The meetings are held every fortnight, on Saturday afternoons, at 3 o'clock, and are open to all children. Songs and recitations are given by the children, and an address delivered by some friend of the cause. After the opening responsive service, a black-board lesson is given by the chairman.

Through the kindness of Mr. Lloyd, of Wycliffe College, a magic lantern entertainment was provided for the children on Monday, March 31st.

THE CATHEDRAL HOME.

This Institution is as yet of a very simple kind. The Rector being conscious of the helplessness and discomfort of many of our aged Pensioners, at the beginning of last winter rented the house 34 Sherbourne Street. Six of our aged people were removed there. One was placed in charge of the premises. A comfortable hall stove was purchased, coal laid in, a room allotted to each, and a large room on the first floor reserved for Divine Service, and for weekly Cottage Meetings. The Home on this limited scale has been a great success. Its inmates are very sensible of the greater comfort enjoyed therein, and the facilities afforded the Clergy at all times to visit them and know their condition. A Sunday afternoon service for those unable to attend the Cathedral is held in the Home, with monthly Communion, by the Rev. R. Greene. A Cottage Meeting is held every Tuesday Evening. The Home is regularly visited by the Clergy, by Mr. Beatty, and by some of the district visitors. The inmates are comfortable and happy, and the Home is so managed that the cost to the Parish has not been thereby increased. It is hoped that the adjoining house may be rented at May, and the remainder of our aged pensioners gathered into it. Thanks are due to a member of the Cathedral by whose liberality coal was provided, and the Home well heated during winter. The inmates were provided with dinner together at Christmas, and tea at Easter.
