PUT OUT THE STREET LAMP MR. ELLIS RESIGNS.

The Manufacturers Life Is to Have Still Another Manager.

The Manufacturers' Life Insurance Co., since its inception has changed managers very frequently, and the latest one to resign is Mr. John F. Ellis, who has been managing director for 'the past four years. Mr. Ellis succeeded to Mr. J. B. Carlile. His successor is to be Mr. James R. Junkin of Montreal, who has managed the interests of both the life and accidents companies in the Province of Quebec, as well as looking after the foreign interests of the company. Mr. Junkin will assumed his new duties to-day. Mr. Ellis will resume his old position of manager of the Barber & Elis Co. Chauncey Olcott in His New Play

Next Monday night at the Grand Opera
House, for one week, Chauncey Olcott,
the comedian and vocalist, will be seen
in "The Irish Artist," a comedy-drama
by Augustus Pitou and George H. Jessop, which will then have its first production in this city. The authors have
departed from the time-worn methods
usually employed in constructing an
Irish drama.

Buffalo, May 15.—The inventory and

departed from the time-worn methods usually employed in constructing an Irish drama.

The play has plenty of merit and makes Olcott bolder and stronger than he was in "Mavourneen." Several new and catchy songs are introduced, which were composed and written by himself, and the costumes are correctly designed by Ogden. Mr. Olcott wins plenty of attention, and his play is accepted with great enthusiasm. It is a delightful treatment of the Irish life of to-day, without exaggeration. Some of its pictures are true copies, gathered while Mr. Jessop was abroad.

It is by far the best Irish drama seen

Jessop was abroad.

It is by far the best Irish drama seen in years, and it emphasizes another step in the stellar career of Mr. Olcott, for in the stellar career of Mr. Olcott, for whose exploitation it was especially written.

The undivided attention of a multitude of people whose sympathies are engaged from the first, and who are swayed alternately from laughter to tears, tells the story of the evering, and at the same time the story of how the play is received.

Sale of Stocks

The following stocks were sold at Suckling & Co.'s warerooms yesterday: Kent & Co., Orangeville, general drygoods, \$7000 at 33c to J. G. Strong; Robert Shields, Philpston, general store, 4000 at 48c, to H. A. Sydie; Thomas Durmet & Co., Toronto, hats and caps, \$2000 at 67c, to P. Jamieson.

Business Embarrasum.

The consensus of opinion voiced by experts is that "The Irish Artist" will street, have assigned to J. A. Sinclair, more than duplicate the success of "Mathematical Property of the property courneen." Higher praise it would be R. G. Dun & Co. say that G. S. Ho-

impossible to pay.

Mr. Olcott has become very popular with the public. His fine stage presence his delightful singing and his majestic acting make him the leading Irish comedian of the day.

Mr. O. B. Sheppard, the popular manager of this house, will be given a benefit on Monday evening, May 20, on which occasion Mr. Olcott and his entire company will appear in his new drama, "The Irish Artist," by Pitou and Jessop.

Coughing.

Hallen and Hart will take leave of their friends at the Toronto Opera House next week. This means that they have concluded to separate as a firm of fun-makers and go different ways in the For all the ailments of Throat and Lungs there is no cure so quick and permanent as Scott's Emulsion of Cod-liver Oil. fur-makers and go different ways in the future. This is to be regretted, because they are of the few who have made musical farce comedy worthy of serious notice. It is doubtful if any phase of the atrical entertainment has been more soundly abused than this same farcecomedy. A horde of incompetents have been tempted to go into this kind of work from a general notion of its popular success. What good adepts like Hallen and Hart have contrived to do these, unworthy in general, have also tried to do, but with a result saddening to all who could see, hear and think. Everybody likes music of a jingling quality if fresh and rendered by cultivated volaries. So, also, may it be said of song, dance, drollery and other light elements which make for a varied and bright show, sailing under the current label, "farce comedy." Hallen and Hart have shown a natural aptitude for breezy comedy and, a faculty of invention which has enabled them to constantly bring forward new things to keep up the relish and value of their entertainment; besides which they have had the wit and stimulates the appetite, aids the digestion of other foods, cures Coughs and Colds, Sore Throat, Bronchitis, and gives vital strength besides. It has no equal as nourishment for Babies and Children

ish and value of their entertainment; besides which they have had the wit and wisdom to always surround themselves with accomplished aids. This has made a brisk, crisp and satisfactory performance, almost unique and everywhere captivating. It is said that for this fare-

well tour they have arranged a program and organized a company superior to their best previous efforts.

ont has determined to absolutely aninhilate the income tax law. The report
comes from such a source as to leave
very little room for doubt as to its accuracy. It is learned that some of the
justices have changed their opinions
on the re-argument. The Executive of the St. Paul's Ward Liberal-Conservative Association have filled up the additional places on the Executive, in accordance with the resolution of the special meeting, recently held, by electing the following: Mr. J. C. Landers, Mr. E. W. Powers, Mr. A. C. Anderson, Mr. D'Arcy Hinds.

There is danger in neglecting a cold.
Many who have died of consumption dated their troubles from exposure, followed by a cold which settled on their lungs, and in a short time they were beyond the skill of the best physician. Had they used Bickle's Anti-Consumptive Syrup before it was too late, their lives would have been spared. This medicine has no equal for curing coughs, colds and all affections of the throat and lungs.
