WATER TEST WAS SUCCESSFUL.

Fire Protective Appliances at Chrisie Brown's Attracted Attention.

The first public test of the working
of protective fire appliances, to be held
to Toronto, took place yesterday. The
large Christie eastern side of the large Christie Brown building, whose frontage extends on Duke-street, from George to Frederick-street, has recently bee equipped with an automatic sprinkler system, while the roof of the temporar, bakeshop to the rear has been fitted up with so-called "jumble heads" designed to spurt forth water like minialine fountains when brought into play. With the object of demonstrating the event attracted quite a gathering, noticeable among those present being a number of prominent local insurance

The trial proved entirely satisfactory.

The system was found to respond in great style to the turning of the spindle set into the outer wall, which released a flood of water drawn by direct water main connection.

The trial proved entirely satisfactory.

. &. H. Railway Intends to Cross

the G.T.R. Right of Way at

Hamilton, July 21.-(Special.)-At the meeting of the finance committee this evening W. T. Jennings, civil engineer, produced the plans of the Toronto and Hamilton Railway, showing the proposed route from Toronto to the Niagara frontier. The plans showed that the company intended to cross the beach on the G. T. R. right-ofway. In fact it will run to Stony Creek on the G. T. R. spur. He said that terms were being agreed upon by Miss Rae Petrie, Aged 17, Showed the two companies. Mr. Jennings stated that the company would doublerack the beach, give an hour service and would operate their cars at high rate of speed. He also stated that it was the company's intention to build a loop right into the city and that they would handle freight as well as passengers. Chairman Biggar assured him that the city would offer no obtained in the city would offer no obtained in the company came to terms. imperilled canoeists in the lake on jection if the company came to terms with the G. T. R. But definite action was postponed until the city engineer goes over the ground. The H. G. and B. and Street Railway officials told their troubles to the committee and

To Go to England.

This evening the members of the parks board granted the secretary, A. R. Kappele, leave of absence during August and September to go to the old country with the remains of the late John Kenrick. The meeting was called to arrange a new system of paying the men. Foreman Duncan, one of the most honest and faithful employes the city ever had, took 36 cents out of one of his men's pay envelopes to pay for some tools for the parks. The members told him that this was a serious error in judgment, but nothing worse.

Youthful appearance would not make her past 17—a splendid type of an unself, active young Canadian girl.

The incident occurred on the lake shore about opposite Clandeboys-avenue. Miss Petrie was strolling along the beach when she heard calls for help from three persons who were clinging to an upturned canoe.

"There were many people along the waterfront, among others, four men, two of them islanders, near a canoe hauled up on the sands; no one seem-ed to offer to go, of I resoived to attempt it myself.

for \$91,423.30 local improvement debentures was accepted and the price offered was \$90,418.11.

Alien Labor Act Enforced.

The first conviction under the Canadian Alien Labor Act in this district was secured in the police court this morning when J. Amberg. a Dundas contracting tailor, was found guilty of importing a couple of Russian Jews from New York. George S. Lynch-Staunton, K.C., who conducted the prosecution, said he would be satisfied if the defendant was allowed to go on deferred sentence on payment of all the costs and the complainant's counsel's fees.

Alien Labor Act in this district was reduced to go with me. I do not blame the boy," continued Miss Rae, "he is not a swimmer and not used to a canoe.

"The water was slightly choppy, and when we reached the scene of the mishap the gentleman, Mr. Murdock, was supporting Miss Cosgrave, while the other lady, Miss Kidner, had gone down once.

"Meanwhile Miss Cosgrave's sister, seeing the accident, put out in a

strong under current.

Mr. Smith came from England about ten years ago, his parents residing in London. For some time he was iay helper at St. Cyprian's Church here, and some two years ago was appointed lay reader at Minden, where two clergymen and two lay readers administer to the spiritual welfare of a parish of 1000 square miles.

It was his intention to enter the ministry, and but for his untimely death he would have been a candidate at the next year's examinations for deaconate. He was well-known in Bracondale, and in the northwestern part of the city, and in cricketing circles, having been for several years captain of St. Cyprian's Club. He was captain of St. Cyprian's Club. He was ment, yet no contract was made. For the december of the company to the men was an induced to work were hired for \$6 a week.

They restends a tambical and Archie and Archie Cuff are colored they were discharged from their employment with the Allan Mfg. Co., for the other workmen declined to work with them. The men are from Jamaica, and had been in communication with the company before coming to Toronto. They were hired for \$6 a week.

They restends the work was an induce and have been a candidate at the next year's examinations for deaconate. He was well-known in Bracondale, and in the northwestern part of the city, and in cricketing circles, having been for several years captain of St. Cyprian's Club. He was ment, yet no contract was made. For the An Unpleasant Experience.

Judge Morson held that the letter from the company to the men was an inducement, yet no contract was made. For the defence it was claimed that the plaintiffs had come in the knowledge that their color would debar them from taking a position. The judge expressed his sympathy, but could give judgment for one week's salary only and the costs of the action. BANQUET TO DRUMMOND.
