

THE T. EATON CO. LTD.

200 YONGE-ST., March 4

GOOD MORNING!

This store is very wide-awake and just as ready for business as it ever was. The fates were with us yesterday and good fortune smiled upon us in spite of ruin and devastation all around.

We have had three big fires. Big because they started in tall buildings, which fired neighboring small ones. Big also because we had no fire steamers to check the spread.

But these big fires in the tall buildings were also mysterious. The buildings ignited all had the same electric light and power service, and the same electric watch service.

The electric watch service in question is the subject of much talk in police and business circles. This talk is so persistent and so pronounced that it ought to be investigated.

NEVER SUCH A RUN OF BIG NEWS. Things have been moving in big waves in Canada of late. There was the tragic death of Sir John Thompson, the three big fires in Toronto, the sudden disappearance of the Empress of the North school judgment, the likelihood of a general election, the unusual spell of cold weather, with its railway accidents, the Hyams arrest for murder, the boodle investigation, etc., etc.

A GET-EDGE PROSPECTS. The Municipal Electric Company is the name of a concern that will be floated on the Toronto market in the course of a few weeks. We are not accustomed to boom, editorially, the interests of any company, yet the prospectus so many of our readers possess so many admirable features that we deem it in the public interest to refer to a few of them.

The first thing we notice about the proposed company is that every citizen of Toronto can become a shareholder without putting up a cent in the way of capital. Every dollar necessary to procure the plant can be raised by bonds or debentures. Was any other company ever floated under better auspices than this? Not one cent of capital required.

THE TORONTO WORLD

NO. 85 YONGE-STREET, TORONTO.

Subscription rates: Daily (without Sunday) by the year \$3.00, Daily (without Sunday) by the month \$2.00, Sunday Edition, by the year \$1.00, Sunday Edition, by the month \$1.00, Daily (Sunday included) by the month \$1.00, Daily (Sunday included) by the year \$10.00.

WHOLESALE NEWSDEALERS: F. W. Beebe, 201 Spadina-street, George Measer, 107 Yonge-street, Mrs. Mortuary, 142 Queen-west.

IS CANADA A POWER OR STATE?

ON THE ANSWER DEPENDS RATIFICATION OF THE FRENCH TREATY.

Revenue Returns for February—Exports of Hay—All the Voters' Lists in Hand But Twelve—Mail Facilities on the Yukon—Mr. Angus Replies to Mr. Mulock Re the Embargo.

Ottawa, Ont., March 3.—Is a British colony to be considered a "power" or "state"? It is said that on the answer to this question by the French Government depends very much whether ratification of the commercial treaty between Canada and France will be exchanged and the treaty duly proclaimed as in operation.

Lord Dufferin is reported as having said that he had not yet been authorized to exchange ratification of the treaty, which he has practically the last of a gentleman who is in a position to know explained why the delay had occurred.

Another thing necessary is that the proper appliances be put in the hands of the Street Commissioners and the City Engineer for the immediate removal of ruins like those left by the Melinda-street fires and the fire of yesterday. Tall piers, shoring walls and profecting portions of buildings are everywhere, threatening life, limb and property, by reason of the fact that the necessary tools and engines for the removal of such obstructions were not at hand.

One good fire steamer could have saved half the loss of yesterday. That is, by the prompt expenditure of \$4000, we lose half a million, through neglect. How many more fires do the council have to put off until the occasion is ripe for their consideration?

Dr. Freeman of Milton Dies Suddenly. Milton, March 3.—Dr. Charles Freeman died suddenly last night. He had spent a jovial evening with his family and had retired to bed at 11. An hour later he was seized with a fit of vomiting and expired in a few minutes. Dr. Freeman was ex-Mayor of the town, and as a politician was known throughout Ontario.

Samson—The Best American Poem for Years. London, March 3.—Today's Speaker hails a short poem on Samson, in a volume of verse by Frederick Locker, published in Toronto, as probably the best American poem for many years.

Some Leading Features. It is doubtful if a more readable newspaper is published in Canada than the Toronto Sunday World of March 3rd inst. The leading contents only are herewith.

Full reports Hyams case and boodling investigation. Conservative nomination in Peel. Another Strange Insurance Case. In Music's Realm, by Progress. The Business of the Week, by Deane. From Day to Day, by The Captious One.

Triple Tragedy at Valleyfield. Dogs and Their Friendship, by Pelagus. Obituary of Frederick Blackie. The Business of the Week, by Deane. From Day to Day, by The Captious One.

The Quality of Pluck. Our Sunday-reading Columns, by the Archbishop of Canterbury. A Valuable Table Record. All Sorts of Sport, by Chips. Australia's Starting Machine; Illustrated.

The Toronto Sunday World is published every Saturday night at 9 o'clock and is mailed on order to any address for \$2 a year, \$1 for six months, 50c for three months, 20c a month, 5c a copy.

The proprietors of Parmelee's Pills are constantly receiving letters similar to the following, which are published for the benefit of the public: "I never used any medicine that did me so much good as this for Dyspepsia, Liver and Kidney Complaints. The relief experienced after using them was wonderful. As a safe family medicine Parmelee's Vegetable Pills can be given in all cases requiring a Cathartic."

A VOICE FROM THE MUSE. THE WONDERFUL INK RUBBERMAN. SKIN STRETCHER. LIKES ELASTIC.

Major Bliss of the Ottawa Field Battery will be the only Ottawa representative at the meeting of the Ontario Artillery Association at Toronto on Tuesday. Col. Irwin, Inspector of Artillery, finds it impossible to be present.

Mr. Angus on Mulock's Mis-statements. The attention of Hon. Mr. Angus, Minister of Agriculture, was yesterday called to the mis-statements in the speech of Mr. Mulock, M.P. in North York, the other day. Mr. Mulock had grossly violated the agreement made between them and the English Government regulating the trade in furs and must be held responsible for the embargo.

That statement is simply ridiculous, remarked the Minister. "The agreement to which Mr. Mulock refers has never been violated in a single particular."

In reference to Mr. Mulock's statement that pleuro-pneumonia was permitted among Western States, Mr. Mulock said that the time that shipments were being sent through Canada to exist in the Western States west of Chicago.

"Mr. Mulock says that the Government urged on the Imperial Government not to permit the trade in furs and must be held responsible for the embargo."

That statement is simply ridiculous, remarked the Minister. "The agreement to which Mr. Mulock refers has never been violated in a single particular."
