Dear Mrs. Busted:-

Let me acknowledge with thanks your letter with reference to the presence of certain ladies at the meeting of the Church Commission last Wednesday.

I assure you that the Commission were not in the least put out at your presence, knowing that it arose from your keen interest in the matters to be dealt with by the Commission.

I cannot tell you how earnestly I pray that we may be able to make decisions agreeable to the best judgment of all parties concerned.

Yours faithfully,
