made by him of the real property to be benefitted by such deepening, enlarging, widening and extending of the said drain, stating as nearly as he can the proportion of benefit which in his opinion will be derived in consequence of such deepening, enlarging, widening and extending by every read and lot or portion of lot; the said assessment so made, and the report of the said Alexander Davidson, P. L. S., in respect thereof and of the said deepening, enlarging, widening and extending, being as follows:—

follows:—
To the Municipal Council of the Township of Metcalfe:
Gentlemen,—I beg to report that in compliance with your instructions I have made an examination of the locality to be relieved and drained (being the lands hereinafter named) by a drain to be constructed, or deepened, enlarged, widened and extended in the Townships of Metcalfe and Brooke, and to be known as the Morrow Drain. I find that a very large quantity of drainage water is brought down upon the lands in the Township of Metcalfe by a drain in the Township of Ekfrid called the Morrow Drain, and by other drains therein from lands and roads in the said Township of Ekfrid, and that such waters so brought down overflow and injure drain in the Township of Ekfrid called the Morrow Drain, and by other drains therein from lands and roads in the said Township of Ekfrid, and that such waters so brought down overflow and injure lands in the Township of Metcalfe to such an extent as to make it necessary to provide an outlet therefor. In order to find an outlet for such waters and drainage waters or lands in said Township of Metcalfe, through which the proposed drain is to pass, it is necessary to extend the said drain into lands in the Township of Brooke, whose lands and roads will be benefitted to some extent by the extension of said drain. To obtain an outlet for such drainage waters from Ekfrid, and to drain certain lands in Metcalfe, a drain should be constructed, or deepened, widened and extended, to be known as the Morrow Drain, in the Townships of Metcalfe and Brooke, commencing in the said drain in the Township of Metcalfe, on the north-westerly side of the townline between the Townships of Metcalfe and Ekfrid, at the distance of 11 chains and 90 links south-westerly from the south-east angle of lot number 10, in the 14th concession of the said Township of Metcalfe, where a stake marked 0 has been planted, and then running westerly through the Township of Metcalfe and to an outlet 1 chain and 75 links north of the south-west angle of lot No. 26, in the 7th concession of the Township of Brooke, where a stake has been planted marked 281x85, and more definitely shown on the plans marked "A" and "B" accompanying and forming part of this report, following the old drain and the line of stakes showing the location of said drain to be constructed, or deepened, widened and extended. I find, also, that some years ago a drain, forming part of this drain now to be deepened, widened and extended and extended. I find, also, that some years ago a drain, forming part of this frain now to be constructed, or deepened, widened and extended. I find, also, that some years ago a drain, forming part of this drain now to be deepened, widened and extended, was constructed from the north half of lot No. 11, in the 14th concession of Metcalfe, to lot No. 15, in the 12th concession of Metcalfe, at a cost of \$1025.58, which drain is now used as an outlet for waters brought down from lands in the Township of Ekfrid as aforesaid. I have therefore assessed said lands in Ekfrid five cents per acre for a due proportion of the cost of construction of said ditch or drain for outlet, according to Section 590 of the Municipal Act of Ontario, 1883, and added it to the assessment of said lands in Ekfrid for the construction, or deepening, widening and extending of said Morrow bruction, or deepening, widening and extending of said Morrow Drain in the Townships of Metcalfe and Brooke hereinafter refer-red to. I have assessed the said lands in the Township of Ekfrid so benefitted or drained, or to be benefitted or drained, by using said proposed ditch or drain as an outlet for a due proportion of the cost of constructing, or deepening, widening and extending the said Morrow Drain in the Townships of Metcalfe and Brooke. I have also assessed said lands and roads in Brooke for benefit as per assessment hereto annexed and forming part of this report. I have made plans and profiles and estimates of the work to be done, and

The drain to be extended, deepened, widened, enlarged and made in accordance with the said plans, specification and a profile of said drain dated April, 1887, shewing the locality, depths, widths and particulars of the said drain, and which forms part of this report. Said drain to be kept in repair in the following proportions, viz., one fourth of the cost by the Municipality of Ekfrid and the lots and roads therein assessed, in the same proportion as for the construction and deepening, widening and extending; four-teen-twentieths of the cost by the Municipality of Metcalfe and the lots and roads therein assessed in the same proportion as the lots and roads therein assessed, in the same proportion as for the construction and deepening, widening and extending; one-twentieth of the cost by the Municipality of Brsoke and the lots and roads therein assessed, in the same proportion as for the construction and deepening, widening and extending.

All of which is respectfully submitted.

ALEX. DAVIDSON, P. L. S.

Arkons, April, 1887. Arkors, April, 1887.

And whereas, the said Council of the Township of Metcalfe stid, on the 13th day of June, 1887, provisionally pass a By-Law (numbered 261) providing for the said drainage works; And whereas, Henry Gough, Esq., Reeve of the said Township of Metcalfe, did, on the 23rd day of June, 1887, serve John A. Dobie, Esq., Reeve of the Township of Ekfrid, with a copy of said By-Law, and also with remore plan profile and assessments of said Morrow. also with report, plan, profile and assessments of said Morrow Drain improvement, as made by Alex. Davidson, P. L. S., said to

a person competent for such purpose; And whereas the Council of the Township of Ekfrid did not And whereas the Council of the Township of Metcalfe, after the time had elapsed for such appeal being made, did, on the 12th day of September, 1887, finally pass the said Morrow Drain By-Law No. 261;

And whereas the said Council of the Township of Ekfrid are of opinion that the said drainage as set forth in said Morrow Drain By-Law is desirable.

By-Law is desirable : Be it therefore enacted by the said Municipal Council of the

Be it therefore enacted by the said Municipal Council of the said Township of Ekfrid, pursuant to the provisions of the "Consolidated Municipal Act, 1883," and amending Acts—
1st. That the said report, plans and estimates be adopted and approved, and the said drain and the works connected therewith, to be made and constructed in accordance therewith by the Council of the Township of Metcalfe, as set forth by By-Law No. 261 of the Council of said Township of Metcalfe.
2nd. That the Reeve of the said Township of Ekfrid may borrow on the credit of the Corporation of the said Township of Ekfrid the sum of \$3303, being the funds necessary for the work payable by the Council of the Township of Ekfrid to the Council of the Township of Metcalfe, and may issue debentures of the Carporation to that amount in sums of not less than \$100 each, and payable within five years from the date thereof, with interest at
