

Compliance with arrangements agreed under this measure will be subject to various forms of verification including the invitation of observers and inspection. Questions concerning compliance with the arrangements agreed under this measure can be dealt with by appropriate means.

III. OBSERVATION AND VERIFICATION MEASURES

Measure 4: Observation of Certain Military Activities

The participating States agree to invite observers from all other participating States to all pre-notified activities and to alert activities of longer than a specified period conducted in the CDE zone on their territory. The host State shall ensure that observers are provided the opportunity to form a judgement, supported by direct observation in the area of activity, as to the routine nature of the activity.

Measure 5: Compliance and Verification

A. National Technical Means

Participating States agree not to interfere with national technical means. In using their national technical means for the purpose of verification, participating States will respect generally recognized principles of international law.

B. Monitoring of Compliance

Subject to limitations and modalities to be agreed, participating States may request inspection concerning compliance with agreed CSBMs.

These provisions provide participating States with the opportunity to monitor and thus verify whether notified activities are non-threatening and correspond to the details given in notifications, and that all notifiable activities are properly notified.

Measure 6: Development of Means of Communication

Arrangements should be made which will enhance the means of communication between participating States.
