Manacled.

queathed His Biography.

English Anarchist Publishers Charged
with Inciting to Murder.

Dynamiters to be Tried Without a Jury.
MADRID, May 4.—The cabinet has
decided in favor of the introduction in the
Cortes of a law providing for the trial of
dynamiters without a jury.

A Chinese Weds a Berlin Girl.

BERLIN, May 3.—The marriage of Fen
Lee, a Chinese, and Agnes Gertung, of this
city, is being celebrated upon with surprise,
this being the first alliance of this kind an-
nounced in Germany.

Outcome of the Masque Affair.

LONDON, May 3.—A Shanghai corre-
spondent says: China will request of Eng-
land a renewal for six months of the
prohibition of the exportation of arms to
Hong Kong made in consequence of the
Masque affair.

Charged with Inciting to Murder.

LONDON, May 3.—At the Old Bailey the
jury have brought true bills against Mor-
ley, publisher, and Nicholls, editor of the
Anarchist newspaper, the Commonwealth.
The charges are based on articles inciting
to the murder of Home Secretary Matthews
and Sir Henry Hawkins. The seizure of
the paper prevented the issue of a danger-
ous inflammatory number on May Day, and
revealed in connection with the Walsall
Anarchists.

Fearing the Dynamiters.

BRUSSELS, May 4.—The German who
was arrested as the supposed author of
Monday night's dynamite explosion at
Liege has been released, there being no evi-
dence against him. The Liege authorities
have no clue to the identity of the authors
of the dynamite outrages. This increases
the terror of the population, and it is
spread to Brussels, where all sorts of
alarms are increasing, and there is
fear that there is a plot to blow up
the Monnaie Theatre tonight, when the
King and Queen will be present, it being a
gala farewell performance.

The Chinese Troubles.

SHANGHAI, May 4.—It is reported the
Viceroy at Wuchang has received secret
instructions to arrest Tsoai Choupan, the
author of the anti-foreign placards and the
guiding spirit of the anti-foreign move-
ment. Both the Chinese and the foreign
residents are excited over the trial of
Tsoai Choupan, who is charged with the
murder of the missionaries and the
malcontented. One of the chiefs
who took a prominent part in the Chong-
king rebellion was recently captured and
brought to Tien-Tsin, where he was tried, found
guilty, and—as a warning to all rebels—
was sentenced to be slowly sliced to death,
which sentence was carried out.

A Question of "Blue" or African
Blood.

LONDON, May 3.—A case of the legal
succession to the Earldom of Stanford,
which has been before the House of Lords
for some time, was decided to-day in favor
of the present Earl, the ninth holder of the
title. The eighth Earl died in June,
1890, left a son whose mother was a colored
maiden of Cape Colony. The Earl married
the colored woman, but this son was born
prior to the marriage. The House of Lords
decided that this son is illegitimate,
and therefore has no claim on the title.
The son made no objection to the estab-
lishing his legitimacy. The present Earl is
William Grey, son of the late Rev. William
Grey, brother of the eighth Earl.

Cleaned Out His Friend's Flat.

LONDON, May 3.—The Bigelow-Jeffreys
case came before Justice Hawkins yester-
day. Mrs. Maria Bigelow was the wife of
a gentleman who was formerly connected
with the United States Government. Prior
to 1891 the Bigelows resided in a large
mansion in Cromwell road, and gave
many social entertainments. They became
involved in financial troubles and borrowed
£400 from Jeffreys, who was one of their
most intimate friends. The Bigelows
house and furniture was finally sold under
a bill of sale. Their friends subscribed
money to enable them to take a
small flat, and Mrs. Bigelow supported the
family by dressmaking. Mr. Jeffreys,
who was unable to recover the £400, ob-
tained judgment against the Bigelows and
erected upon the furniture in the flat. Action
was brought against Mr. Jeffreys to recover
damages for trespass. The jury returned
verdict in his favor.

Deeming in the Death Cell.

MURKESBURG, May 3.—After Deeming was
arrested last night from the court room in
which the sentence of death had been passed
upon him and returned to jail, his clothing
was taken from him and he was compelled
to don the attire worn by convicts in the
prison. He was then placed in the con-
demned cell and heavy irons were locked
upon his wrists to prevent him from com-
mitting suicide. There is scarcely a doubt
that he would kill himself if the oppor-
tunity offered, and a close watch will be
kept upon him in order that he does not
do so.

Deeming in the Death Cell.

MURKESBURG, May 3.—Much interest
is manifested in the biography of Deem-
ing, which is being written, and upon which he
has spent much of his time since he was im-
prisoned. It is believed the man's over-
whelming reality will impel him to confess
in this work all the crimes he has ever
committed. By appealing to the Judicial
Committee of the Privy Council, Deeming
succeeded in putting off his execution for
some time, but his haste to complete his book
shows that he has little if any hope of
escaping hanging. Early this morning he
resumed his writing on his biography, which
he says he will bequeath to Miss
Rounsvel, the young lady to whom he was
engaged at the time of his arrest. He ex-
pressed the hope that the profits which he
may derive from his publication will in
some degree compensate her for the wrong
and annoyance which he has been the means
of inflicting upon her.

the morning session. The reports pre-
sented gave an encouraging account of the
year's work. The treasurer's report showed
total receipts for the year, \$39,141, includ-
ing a balance from the previous year of
\$1,479. The most important question that
is expected to come before the convention
is that of the establishment of a training
home in Toronto for mission workers.

NONE SAVED.

Board.

LONDON, May 4.—During a recent storm
at Sudbury, one of the Faroe Islands in the
North Atlantic, three French schooners
were driven ashore at a dangerous part of
the coast and were soon battered to pieces.
The crews made desperate efforts to reach
the shore but the sea was so heavy that no
lifeboat could live in it and all were lost.

storm is in progress to-day. Four inches
had fallen at noon. Navigation is badly
retarded and all rafting stopped.

A SELF-MURDER CLUB.

One of Its Members Shot Himself on
Monday Night in Douglas Park, Chicago.

CHICAGO, May 3.—A suicide club, of
which is declared to exist in this city shot
himself in Douglas Park last night, dying
instantly. He was Joseph Kraker, a
brewery employee. Andrew Rudman is
authority for the assertion that Kraker be-
longed to an organization of men, each of
which is bound by oath to commit har-
kari. Rudman is under arrest.

Before being taken into custody Rud-
man (who like Kraker, worked in a
brewing establishment) had written a
letter announcing a purpose of perpetrat-
ing self-murder. Then Rudman broke
open a room-mate's trunk, abstracted \$30,
bought a revolver, attempted to kill Miss
Emma Diessler, to whom he has been en-
gaged, and fired a shot at one Meister, the
foreman who recently discharged Rudman.
The latter and threatened life.

The police put a bullet into a
policeman who arrested him. Rudman had
been drinking heavily.

granted jury to investigate the lynching
of the two colored men on Friday and
Saturday nights. He said all who were
present or aided or abetted were guilty of
murder.

Mobbed the Umpire.

BIRMINGHAM, Ala., May 3.—At the close
of the ball game yesterday, a mob of
who had hissed Umpire Wilson for his de-
cisions rushed on him and mobbed him. He
showed fight, but was severely beaten, and
would have been killed had not the police
protected him. The mob followed him to
his hotel and threatened life.

Her Corsets Saved a Life.

PORT ANGELES, Wash., May 3.—Joe
Townes, a bartender, Saturday night at-
tempted murder and suicide. He had been
suffering from delirium tremens, and sud-
denly pulled out a pocket-knife, and, tak-
ing his wife around the neck, stabbed her
in the side and then took the knife four
times in his own body. Mrs. Townes' cor-
sets saved her from serious injury. Townes'
wounds are not considered dangerous.

Claims He Is 125 Years Old.

CITY OF MEXICO, May 3.—Jesus Cam-
pacho, who lives on the outskirts of the
city, has just celebrated his birthday. He
was born, he says, in 1768, which would
make him 125 years old. He came origi-
nally from Spain, and has the appearance
of being about 90 years of age. To prove his
age he carries copies of a church register
in Valladolid. The priest of the church
which Campacho attends says the latter
was an old man when he was a boy, and he
is now 86.

Mr. Mercier's Case.

QUEBEC, May 3.—The investigation into
the charges preferred against Mr. Mercier
took place before Judge Chaboussat this
morning. Very little of the proceedings as
the members of the press were excluded and
the whole affair was carried on with closed
doors. Mr. Mercier has retained the
services of Mr. Greenhalgh, of Montreal,
as counsel. Hon. C. H. Langlois is rep-
resented by Messrs. Fitzpatrick and Irvine.
The principal witness heard was Mr.
Marcoux.

Irretrievable Perplexity—A Lame
Explanation of John Lowe's
Letter.

[Special to the ADVERTISER.]
OTTAWA, May 3.—These are troublous
days in the House for Mr. Carling. If the
motion by Mr. Lister with regard to Judge
Elliot, which disturbs the member for
Elliot, be not hanging over the House, he is
plunged in the perplexities of getting his
estimates through supply. This afternoon,
when the House went into Committee of
Supply, he was again put upon the rack.

TERRIFIC TORNADO.

Kansas Visited by a Destructive
Cyclone.

Several Persons Killed, a Number In-
jured and Many Buildings
Demolished.

KINGFISHER, Okla., May 3.—A cyclone
made things lively in this vicinity last
night. A heavy rain storm was quickly
followed by immense hailstones. Windows
were broken and men and animals knocked
senseless. The storm did great damage to
growing crops, and killed much young
stock.

In Kingfisher a number of small outbuild-
ings were overturned and two dwellings
were unroofed. Fourteen residences out-
side the city were destroyed and great
damage was done to the crops. F. H.
Binwell and his son were killed by the
cyclone. George Richert and his family of
ten entered a tug-out and his house was
torn to atoms. A portion of the roof was
hurled against the roof of the cave, crush-
ing it in. All escaped with bruises.

Topeka, Kas., May 3.—A cyclone last
night struck the farming community of
Topeka, ten miles southeast of Topeka.
A farmer named Haxton was killed. John
P. Heill was fatally injured. Mrs. Heill
and her child were badly hurt. Numerous
buildings and fences were demolished, and
many persons were more or less injured.
Hail fell in great quantities, destroying
fruit and other trees. Jas. Mitchell, a
farmer who lived near Heill's farm, was
also killed.

WITH THE WORKERS.

Boiler-Makers' Demands Refused—A
General Strike of Cloth-Finishers
Probable—The Eight-Hour
Movement.

At a meeting of the Boiler Manufacturers'
Association at Boston on Tuesday, it was
voted to refuse the demands of the Boil-
ermakers' Union for a nine-hour day, and it
was further decided that should the strik-
ing vote to strike the employers would combine
and lock out every union man.

On May 16 the clothing pressmen of New
York, Philadelphia, Chicago, Baltimore,
Boston and other large cities will demand
an advance of 15 to 25 per cent. in wages
and a reduction in their hours of labor from
10 to 9 hours per day.

Work on the manufacturers' building at
the World's Fair ground was brought al-
most to a standstill Monday by 100 out of
125 iron workers going on strike for 35 in-
stead of 30 cents an hour. The iron work-
ers on the administration building were
more successful. They went out for the
same demand and returned to work within
four hours, the contractors granting the
advance.

The proposal of the Toronto brickmakers
to reduce wages by from 50 to 70 cents a
day will be resisted by their employers, who
have decided to go on strike until a settle-
ment is arrived at.

More than half the journeymen plumbers
of Boston who asked for an eight-hour
day on Monday have had their request
granted, and it is expected the others will
be successful in a day or two.

Twenty men in the Grand Trunk shops
at Brantford were discharged Monday
night, making 60 in all with the last batch.
At Detroit Bricklayers and Stonemasons'
Union No. 1 has decided to give the strik-
ing bakers a boost by helping the boycott.

Samuel Gompers has issued circular
letters to all the hodcarriers' and builders'
laborers' unions in the country for the pur-
pose of bringing about a national union in
the occupation. He has also done the same
among the longshoremen and vessel
un loaders.

The bricklayers of Saginaw, Mich., are
on strike for \$4.05 per day—present wages,
\$3.50.

No Aliens Need Apply.

New York, and two from Suspension

A Battle Expected.

NEW YORK, May 4.—A Herald special
from Barcelona, Venezuela, says a battle
may be expected soon between the Govern-
ment troops and the Federalists south of
Caracas. Palacio has sent an army from
Caracas to engage the enemy. At
latest accounts the opposing forces were
getting very near each other.

Mashed on the Masher.

WASHINGTON, D. C., May 3.—While
Congress Representative Amos Cummings
and his wife, with a party of men and
women, were coming up from Marshall
Hall on the steamer McAllister yesterday
afternoon, a group on the deck tried to
flirt with some of the women. After
standing it as long as he could the New
Yorker jumped to his feet and exclaim-
ing, "These ladies, sir, are respectable,"
struck the stranger a terrific blow on the
side of the face. Before he recovered he
received another swinging left-hander,
which utterly demoralized him. By the
time he got on his feet the people had
rushed between Mr. Cummings and the
mashed masher and they prevented him
from getting at the representative or the
representative from getting at him,
although both wanted to fight it out. It
was afterwards reported that the stranger
would challenge Mr. Cummings to fight a
duel. Mr. Cummings was many years one
of the editors of the New York Sun, and
physically he is decidedly a light-weight.

by Her Colored Husband.

NEWARK, N. J., May 3.—William Ran-
dolph, a colored laborer, beat his wife,
Eva, brutally Sunday night in their home
at 10 Lums street, Newark. They quarreled
and Randolph smashed a glass bottle dish
upon the woman's head, and then with one
of the pointed pieces stabbed and slashed
her about the head and face, inflicting
several ugly gashes, which subsequently
had to be sewed up by a physician. He
threatened to kill her, and kept hacking at
her until neighbors called in the police. He
was locked up, charged with assault with
intent to kill, and the injured woman was
placed in the hospital room.
