PREPARE FOR GREATER TORONTO.

Optimism, not pessimism, should be the note of a progressive city. Far more opportunities have been lost by timidity than were even in part retrieved by belated recognition and frantic efforts after betterment. Here in Toronto—the capital of a province from its position and the abundance of its resources is second to none in the Dominion—there is ample justification for sanguine yet prudent anticipation. If our city governors were less concerned about security of tenure and more alive to the necessity of providing now for the deficiencies of the present and the requirements of the immediate future, they would better establish their claim to popular confidence.

MEXICANIZING THE UNITED STATES.

In considering the matter of President Roosevelt's successor, there has been a tacit agreement not to discuss the third-term proposition. Some deny that it would be a "third term." Others contend that Mr. Roosevelt would never accept a nomination. Still others, willing, under the circumstances, to stretch a point in this particular case, are not unwilling to subscribe to the general rule which limits presidential service to the years of Washington.

BOY KILLS HIS FATHER.

Was Protecting Mother Against His Attacks. NEW YORK, June 2.—In protecting his mother, Anthony Fusello, a 19-year-old lad, shot and killed his father, John Fusello, a laborer. The boy was arrested and told the police that his father came home in an irresponsible condition to-day and threatened the mother with a revolver.

FINED \$1,500,000.

Convicted of Violating Anti-Trust Law and Entering State by Fraud. AUSTIN, Texas, June 2.—The Pierce Oil Company of Missouri yesterday was adjudged guilty of violating the anti-trust laws of Texas, convicted of having entered the state by fraud, and fined \$1,500,000. The state request for ousting proceedings was granted.

HONEST ADMINISTRATION.

Governor Hughes of New York is steadily reaping the reward of his single-hearted and assiduous devotion to the cause of the people. Thanks to the popular confidence he has evoked as a result of his command of the measures he recommended for acceptance are going thru despite the open opposition of some state senators and representatives and the scarcely veiled disaffection of many more. When the hostile element appeared likely to prevail, instead of placating antagonism by concession, the governor appealed to the people and the response was more than sufficient to paralyze the malcontents. The latest chapter in the chequered political history of the State of New York should strengthen and stimulate reformers throughout the continent of America. Serve the people and they will trust you—trust the people and they will support you.

WEST YORK ELECTION.

West York has spoken with no uncertain sound, and the absolute unanimity of the support accorded the power policy of the provincial government should confirm the premier's belief in its efficacy and popularity. This election is important because it affords another proof that the surest way of winning and preserving public confidence is to maintain public rights. Mr. Whitney has it in his power to perform an inestimable service for Ontario, by ridding the province, once and for all, of that malignant party spirit which is prepared to sacrifice the most sacred principles of democratic government to its own

predominance. A better and safer way is to exhibit vigilant activity in defending the interests of the people, and in protecting the public resources, and utilities from improper exploitation. Once an administration establishes this reputation, it can trust the electors, and West York has made their response plain.

ORDERED C.O.D. PARCELS

To Different Names at Hotel Room, Not His.

What looks like a scheme to cover shoplifting operations was disclosed when Ernest Robert Gleason was arrested Saturday afternoon in Seaton's hotel, Yonge street.

W. J. Wright asked for his arrest, saying that he had seen him trying to sell brushes which he believed to have been stolen from the Crown Drug Company, Alice and Yonge streets.

Wright says that Gleason bought a parcel of goods, including brushes, at the store of Charles Blake, Room 40, Tremont.

It was not claimed on delivery, and no such person was at the store, but Gleason had come in the same way to J. Camden at the same room. Both were returned.

Wright saw Gleason offering brushes which he believed to be his for sale, but, although several remembered his having offered the goods, nothing of the kind was found on him.

The boy was arrested and told the police that his father came home in an irresponsible condition to-day and threatened the mother with a revolver.

He declared he grappled with the elder man, wrested the pistol away, and that his father then started for him with a knife. Then he pointed the loaded gun at his father's head and fired.

A LIVING GHOST!

That is What Her Friends Said About Her. Read how Mrs. James Steele, Waterville, Que., was cured by the use of MILBURN'S HEART AND NERVE PILLS.

She writes: "For the past fourteen months I was nervous all the time, and became so nervous I was unable to walk across the house without getting dizzy. My friends told me I looked like a living ghost and advised me to try Milburn's Heart and Nerve Pills. I got two boxes and within two weeks I had improved wonderfully and after finishing the fourth box I was completely cured. They are the greatest pills I ever used and I can recommend them to all sufferers."

COAL \$6.75 FOR CASH.

Commodity Not Likely to Get Further Rise in the Fall. The local coal dealers on Saturday raised the price of coal to \$7 per ton, or \$6.75 for cash.

"No particular reason, but only on general principles" is the explanation given by Patrick Burns. He did not think there would be a further increase in the fall.

E. Wheeler of the Wheeler Coal Co. states that he does not believe the price will exceed \$7 per ton during the winter. "If the price should be raised a little it will be due to increased expenses locally, but I don't think there is any cause for alarm in this respect," said Mr. Wheeler.

VETS DECORATE GRAVES OF FALLEN COMRADES

Memories of Forty-One Years Ago Recalled by Commemoration of Fenian Raid. Twinges of old wounds and memories of the battle stirred the members of the Veterans' Association yesterday afternoon, as they gathered to commemorate the Fenian Raid and the field-day at Ridgeway forty-one years before. About eighty met in Riverdale Park, under the presidency of Lieut. J. K. Marshall. Among the past presidents who were given command of sections when the company proceeded to decorate the graves in the Necropolis and at St. James' were: Capt. W. Fahey, Capt. George Musson, David Creighton, T. R. Whiteside, W. M. Miller and J. T. Hornbrook. Walter H. Bright followed later. Charles Winter, Deer Park, who received a terrible wound in the engagement, and Prof. James G. McLaughlin, who were present, and Mark Bush of the Meaford Rifles was another old soldier present. The men are wonderfully hale for their years, averaging nearer 70 than 60, and they marched steadily from the one cemetery to the other.

In the Necropolis are interred Ensign Malcolm McEachern, No. 5 Company; Sergt. Hugh Matheson, No. 2 Company, and Private William Fairbanks, Company, No. 9 Company, all of the Queen's Own. Each grave was decorated with crosses and flags. The graves of the Canadian Ensign, and a collect was repeated by one of the clergymen.

"We praise Thy Holy Name, O Lord, for all Thy mercies that departed this life in Thy faith and fear, and for Thy servant who departed this life in the discharge of his duty. We beseech Thee to give us grace to follow his good example, that we may be partakers of Thy heavenly Kingdom. Grant this, O merciful Father, for Jesus Christ, His sake. Amen."

At the close of the decorations in the Necropolis the band was sung. Rev. G. I. Taylor, St. Bartholomew's Church, chaplain to the association, and both old comrades in arms, took part in the solemn services.

On Sunday morning Capt. John Ford, William Gibson, secretary, and Charles Brown, standard-bearer, went up to Mount Pleasant and decorated the grave of the late Alexander Muir with flowers and the maple leaves which he had made immortal.

It was Capt. Ford who organized the Chicago company of sixty-eight men in 1866, who came over from Illinois to help protect their native land. Fifty of them were still alive to apply for their land grants recently.
