This favourite Corset is now made with the celebrated TAM- PICO BUSTS, which are as soft as velvet, and yet so elastic that they will retain their shape perfectly until the Corset is worn out.

The "Health Corset" is boned with Coroline, a new substance which is much superior to horn or whalebone. It cannot break, and is elastic, pliable and comfortable.

The "Health Corset" is not designed for invalids only, but is equally adapted to all women, even the most fastidious in dress.

With Improved Tampico Busts. Awarded the Highest Medal over all American competitors at the Paris Exhibition of 1878. Unequaled for beauty, style and comfort. Approved by all physicians.

**TESTIMONIALS.**  
MONTREAL, QUE., Nov. 15, 1883.  
I hereby certify that I have analyzed and tested the material called "White Bronze," manufactured for monumental purposes by the St. Thomas White Bronze Monument Co., and I find it composed, as represented, of Refined Metallic Zinc, of a very superior quality to sheet zinc, and almost absolutely pure. Its great durability under all exposure to weather and storm is therefore fully assured by its high quality. And it will resist decay and further oxidation when its surface is once coated. It is then more durable than stone, and will not lose its handsome appearance from generation to generation. I know of no other material which is equally capable of combining elegance of form, beauty of surface and indefinite durability.

J. BAKER EDWARDS, P. St. D., D.C.L., F.C.S.
