

old, I am inclined to doubt his word. Mathematics and the sweet odors of the fish market are against him.

Western Bawlf, who considers himself "The Autocrat of the Infirmary Table," was recently asked by a junior member, What was meant by hygiene? True to his prairie instincts, he replied "Hygiene treats of horses and cows."

Herr Phan—Making most profuse explanations.

Prof.—Why did you not finish your set?

Herr—I lost *my balance*.

The class seemed to enjoy the answer.

A. Dowd—Why does Taillon always wear a Scotch cap?

Burdette Abbott—You're slow. His name is Tail(l)on.

Inquisitive Davie—Lamarche, why did you take a drive in a butcher's cart?

A. Lamarche—I have always lived *a la marché*.

Pardon! Venerated shades of departed De Fivas.

A man may grow rich manufacturing bicycles, but he can become richard(ds) still by manufacturing straw.

Well Arthur what does a bear do before he jumps?

Arthur: He leaps.

The following held first places in their classes for the month of April:—

I Grade.	{	1. M. Major.
		2. R. Taillon.
		3. O. Dion.
