CURED.

Another Victory

FOR SCIENTIFIC MEDICINE.

By reference to our files of cases we find that William Tudhope, a retired farmer, of Ouelson, placed himself under our treatment on the 18th day of September last year, for catarrh, and on Monday of last week Mr Tudhope walked into the office of this Association and informed us he was soundly cured of his catarrh, and had, since we last saw him, gained twenty pounds. Upon requesting his photograph for publication he at once consented, and we are thus enabled to add another strong link in the chain of evidence that catarrh can be cured. Reader, if your nose is constantly running, or if full of dry scabs or matter, or if you hawk up thick, sticky matter or frothy mucus from the throat, or if you have a dry, hard cough or a dropping in the throat, or watery eyes, or severe pains in the forehead, or roaring of the ears, or slight deafness, this is catarrh. Catarrh is a precursor of disease, first of the bronchial tubes, then the lungs, then consumption; also of ulceration of the stomach and catarrhal dyspepsia. We CURE these diseases. We also CURE chronic diseases, all chronic deformities, diseases caused by the follies of youth and the excesses of manhood.

organization is thorough and embraces manufacturers
of watches and watch cases in the United States and

strange and improbable, that whilst the Farmer can
positively get no protection. Manufacturers who
would over are combining for the purpose of forcing
prices up.

Any retail Jeweller (if he is willing to post you)
will endorse our statement, that the watch trade of
this Continent is to-day (though quite recently or-
ganized) one of the strongest combinations ever
known, that combined capital representing over
twenty millions, and sends from Maine to Oregon
and Newfoundland to Washington.

Previous to the formation of this huge combina-
tion, we would several Very Large Parcels,
which we propose to distribute amongst our thou-
sands of patrons at nearly 25 per cent. less
than old prices. For 15
