

## EXTRACTS OF LETTERS.

The writer says:—"I am most anxious to receive a fresh supply of your excellent Mineral Water, I mean the "Plantagenet. I can assure you with truth and sincerity, that it has saved me these two years from employing any Physician. May I ask you the very great favor to ship me five barrels of it, bottled up in the usual way."

I am Sir,

Yours truly,

ROBERT PARKS.

Cleveland, Ohio, May 14th, 1856.

In ordering water the writer says:—"But send it off at once, for we have had a great deal of ague in the family. In fact my family have never been so well since your last supply sent was finished."

Yours very truly,

ALEX. GORDON,

Collector of Customs, Windsor, C. W.

July 7th, 1856.

177 Craig Street, Montreal, 1st June, 1858.

Sir,—The last eight years past has confirmed my opinion of the value of the Plantagenet Water. I have recommended it extensively in my practice. The effects in certain affections of the Liver, Kidneys, and dyspeptic diseases—in the latter complaint particularly, I have found it to act with the most beneficial results. Its laxative, antacid and alterative powers have proved of eminent service its unirritating action on the bowels, entitle it to a preference to any other requiring that indication to be performed. I may state, in conclusion, that I recommend this water to the members of my own family, and have always kept a supply in the house.

I am, Sir, yours respectfully,

W. P. SMITH,

Licentiate of the Faculty of Physicians  
and Surgeons, Glasgow.

Montreal, 1st June, 1858.

Sir,—You ask my opinion on the Medicel value of the Plantagenet Water. Since it has been known I have never ceased to recommend it as an agreeable cooling drink in the summer time, as also a very powerful purgative in habitual costiveness and in some other chronic diseases.
