Lane's Handle Control Jack, Price, \$6.00

With the
Lane "H-C"
Jack, the op-
erator not on-
ly avoids get-
ting under car
or in contact
with dirt or
grease at any
time, but the
extremely long
handle extends
out to a con-
venient, com-
fortable and
easy position
for manipula-
tion which
process is in
detail as fol-
lows:
The handle is unfolded, its hinge joint locked, and then inserted into the
jack lever socket (notched edge downward) and pushed in as far as it
will go, which sets jack for raising.
Handle being thus held into the socket by a spring catch, jack may
now be pushed under car and placed for lifting from the outer end of the
long handle, while the operator remains in an easy position back of the car.
The ordinary pumping motion raises the load in the usual way.
To reverse the jack movement the handle is switched backward, after
which a continued pumping motion lowers the load; and as it is still fast in
the socket, jack may be pulled out from under the car by handle.
Handle is then removed from the jack by releasing the spring catch un-
der socket, and folded for storing.
Price, \$6.00.

Men! A Motor Cap is Handy!

For when you're speeding along a
good road it's nice to feel that your
hat is on to stay, and that there will
be no running back after a stiff one
which is easy blown off by the wind.
Especially will you like these cool
palm beach ones in golf style, with
eight piece top and taped seams; sizes
6 3/4 to 7 1/2. Priced at \$1.00.

Or one of these black leather caps
which will stand a good amount of
wear and bad weather. They are in
golf style, with eight-piece crown,
satin lining; sizes 6 3/4 to 7 1/2. Each,
\$1.50.

Another light hat which, per-
haps, you would prefer, is this fibre
silk and cotton mixture hat, with
dome crown and flexible brim, in
navy blue and grey stripes, unlined;
sizes 6 3/4 to 7 1/2. Each, \$1.75.

HEAR WITH COMFORT

Think how splendid it
would be if you are deaf
to be able to hear with-
out effort. This can be
accomplished with the aid
of the new model of 1918
Acousticon. It is a dur-
able electric instrument,
with a new and incon-
spicuous light earpiece.
The Acousticon is made in
four models of increasing
power, something to help
all deafness except those
of age or infirmity.

This is the instrument
which makes conversation
at home pleasant, helps
you retain your position in
business, and makes you
welcome and at ease
among friends, because
you hear so much better.

Write for descriptive
leaflet, or call at the Opti-
cal Department, Third
Floor, and ask the demon-
strator to show you the
Acousticon of the right
power for your need.

Has your church install-
ed an Acousticon? The
important thing is to
HEAR.

To Ensure a Perfect Grip on the Wheel

You should wear Motor Gloves or Gauntlets. Take
in wet weather, for example, when the polished surfaces
of the wheel and gear handles become extremely slip-
pery and cold, if your hands are cold and wet, also there
is liable to be an accident; at any rate, it's bound to be
very uncomfortable driving. Why not inspect

These Peccary Hog Gauntlets?

They are made from fine soft leather, with extension
strap dome fastener, and six-inch gusset cuff. These
are the kind of gloves that will not harden when washed
with soap and water; sizes 8 to 10. Priced at \$6.00.

Or Cape Gauntlet Gloves

in black or tan, with extension strap, dome fastener, Bol-
ton thumb, half pique seams, and six-inch gusset cuff.
Sizes 7 1/2 to 10. Price, \$3.50.

Or Do You Prefer Motor Gloves?

Here is a line made from peccary hog leather, with
one-dome fastener, Bolton thumbs, half pique seams
and self-stitched backs; sizes 7 to 10. Price, each, \$3.00.

Another Line of Washable Gloves

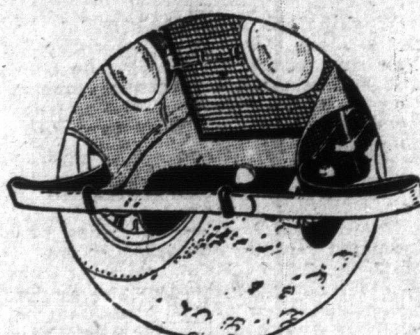

are these chamoisette ones, made with one-dome fast-
eners, in-sewn seams, self-embroidered backs, in grey or
natural; sizes 7 1/2 to 9 1/2. Each, \$1.00.

Ladies' Tan Cape Gauntlets

made with high russet cuff, pique sewn seams, Bolton or
gusset thumbs, strap and dome clasp. Paris points on
the back; sizes 6 to 8. Per pair, \$2.50.

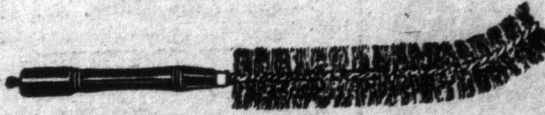

—Main Floor, Yonge St.

Lyon Resilient Bumper

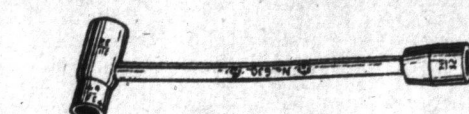

This Bumper adds greatly to the ap-
pearance of the car. Practically in-
destructible.
Price, \$13.50 and \$15.00.

Single Spoke Brush

For cleaning wood or wire wheels. Made long and
slender, fits in almost any place. Good quality
bristles.
Price, 35c.

Ford Cylinder Head Wrench

Wrench for Cylinder Head and Axle Housing
Bolts.
