\$350,000 FOR SYRIANS Washington, Nov. 7.—Red Cross Headquarters estimate that nearly \$350,000 has been raised so far for relief of Syrian and Armenian war sufferers as the result of President Wilson's proclamation setting aside Oct. 21 and 22 as special days for contributions. The last official counting on Oct. 21 showed \$225,000 on hand and about \$85,000 a day coming in.

Purchase of supplies to be carried by an American naval collier, which after complicated negotiations with the various foreign governments concerned, will sail for Beirut about Dec. 10, is well under way. The supplies will be distributed chiefly in Syria, where had crops, a locust plague, requisitioning by the Turks, and the shutting off of the country, by rail and sea, because of war conditions, have brought 100,000 people near starvation.

The coast will be about \$250,000, and the balance raised above that will be sent in credit to Americans in Constantinople for relief among Armenians who can be reached only in that way.

About one-quarter of the cargo space of the collier will be devoted to clothing, particularly plain. The other three-quarters will contain food, particularly crushed wheat, now being especially ground as the Syrians use it; cottonseed oil, which is used instead of lard; flour, rice, sugar, coffee, condensed milk, and kerosene.

The collier, which will be either the Casco or the Sterling, will start loading at New York about Dec. 1. She will need a month to make the voyage.

Was Completely Laid Up With Severe Case of Piles

Sworn Statement From a Man Who Has Unbounded Confidence in Dr. Chase's Ointment

There is no longer any debate as to the best treatment for itching, bleeding or protruding piles. But since about one person in every four suffers more or less from this annoying ailment it is necessary to keep on telling people about Dr. Chase's Ointment.

Mr. Wm. Shaw, Island Brook, Que., writes: "I am writing this to let you know the benefit I have derived from your Ointment. I have suffered more or less for years with protruding piles, and last winter I got so bad I was completely laid up with them. I went to our local storekeeper and asked him if he had anything that was good for piles, and he recommended Dr. Chase's Ointment. I purchased a box and took it home and used it according to directions and for over one year I have not been troubled with piles. I had tried other remedies before but they only gave me temporary relief and that one box of Dr. Chase's Ointment did more for me than
