By private wire to H. C. Becher, London, from Harris Winthrop & Co. New York, July 31.-Wall street, Noon-Today's first prices in the absence of London were about last night's level to a shade higher. Reading was the leader. A slight sagging movement developed in the general list caused by the usual Saturday profit-taking. The metal stocks sprang into prominence today, led by Steel. It is reasonable to expect this strength in metal and other stocks will extend next week.

Baby's Health

The best way to guard the little tot's health during the coming warm weather is to give him only wholesome food. Infant foods that have been long in any dealer's stock are apt to cause trouble. Such foods are quite sure to have undergone a change that makes them unfit for any baby's dellcate stomach. Baby foods must be fresh, and we handle our stock in such a way that only fresh foods can ever be found here.
