The Editor of the New York  
of the tide of emigration which

healthiest signs connected with  
migration to California, is the  
softer sex who are leaving the  
at distant region. Their ab-  
tainably be severely felt, when  
med, a number of men form a  
joined hands, dance round

an old lady's bonnet. A female hat with a  
female's head in it, is quite a curiosity at the  
shops, if letter writers from that interesting  
region are to be credited.

**THE RAILWAY.**—We are happy to state that  
the survey and course of levels completed a few  
weeks since on the line of Railroad, under the di-  
rection of F. Neale, Esq., the chief engineer, are  
progressing rapidly. Mr. Neale has added to his  
present corps, several engineers from the United  
States who are now busily engaged on the line.—  
In the course of a short time we shall be able to  
communicate official particulars.

The New Brunswick says:—  
**THE LECTURE SEASON:** the 'Mechanics'  
Institute will commence the first week in  
December. It is expected that Professor  
Johnston will deliver the opening address, and  
the Directors have invited him to do so, and  
if the learned gentleman's engagements will  
permit, the invitation will be complied with.

The Methodists in England have deter-  
mined to create a college in one of the most vicious  
and destitute portions of London for gratuitous  
education of the poor, in which cause the  
Wesleyan Methodists have for some years  
past been extremely active.

**AMATEUR BAND.**—Mr R. Foster the in-  
structor and leader of the St. Andrews Am.  
Band, having terminated his engagement, is  
about to leave home for St. John, we deem it  
but justice to that gentleman to state, that  
the progress the Band have made under his  
tuition, and the respectability of their perform-  
ances, have met with the approbation of the  
public. Mr F. carries with him most respec-  
table testimonials and we have seen high-  
ly flattering notices of his ability in the United  
States papers. We heartily commend him to  
our musical friends in St. John as a gentle-  
man of acknowledged abilities, and correct,  
thorough, efficient and accomplished musical  
teacher.

As a proof of the mildness of the present  
season compared with last year, the New  
Brunswick has been furnished, with the  
following diary:—
