

THE HOOP TRAIN.—Such quantities of steel are being turned out by a Connecticut firm, for the manufacture of wire hooped skirts, that a railway train which for the week is fastened to the factory in the city, is called the "hoop train," and of course runs with more than ordinary consideration.

"My dear friend," said I—"I can cure your toothache in ten minutes." "How? how?" inquired. "Do it in this way." "Instantly," said he. "Have you any alum?" "Yes." "Bring it, with some common salt." They were produced. My friend pulverized them and mixed them in equal quantities, then wet a small piece of cotton, dipping the mixed powder to adhere, and placed it in my hollow tooth.

FOR A SHORT TIME ONLY

MESSRS. SEMMONS & CO.,

Celebrated English OPTICIANS and Manufacturers of the improved.

Brazilian Pebble Pantoscopic Spectacles, Respectfully announce their arrival in this City, with a splendid assortment of their newly-invented and improved SPECTACLES, and may be consulted at their Office,

No. 210, Notre Dame Street, Next Door to Mr. W. A. Townsend's Jewelry Establishment.

These lenses are constructed upon strictly philosophical principles, and, from several considerations, are not equalled by any ever brought under public notice.

The homogeneous structure of the material, and the consequent uniformity of the refracting power prevents the reflection of the rays of light, and furnishes therefore a clear and truthful image of the object.

The concave-convex form of the lens, resembling the anterior lenticular arrangement of the human eye, collects a larger number of rays than could be conveyed upon the retina from ordinary glasses of the same focal power, and thus increases the distinctness of the vision, when their elementary constitution and great hardness secures at once a greater freedom from chemical changes, as well as from mechanical injuries.

In short, the whole arrangement is calculated to promote ease and comfort of vision. Their superiority is fully demonstrated by the most celebrated Physicians and Oculists of Europe and America.

Office hours from 9 A.M. till 5 P.M.

MESSRS. S. & CO.

Take pleasure in laying before the public the following letters in favour of their celebrated Glasses:

Toronto, C. W. Feb. 21, 1858. I have both examined and used the glasses of Messrs. Semmons & Co., of Victoria Works, Cornwall, and I am satisfied that they are admirably constructed, and well calculated to accomplish all that the makers promise for them.

JAMES BOYELL, Prof. Trin. Coll. Toronto.

I have not only carefully examined, but actually used the Brazilian Pebble Spectacles manufactured by Messrs. Semmons & Co., of Cornwall, England, and I have no hesitation in stating that in my opinion they are in every way far superior to the glasses in common use. The lenses themselves are formed on more scientific principles than those ordinarily met with, and the frame is so contrived that the plane of the glasses and the plane of the eye are as nearly parallel as possible.

EDWARD M. HODDER, M.D., Fellow of Royal Coll. of Surgeons, England. Toronto, C.W., Feb. 24, 1858.

Toronto, Feb. 27, 1858. Suffering from defective vision, I have been induced to try various forms of glasses to afford me relief. The concave-convex glasses of Messrs. Semmons & Co., of England, have proved more satisfactory than any other that I have met with.

C. WIDMER, M.D., Fellow of Royal Coll. of Surgeons, England.

FROM HIS LORDSHIP THE BISHOP OF TORONTO. I fully concur in the opinion expressed by Dr. Widmer; myself, have been for years troubled with failing vision, and never found any Glasses that afforded me so much ease and comfort as those I obtained from Messrs. Semmons, & Co.

(Signed.) JOHN TORONTO. April 10, 1858.

HOOPLAND'S GERMAN BITTERS, Will cure Liver Complaint, Nervous Debility, Dyspepsia etc., etc.

READ WHAT IS SAID OF THEM. G. W. BOWEN says: ANDERSON, IND., Jan. 16, 1857.

Your Bitters give general satisfaction. I know their virtues, and have the first case yet to hear of where they do not give entire satisfaction. I could get you numerous certificates were it necessary, but in this community their virtues are fully established. I am positive I sell more of them than is sold of any three Patent Medicines in this county. In my own case I have received more benefit from them in six months than I have received from the regular Physicians in five years. I can therefore conscientiously recommend them, and do say, I would not be without them in my family for any amount."

NOTICES OF THE PRESS. "Griffin's Works.—They are interspersed with scenes of the deepest pathos, and the most genuine humor—at one moment we are convulsed with laughter, at the next affected to tears. We heartily recommend Gerald Griffin's Works to the attention of the American public, and predict for them an immense popularity."—Sunday Dispatch.

"We welcome this new and complete edition of the works of Gerald Griffin, now in the course of publication by the Messrs. Sadlier & Co. We read

the Collegians, when it was first published, with a pleasure we have never forgotten, and which we have found increased at every repeated perusal. Ireland has produced many geniuses, but rarely one, upon the whole superior to Gerald Griffin."—Brownson's Review.

"We have now before us four volumes, the commencement of a complete edition of Gerald Griffin's works, embracing the 'Collegians' and the first series of his 'Munster Tales.' The nationality of these tales, and the genius of the author in depicting the mingled levity and pathos of Irish character, have rendered them exceedingly popular. The style in which the series is produced is highly creditable to the enterprise of the American publishers, and we are free to say that the volumes are worthy of being placed in our libraries, public or private, alongside of Irving, Cooper, or Scott."—Hunt's Merchant's Magazine.

DR. MORSE'S INDIAN ROOT PILLS.

DR. MORSE, the inventor of MORSE'S INDIAN ROOT PILLS, has spent the greater part of his life in travelling, having visited Europe, Asia, and Africa as well as North America—has spent three years among the Indians of our Western country—it was in this way that the Indian Root Pills were first discovered. Dr. Morse was the first man to establish the fact that all diseases arise from IMPURITY OF THE BLOOD—that our strength, health and life depended upon this vital fluid.

When the various passages become clogged, and do not act in perfect harmony with the different functions of the body, the blood loses its action, becomes thick, corrupted and diseased; thus causing all pains, sickness and distress of every name; our strength is exhausted, our health we are deprived of, and if nature is not assisted in throwing off the stagnant humors, the blood will become choked and cease to act, and thus our light of life will forever be blown out.

How important then that we should keep the various passages of the body free and open. And how pleasant to us that we have it in our power to put a medicine in your reach, namely Morse's Indian Root Pills, manufactured from plants and roots which grow around the mountainous cliffs in Nature's garden, for the health and recovery of diseased man. One of the roots from which these Pills are made is a Sulfuric, which opens the pores of the skin, and assists Nature in throwing out the finer parts of the corruption within.

The second is a plant which is an expectorant, that opens and unclogs the passage to the lungs, and thus, in a soothing manner, performs its duty by throwing off phlegm, and other humors from the lungs by copious spitting. The third is a Diuretic, which gives ease and double strength to the kidneys; thus encouraged, they draw large amounts of impurity from the blood, which is then thrown out beautifully by the urinary or water passage, and which could not have been discharged in any other way.

The fourth is a Cathartic, and accompanies the other properties of the Pills while engaged in purifying the blood; the coarser particles of impurity which cannot pass by the other outlets, are thus taken up and conveyed off in great quantities by the bowels.

From the above, it is shown that Dr. Morse's Indian Root Pills not only enter the stomach, but become united with the blood, for they find way to every part, and completely rout out and cleanse the system from all impurity, and the life of the body, which is the blood, becomes perfectly healthy; consequently all sickness and pain is driven from the system, for they cannot remain when the body becomes so pure and clear.

The reason why people are so distressed when sick and why so many die, is because they do not get a medicine which will pass to the afflicted parts, and which will open the natural passages for the disease to be cast out; hence, a large quantity of food and other matter is lodged, and the stomach and intestines are literally overflowing with the corrupted mass; thus undergoing disagreeable fermentation, constantly mixing with the blood, which throws the corrupted matter through every vein and artery, until life is taken from the body by disease. Dr. Morse's PILLS have added to themselves victory upon victory, by restoring millions of the sick to blooming health and happiness. Yes, thousands who have been racked or tormented with sickness, pain and anguish, and whose feeble frames, have been scorched by the burning elements of raging fever, and who have been brought, as it were, within a step of the silent grave, now stand ready to testify that they would have been numbered with the dead, had it not been for this great and wonderful medicine, Morse's Indian Root Pills. After one or two doses had been taken, they were astonished, and absolutely surprised in witnessing their charming effects. Not only do they give immediate ease and strength, and take away all sickness, pain and anguish but they at once go to work at the foundation of the disease, which is the blood. Therefore, it will be shown, especially by those who use these Pills, that they
