

London Defeats T.C.C. and Preston Scores Win Over Walkerville In Openers

Londoners Show Punch In Third Period To Win

Fans Pleased With Speed and Style of Local's Play in Initial Encounter.

CENTERS STAR

Both Somerville and MacPherson Show Fine Generalship in Mid-Section.

Somewhere around 2,500 of the curious checked over London's Marsden-coached crew last night while they opened the season with a 6-2 defeat of Toronto Canoe Club. New entrants into the senior O. H. A. arena. The checking-over proved a puzzling process while the Londoners skated dizzy circles around the visitors in the first two periods without registering a goal at almost perfectly timed intervals. Marsden was working two sets of forwards for the last two periods, and a margin of the play could not be very well conceded, either.

Both sets, which in the preceding two periods had had possession of the puck two-thirds of the time, and the hard luck in setting plays down into the T. C. C. goal, and very often harder luck with their shooting when they did work them through the Canoeists' defence, swept down in orderly attacks in the last period and showed a versatility and cohesion heretofore lacking.

Two Sets. Somerville, Leamy and Lowery hooked up in one combination, and Keeling, MacPherson and Filmore in the other front-line set. And an analysis of the goal scoring demonstrated that as far as gold figures went, it was a toss-up between the two. Diminutive Slim MacPherson bagged three goals, Lowery two and Somerville one. The work of MacPherson and Somerville shows that Marsden will have few center ice worries.

Lowery was not at home on right wing, but he wandered far enough to get a pair of corners, and Leamy was the hunter's penchant for doing the unorthodox and the unexpected, and getting results at the same time, proved a favorite.

Keeling and Leamy both made a fine job of their left assignments. Keeling's speed made him outstanding several times while he and Leamy made the hardest sort of luck with his shooting after he had earned goals by shovelling puck down in center ice.

This combination used a cross-crease passing game for a five-minute space.

The first period was productive of brilliant hockey, the short passing style of the locals featuring. The locals were the more aggressive of the two. The forward line, composed of Lowery, Leamy and Somerville, worked like a charm and bore in through the defence for pot shots at Baker, while Starkings and Graham on the defence checked the visitors' one and two-man attacks in the corners and broke away for sharp sallies.

With the puck in the visitors' territory most of the period, London held the puck, but it was not until the second forward combination, composed of MacPherson, Filmore and Keeling, entered the play that the scoring column was smudged. MacPherson turning the trick at 15 minutes on a pass from Filmore, and they broke away on a dashing attack, giving Moore a chance to show his defensive ability. The local goalie responded nobly, and the period ended with London on the balance end of a 1 to 0 count.

Second Period. The play in the second period approached the even stage. Lowery's first batch of forwards were again here. Lowery's checking stood out, the local right wingmen breaking up attack after attack with a sweeping stick. His little scrappy flashes had the visitors nervous, and at one time he bottled up the whole Toronto team behind the nets. The short passes worked very well, and the Toronto team broke away on a dashing attack, giving Moore a chance to show his defensive ability. The local goalie responded nobly, and the period ended with London on the balance end of a 1 to 0 count.

Third Period. The third and final frame was all London. The visitors weakened, while the locals kept up the pace, which by this time was terrific. Somerville almost counted on a terrific shot from the boards, but the disc hit the post and bounced back out of danger. He was successful at the minute, however, in a mix-up in front of the Toronto goal, stealing the rubber from under the crawling bodies of the visitors. Keeling's smart rushes, terminating with smoking shots, began to show up, and he lost a tally on one trip when

THE MIGHTY ATOM.

"Shrimp" MacPherson scored half the London goals last night and made a hit with the crowd by his all-around play. With "Sandy" Somerville, he seemed outstanding in a game marked by an encouraging showing by every candidate for the senior team. The showing of this pair indicates that the Londoners will have scoring punch.

In the second period, which didn't get goals, but thrilled the crowd and non-spectators the individual defensive of the visitors.

On the defence the fans had everything to cheer about. Moore had none of the hot and heavy stuff heaved at him that the Canoeists' pair of net-miners had, but he handled everything in workmanlike fashion, and the two counters scored against him were tricky.

In the second period Toronto broke their blank sheet when Grant sprang through the defence and lifted one under Moore as he jumped into the air. The visitors' final corner came in the third period. It was a long shot that wormed its way through a little work of sticks and into the back of the net.

On the defence the Londoners were teamed in relays. Starkings and Graham teamed up best of the night. Both were consistent offensive threats, and Starkings had lost none of his bewildering ability to block and snare the visitors' one and two-man attacks in the corners and broke away for sharp sallies.

The Canoeists, not at their strongest, put up a sturdy resistance. They did not team up well, but in plenty of spots showed ability. Baker and Stone, their two goalies, were the recipients of a heavy bombardment all night. Halfway through the first period, Baker dived out the puck just as Lowery was lifting it, and he had to retire with a bad rash on his chin.

He came back to the game, but it was not until the second period that he was back to his normal self. The first period was productive of brilliant hockey, the short passing style of the locals featuring. The locals were the more aggressive of the two. The forward line, composed of Lowery, Leamy and Somerville, worked like a charm and bore in through the defence for pot shots at Baker, while Starkings and Graham on the defence checked the visitors' one and two-man attacks in the corners and broke away for sharp sallies.

BELIEVE BALMY BEACH STRONGER

Toronto Fans Confident Beachers Have Chance Against Queens.

Canadian Press Despatch. Toronto, Nov. 20.—Queen's University football squad and many supporters from Kingston arrived in the city this evening and the champions are all set for their match against Balmy Beach of Toronto at Varsity stadium tomorrow afternoon. Queens won the intercollegiate senior series and Balmy Beach finished in front in the senior schedule of the Ontario rugby football union. The winners of tomorrow's battle play Ottawa Senators, leaders of the big four in Ottawa a week hence.

The students from Kingston have won 25 games without a single defeat, and the general opinion is that Balmy Beach will not be good enough to stop them. If the local east-enders stop the tricolor it will be the greatest upset of a season in which upsets have been many. However, the Beachers gave Queens an unexpectedly strenuous tussle last fall when the two teams met under similar circumstances, and their supporters claim the team is much better this year. The Beachers have a stronger line than last year, it is claimed, and last season the line was one of the team's weak points. Beachers' halves are good broken-field runners, particularly Cawell and Ponton. But whether Robertson and Ponton, who will do the kicking for the locals, will be able to secure a nearly even break with Batstone, Leadley, Chantler and Voss, as Hughes did a year ago remains to be seen. Coach Bobby Tolson says the squad is right at the top form and many local critics think Queens will get a big surprise when they meet the O. R. F. U. champions. With good weather, a big crowd will see the game.

In the intercollegiate junior series, Loyola College, Montreal, plays Queens in Kingston, the winners to play Toronto Varsity. In the O. R. F. U. intermediate playoffs, Hamilton Tigers II play Kitchener at Galt. In the junior division of this league, Toronto Argonauts meet Dundas in Dundas. The Hamilton senior Tigers play Hamilton R. C. for the city championship.

COACH OFFICIALS.

Toronto, Nov. 20.—John DeGruchy, president of the C. R. U., tomorrow will preside over a meeting of the officials of the C. R. U. tomorrow. The meeting will be held at the Balmy Beach game in the afternoon. The officials will be discussed and an understanding reached on certain points that may arise. Last year prior to the Queens-Tiger game a conference was held and brought good results. The game was handled without dispute and went off without a hitch. The public are invited to the meeting at 2:30 p.m. tomorrow instead of at 2:30, as has been the case in previous games this season.

REMAINING GAMES.

Monday, Nov. 23. O. R. F. U. intermediate final—Sarnia vs. St. Catharines at Hamilton Central. O. R. F. U. Varsity final—Sarnia vs. St. Catharines at Varsity stadium.

Saturday, Dec. 12. Intermediate C. R. U. final—Winipeg vs. Quebec or Ontario winners.

BLACKWELL AND CAKE BAILED IN \$2,000 EACH

Ernest Blackwell and Louis Cake, both charged under the criminal code for a serious offence of as a result of an accident in which Fred Kingham, street railway employee, was seriously injured, were again bailed on bonds of \$2,000 each upon appearing in police court this morning.

Kingham's condition, although greatly improved, will not permit him to appear in court to give evidence for some time, and adjournment of the case each week will be necessitated until his complete recovery.

The disc bounced off the top of the net. At 6:50 a. Leamy-to-Lowery combination netted London's fourth goal, and at 11 minutes Lowery again counted, grabbing the rubber from in front of the nets when Leamy angled it from a mix-up in front of the Toronto goal, stealing the rubber from under the crawling bodies of the visitors. Keeling's smart rushes, terminating with smoking shots, began to show up, and he lost a tally on one trip when

WILL THEY DOMINATE AGAIN TODAY?

The Leadley-Batstone is perhaps the greatest backfield combination Canadian rugby history has seen. For three years they were the key to Queens' phenomenal successes, and again this year they have dominated the Queens' play, though sharing the glory more than they did previously. The possibility of these stars both striking an off-day together is always around the corner, heightening the hopes of their opponents.

HIGHER TEACHERS' SALARIES FEARED FORKE HAS CHOICE OF SIDES IN HOUSE

Woodstock Trustee Hits Rotary Plan As Forerunner of Pay Demands.

Special to The Advertiser. Woodstock, Nov. 20.—The rotary system of teaching, now used in one of the public schools, was strongly criticized by Trustee Scott at a meeting of the board of education. The trustee expressed his belief that the new system, which is only being given a trial, would tend to make specialists of the public school teachers and bring demands for higher wages.

Principal Hendershott was asked by the trustee as to whether the system would cause an increase in the salaries, and the teacher's reply, "I hope so," brought laughs around the board.

The five retiring members of the board of education have suggested their intention of again becoming candidates at the coming elections, which take place this year the first of December. The five members are Dr. Krupp, Dr. S. M. McLaughlin, James Bain, F. L. Pearson and F. E. Slater. As yet no new candidates have appeared to oppose the retiring members.

Flags at Half-Mast. Plugs on both private and public buildings were flown at half-mast this afternoon out of respect to the late Queen Alexandra.

GRANGE WILL GET \$10,000 TO \$20,000 EACH PRO GAME. Associated Press Despatch. Columbus, Ohio, Nov. 20.—"Red" Grange will receive from \$10,000 to \$20,000 per game in his new professional football, starting Thanksgiving Day. It was stated today by a member of the board of directors of the Grange, a member of the national professional football league.

ST. MIKES HUMBLE M'GILLMEN 18-4

Irish "Houdini" System Ties Up Shag's "Huddling" Style in Knots.

Canadian Press Despatch. Toronto, Nov. 20.—Two clever intermediate teams, St. Michael's College and the University of McGill met at Varsity stadium this afternoon in the first of home and home games for the intermediate intercollegiate championship, with the local collegians being returned the winners by an 18 to 4 score. This afternoon's victory gives St. Michael's a twelve-point lead to take with them in the return game in Montreal on Nov. 28.

"Shag" Shaughnessy was in charge of the eastern students, who used the American huddle system to start their plays, but the locals used a Houdini system that baffled and puzzled and had the McGill team in a quandary from start to finish, wondering what play would be used next. The students finished the game in a victory was not only the result of individual efforts of several stars, but the brilliancy in which the team worked their plays. Incidentally it marked the return to the fall position of the former famous coach, Rex Father Carr.

St. Michael's opened up the game with a burst of speed, which resulted in a "Nick" Lebel dodging through the McGill line for a touchdown, which Lowry converted. The finished the game in a like manner with less than a minute to play. Sheehan passed the ball to Lebel, who was dropped a yard out from the McGill last mark. Sheehan then plunged over for five points on the next down. Lebel secured St. Michael's second touch by a thirty-yard run when McGill was fooled on a fake kick. McGill's biggest score was made in the first period when Taylor dropped a field goal over the bar.
