TO PHYSICIANS.

BROMIDIA IODIA

FORMULA.—Every fluid drachm contains 15 grs. each of pure Brom. Potas. and purified Chloral, and $\frac{1}{2}$ gr. EACH of gen. imp. ext. Cannabis Ind. and Hyocyan.

DOSE.—One-half to one fluid drachm in WATER or SYRUP every hour until sleep is produced.

BROMIDIA is the Hypnotic *par excellence*. It produces refreshing sleep, and is exceedingly valuable in sleeplessness, nervousness, neuralgia, headache, convulsions, colic, etc., and will relieve when opiates fail. Unlike preparations of opium, it does not lock up the secretions. In the restlessness and delirium of fevers it is absolutely invaluable.

The following physicians, having tested BROMIDIA, recommend it to the profession:

Complaints have been made to us by physicians that some dishonest druggists substitute an inferior preparation made by themselves when BROMIDIA is prescribed. Physicians are cautioned to look out for these substitutions, because the lives of their patients may be endangered and their own reputation injured as well as ours. We have employed detectives, and shall protect our rights to the fullest extent of the law.

FORMULA.—Iodia is a combination of active principles obtained from the green roots of STILLINGIA, HELONIAS, SAXIFRAGA, Mnispermum, and Aromatics. Each fluid drachm also contains five grains IOD. POTAS. and three grains PHOS. IRON.

DOSE.—One or two fluid drachms (more or less, as indicated) three times a day, before meals.

IODIA is the ideal alterative. It has been LARGELY PRESCRIBED in syphilitic, scrofulous, cutaneous, and female diseases, and has an established reputation as being the best alterative ever introduced to the profession.
