For Swollen Veins

Absorbine Jr.

THE ANTISEPTIC LINIMENT

It was not known to us that Absorbine, Jr., would relieve swollen veins until a few years ago. Then we did not find this out for ourselves. The discovery was made by an old gentleman who had suffered with swollen veins for nearly fifty years. He had made many unsuccessful efforts to get relief and finally tried Absorbine, Jr., knowing its value in reducing swellings, aches, pains and soreness. Absorbine, Jr., relieved him.

He told us that after he had applied Absorbine, Jr., regularly for a few weeks his legs were as smooth as when he was a boy and all the pain and soreness had ceased. Thousands have since used this antiseptic liniment for this purpose with remarkably good results.

Absorbine, Jr., is made of oils and extracts from pure herbs, and when rubbed upon the skin is quickly taken up (absorbed) by the pores; the blood circulation in surrounding parts is thereby stimulated and healing helped.

Absorbine, Jr., leaves no residue, the odor is pleasing and the immediate effect soothing and cooling. Though absolutely harmless to human tissues, Absorbine, Jr., is a powerful germicide, being very valuable in cleansing cuts, scratches, burns and other skin breaks liable to infection.

For muscle soreness, aches, pains, strains, sprains, stiffness and all accidental hurts, Absorbine, Jr., is the remedy to have always at hand and ready for instant use.
