A Syndicate of Limit Holders
Represented by the Undersigned, offers

FOR SALE

On the Upper Ottawa,

600 Square Miles Virgin Forest of Pine, comprising 13 Licenses, nearly all Front Limits, on the main stream of the River Ottawa itself, on reasonable terms.

The Proprietors will sell either the whole, or, if preferred, a part interest to Capitalists who will furnish the requisite means to work this Valuable Property on an extensive scale.

The extension of the Canadian Pacific Railway westward towards Manitoba, the establishment of steamboats on Lake Temiscanogue, Upper Ottawa, and other recent improvements, have made this property, formerly considered remote, very accessible to the operator for the United States as well as the European markets, both as regards getting in supplies and in driving the lumber to market. A raft of large board pine timber cut in the immediate vicinity of this property reached Quebec this year long before timber cut on limits only half the distance away, but forced to rely on the precarious height of water of creeks and subsiding streams, while the timber on this tract has the large volume of the "Grand" River itself to float it to market.

Full particulars will be promptly sent on application to
