

by the international community, including the United Nations system and relevant subregional, regional and other international organizations, and anti-poverty strategies and programmes shall be designed, implemented and monitored with the full and effective participation of people living in poverty;

(b) Measures shall be adopted to ensure that people living in poverty have access to the resources and opportunities necessary to escape from poverty, and policies shall be adopted to ensure that all people have adequate economic and social protection during unemployment, ill health, maternity, child-rearing widowhood, disability and old age;

(c) Access of all people living in poverty to basic social services shall be ensured, as well as their participation in the economic, social, cultural and political life of society;

(d) Women shall be given the economic and social opportunities to contribute to development, and anti-poverty strategies and programmes shall be designed with a gender dimension;

(e) Targeted programmes shall be developed to meet the special needs of particular social and demographic groups, including young people, disadvantaged older persons, persons with disabilities, and other vulnerable and disadvantaged groups of persons;

(f) The international community shall provide continued and effective support to broad-based development in developing countries, in particular in Africa and the least developed countries;

(g) The efforts of the United Nations system to achieve the overall goal of eradicating poverty should be well coordinated in order to ensure that activities of relevant organizations are complementary and cost-effective;

5. Recommends that all States, as set out in the Copenhagen Declaration and Programme of Action of the World Summit for Social Development, undertake the following, preferably by 1996:

(a) Develop a precise definition and assessment of absolute poverty;

(b) Elaborate the measurements, criteria and indicators for determining the extent and distribution of absolute poverty;
