should journalism be added to the curriculum of one or more Canadian universities,, to rank with such studies as those of medicine and law? The advisability of making provision for such a course in Canada will be discussed at the 57th annual meeting of the Canadian Press Association, which is to be held in the Board of Trade rooms, 19th floor, Royal Bank building, tomorrow and Fri-

Departments of journalism have in recent years been established in connection with a dozen or fifteen United States uni. versities, and newspapermen in Canada are now anxious to get an insight into the principles and practice of these courses As a representative of the department of journalism in connection with

partment of journalism in connection with one American university, Dr. Talcott Willlams will address the association at its Friday afternoon session. Dr. Williams is dean of the "Pulitzer School of Journalism," which is connected with Columbia University, New York City.

Following Dr. Williams' address, the newspapermen present will have the opportunity of listening to one of Canada's leading educationists, Dr. R. A. Falconer, president of Toronto University, who will introduce a symposium on the advisability of establishing a department of journalism in Canada. This symposium will be participated in by Sir John Willison, Dr. J. A. Macdonald, J. E. Atkinson, E. Norman Smith of Ottawa and other eminent Canadian journalists. inent Canadian journalists.

Another topic of unusual interest is "The Paper and the Party." An address on this subject will be given by M. W. Rossie of The Port Arthur News.

The relationship of pen and sword in these times of war will be brought out in an address by Major Ernest J. Chambers, chief press censor for Canada, who will speak on "Principles of Press Censorship." Newfoundiand and S. Africa Represented. The publishing fraternity in two of Canada's sister dominions in the British Empire will probably be represented at the convention. Sisson D. Cooper of the Argus South African Newspapers, Limited, and P. T. McGrath of The St. John's Evening News will, it is expected, be present. W. A. Thomson of the American Newspaper Publishers' Association and E. K. Whiting, one of the leading weekly newspaper publishers of Minnesota, will represent the publishers of the United States. A large number of publishers will arrive in the city today to attend the convention. It is expected that every province in the Dominion well be represented. At least 350 are expected of attend the meeting.

George Lawrence Says First Day's Business Exceeded Expectations.

TIME WAS OPPORTUNE

Cut in Price to Five Cents Was Long Contemplated.

"Our first day's business under the new prevailing price of five cents for a pound-and-a-half loaf has exceeded our most sanguine expectations, and it it continues at the same rate we will be more than justified in reducing the price of bread," said George Lawrence yesterday when asked regarding th radical step which he has made in the bread industry in Toronto. Mr. Lawrence stated that the reduction was not for the purpose of eliminating competitors, but that the idea of a 5c loaf had been under his consideration for months, and now that winter was approaching, with signs of a stringency, he could not conceive of a more opportune time in which to offer it to the public. It is a noteworthy fact that Mr. Lawrence, one of the keenest judges of good advertising in his business should use The Toronto World as the only Toronto morning paper in which to announce his new price for bread-a pound-and-a-half loaf for 5c or a three pound loaf for 10c.

PATRIOTIC COMMITTEE TO APPEAL FOR FUNDS

Sir Herbert Ames Will Set Out for West on New Campaign.

many more men to the front than was at first expected, the patriotic fund committee is about to make a fresh appeal for funds. When the 12 bat-talions which are to go over to England have departed there will be from 90,000 to 100,000 Canadian troops in England and France. The patriotic fund has 19,000 families on its list, and the larger proportion of the new recruits have dependants.

During the last three months the surplus of receipts over expenditures was diminished by \$500,000. In July the expenditure was \$350,000 as avainst receipts of \$200,000. Sir Herbert Ames, hon, secretary, will set out in a few days for the west to start the new campaign. Meetings will afterwards be held in the east.

It's Easy to Peel Off Your Tan or Freckles

This is what you should do to shed a spoiled complexion: Spread evenly over the face, covering every inch of skin, a thin layer of ordinary mercolized wax the face, covering every inch of skin, a thin layer of ordinary mercolized wax. Let this stay on over night; wash it off next morning. Repeat daily until your complexion is as clear, soft and beautiful as a young girl's. This result is inevitable, no matter how soiled or discolored the complexion. The wax literally peels off the filmy surface skin, exposing the lovely young skin beneath. The process is entirely harmless, so little of the old skin coming off at a time. Mercolized wax is obtainable at any drug store; one ounce usually suffices. It's a veritable wonderworker for rough, tanned, reddened, blotchy, pimpled or freckled skin.

Pure powdered saxolite is excellent for a wrinkled skin. An ounce of it dissolved in a half pint witch hazel makes a refreshing wash-lotion. This renders the skin quite firm and smooth; indeed, the very first application erases the finer lines; the deeper ones soon follow.
