

A GREATER TORONTO—THE WORLD'S SPECIAL EDITION.

With a view to the building up of a greater Toronto, and giving publicity to the splendid commercial advantages which this city offers, The World will publish, about the middle of August, a special edition, known as the "500,000 Population and Industrial Edition of The Toronto World." We believe that the time is opportune for a special presentation of Toronto's claims, and that the presentation will result in much benefit and a lasting increase to her material prosperity.

A special staff of writers has been engaged to take care of this work. Special articles will be prepared on Toronto from a commercial point of view, banking, insurance, brokers and mining, manufacturing, real estate, building interests, wholesale and retail trade, transportation facilities (rail and water), hotels, public amusement resorts, the theatres, bench and bar, educational advantages, universities and schools, churches, and scenic attractions, parks, etc.

The edition will be handsomely printed, illustrated and especially designed to direct attention to the resources and opportunities, industries, commerce, shipping facilities and many other advantages of this city. The matter will be clear and concise in style, and no labor or expense will be spared to make this edition representative of a Greater Toronto.

ABOLISH WEEDS.

Galt Council Order Police to See That All Are Cut.

GALT, July 23.—(Special).—The police to-day, acting under peremptory orders of the council, entered on a vigorous enforcement of the bylaw providing for the destruction of weeds within municipalities.

All citizens, whether of high or low degree, who are offenders against the bylaw, have been notified to cut the obnoxious vegetation forthwith or else the work will be done for them by the corporation road gang and charged up against the property.

A good deal of feeling has been aroused by the sudden and determined action taken.

GRAND JURY'S BUSY DAY.

Twenty-Nine Mail Order Firms Indicted for Alleged Fraud.

CHICAGO, July 23.—The federal grand jury to-day adjourned after having returned indictments against 29 mail order houses, whose alleged illegal profits are said to have been between four and five millions of dollars. The charge is using the mails to defraud.

The jury also returned twenty-eight indictments in the crusade against the "white slave" traffic, and ten indictments against the Illinois Central and Rock Island roads for issuing passes to fruit shippers.

WANT TO ENTERTAIN BOBS.

KINGSTON, July 23.—Mayor Ross has written to Earl Roberts inviting him to visit Kingston on his return from Toronto and Hamilton. The mayor in the communication recited historical and military reasons why he should see the Limestone City.

Two Years for Forgery. Charles Stanton was sentenced to two years less one day in the Central for forgery by Magistrate Kingsford in the police court yesterday. Stanton forged the name of J. L. Bright to two cheques on which he obtained a gold-filled watch, a fountain pen and a gold pin from S. M. Grossman. Then, on the 19th, he used T. J. Edwards' name on a cheque for \$80, and two days later he obtained \$18 in the same manner.

Where's Harry Chapman? Harry Chapman, a painter, who, fifteen or twenty years ago lived on King-street, is being sought for by Mrs. Mary Kiegan of Oakland, California. She has written Chief of Police O'Connell to aid in the search. He had a daughter Ada, but the directories from sixteen years back fail to give any light on either of them.

To Visit Ottawa. OTTAWA, July 23.—Earl Roberts will visit the capital on Aug. 4.

HORSE ATTACKS CHILD FACE BADLY MANGLED

Little Girl is Victim of a Terribly Painful Accident in Oxford County.

WOODSTOCK, July 23.—(Special).—Little Miss Rogers, who lives with her mother on the farm of E. W. Lick, near Swesburg, was terribly injured by a horse which she had gone out into the field to see.

She began petting the animal when the horse suddenly turned upon her, biting and terribly mangling her face.

Her lips and cheek were terribly disfigured. Her upper gum was broken and a couple of teeth knocked out. The child screamed, but did not lose consciousness.

The mother ran to her aid and carried her to the house, where a doctor was hurriedly summoned.

Altho the child is recovering, the child will recover, but will be badly disfigured.

MINIATURE RACE WAR IN LOUISIANA TOWN

Dangerous State of Affairs in Which Firearms Are Playing Prominent Part.

NATABANY, La., July 23.—Daylight to-day found this town divided into two armed camps with race hatred strained to a dangerous pitch.

During last night preparations had been made for a race war of threatening proportions, but the passage of the night without actual fighting is believed to have averted further danger.

One of the hostile camps consisted of Italians and other foreigners gathered beside blazing fires on the outskirts of the town and said to number, including their wives and children, about 50 persons.

The opposing camp was made up of about 75 residents of Natabany under command of Sheriff Seal.

Early last night an Italian came into town and said that the men at this countrymen's camp intended to attack and "wipe out the town" before morning.

At intervals the scouts approached the foreigners' camp fires and reported that excited men were holding continuous debates. Natabany is a lumber mill town and the race trouble is in part the outgrowth of the rough split among mill employees who reside here in an exodus of foreigners from the lumber communities in other parts of the state during the year.

To-day Nick Tassatola, an Italian, rode thru the town on horseback with a shotgun under his arm. He was

chased by a deputy and several citizens for an act likely to cause another outbreak. A clash then ensued and shots were fired. Tassatola escaped during the melee. Shots were also fired at the deputy and his companions from a store nearby. The store was forced open and Chas. Parino, another Italian, was found inside. He was placed under arrest.

No further trouble is expected.
