BERLIN CHAMPIONS THO ORILLIA WIN

Dutchmen Beaten in Northern
Town, But Win Round by
Two Goals.

(By Our Man on the Spot.)

ORILLIA, March 6.—Berlin defeated Orillia in the final of the intermediate O.H.A. championship here tonight by a score of 5 to 3, but were not able to overcome the Dutchmen's lead of four goals, secured at home in the first game. Berlin won the intermediate championship by the score of 5 to 3, or two goals on the round. The winners played a very aggressive and great defensive tactics were sufficient to offset the speed and team play of the northerners. The game was a terrific battle on slow ice, which told heavily in the final moments of play.

Contrary to general opinion, the soft going failed to have any detrimental effect upon the local team. They outplayed their opponents in the first half, but had no luck in the scoring. The grand work of Hainsworth, in goal, was responsible to a large extent for this, and also most of his stops were cleanly made, he was lucky to get away with a number of others, which were almost impossible to judge accurately. The contrast between the first game and this was very marked, especially in the last period. The close checking and individual work of both teams was greatly in evidence, and rarely did team work figure in the play. Four goals is almost an impossible task for a team to overcome, but had luck figured a little more in the Orillia's shooting, the task would not have been so difficult. Scores in the first and second halves were as follows:

First Half—Berlin 3, Orillia 1.
Second Half—Berlin 2, Orillia 2.

Final Score—Berlin 5, Orillia 3.

Goals—Berlin: Corbould, right defence; Perryman, left defence; Harvey, rover; Trushinski, right wing; Jupp, right wing; Trushinski, left defence; Solbert, rover; Boettger, centre; Laroux, right wing; Roehman, left wing; Solomon, left wing.

Referee—Dr. Gillman, Uxbridge.

INDOOR RECORDS AT GUELPH GAMES

The year championship went to the second year, who won 58 points, the fourth year coming second with 46 points.

These breaking records were White and Bryden of the second year, who each broke the former record for the sixty yard potato race, Bryden winning the race. White also broke records in the 400 yard potato race, and the running high dive. Pope lowered a record made by himself last year, in the three standing jumps. Fitzpatrick, first year, established a new record in the running high dive, beating Pope's record made last year by a half inch.

The debate race was won by Pope, Nixon and Nourse, while the third year beat out the first and second years.

MAJORITY FAVOR WIDER YONGE ST.

North End Citizens Discussed
How Cost Should Be
Levied.

That this association heartily and unanimously endorses the assessment commissioner's report in regard to the widening of Yonge street, but respectfully begs an extension of time from twenty to thirty years, in which to make payment. The resolution, moved by W. L. Cuttill, and seconded by J. H. Lumber, was passed without a dissenting voice at a very representative meeting of the North End Citizens' Association held in Cottenham school last night.

M. J. O'Leary, in explaining the city council's proposition to the association, stated that the members not to oppose the proposition, but to delay, for he was certain that the widening of Yonge street would be of the greatest benefit to the people interested in the matter were of the opinion that it was a street with a future. When the street was widened, the capital would be invested in the northern part of the city.

Regarding taxes, Mr. O'Leary said that the city should pay a tax of 15 per cent. on the property owners of the street, and 10 per cent. on those within 30 feet east and west. Under the present law, he said, twenty years, also he was in favor of a bill brought before the legislature to extend the time to thirty or forty years.

Some Skeptical. A few members of the association were rather skeptical as to how the side streets were going to benefit from the widening of the street, and one gentleman went so far as to say that the present rate, to those who thought much discussion those gentlemen were eventually enhanced the widening of the street. D. Reid said he was greatly interested in the matter, and in conversation with many of the residents he failed to find anyone who was not satisfied with the city official's proposition.

Should Go On. He was very anxious that the improvement should go on, he stands off. It is asked that this extension be paid for out of the general rate, he said, "it would be necessary that a vote of the people be taken, in which circumstance Mr. Reid had no doubt but that side streets would be benefited and that the value of property east and west would be greatly enhanced. Therefore, the pay their share of the cost."

The Proper Time. He was of opinion that this was the proper time to make an extension, for more time for widening years hence.

There was a unanimous opinion among the members that the improvement would be a general boon to the citizens, and especially those resident in the northern section of the city.

All Satisfied. Messrs. Fennel, Lumber, Cuttill, Walker, Ellis, Grimes, McIlroy and Rev. Falls all expressed satisfaction with the proposition, and hoped the matter would be finally passed at the next meeting of the council on Monday.

On the motion of the president it was agreed to change the name of the association from North End Ratepayers to Central Citizens' Association.

English Rugby League Assured for Toronto

It is now assured that a really strong English Rugby League will be formed in this city.

An outcome of the notices which appeared in The World no less than a hundred names were received from young men who are willing to associate themselves in this movement. It would appear from the letters received that this is a game that is wanted in Toronto, and it is very gratifying that the appeal has been so strongly taken up.

Mr. Coucher would be pleased to meet all those who are willing to join in the movement at the Y.M.C.A. building, College and Yonge streets, on Thursday evening, at 8 o'clock, when the final arrangements can be gone into.

All those who have already sent in their names are requested to be present, also those who, either not players, would be willing to take up this great sport. The intention is to form a league for Rugby football as played in the old country.
