The Hawks came back in the second string and won by the narrow margin of three pins. For the Hawks, J. L. and Downing were in the nineties and the Swans had McCurdy and Evans in this class.  
The third string found the Swans going well and it finished in their favor by five pins, giving them three points. For the Swans, Magee, Wall and Harrington were in the nineties, and the Hawks had Power in that class.

They are about due for a come-back, though.  
The Swans are away to a fair start, and will probably be heard from quite frequently during the series.  
Tonight's game will be between the Autos and Robins.

**Long Drawn Out.**  
Philadelphia, Pa., Dec. 10.—Louis D. Kreuter of New York last night defeated Jerome Keough, of Rochester, N. Y., 125 to 119, in one of the longest drawn out games of the national pocket billiard tournament in progress here.  
The match went forty-five innings and was anybody's game until the last.  
The winners of the other matches were James Maturo of Denver, who beat Edward I. Ralph of Hightstown, N. J., and

## TELLS DYSPEPTICS WHAT TO EAT

**Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc.**  
Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should be alert of two things.

Either they eat on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness, premature fermentation by the use of a little Bisurated Magnesia at their meals.

There is probably no better, safer or more reliable stomach antacid than Bisurated Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestant. But a teaspoonful of the powder or a couple of live grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal digests naturally and healthfully without need of pepsin pills or artificial digestants.

Get a few ounces of Bisurated Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate and the bisurated form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."

Charles Sebach of Hartford, Conn., who defeated Morris D. Frink of Philadelphia. The Maturo-Ralph match was next to the shortest so far played during the tournament, being completed in fourteen innings. Bennie Allen of Kansas City, defeated J. M. Layton of Columbia, Mo., 123 to 94, in twenty innings.

**FOOTBALL.**  
Cambridge Wins.  
London, Dec. 10.—(Canadian Associated Press)—Cambridge University beat Oxford University seven to five in the first Rugby match between the two teams since 1913.

**ATHLETIC.**  
High School Sports.  
In the high school boys' athletic contest held yesterday afternoon in the Y. M. C. A. the last events of the season were run when the high jump and group relays were held. Four of the high jumpers showed exceptional form, jumping the five foot mark. The high jumpers took the event by clearing the bar at 5ft. 2in. with Wilson only one inch below him. The relay was very close. Tom Robinson's four being the fastest, with R. Pattison's squad just a yard behind, Jones' group getting third place, with Curran and Robertson tying for fourth. The teams finished as follows, each man running two laps: 1st, P. Robinson, F. Pitt, McGee, G. Wilson, 56.4-5s.; 2nd, R. Pattison, C. Potter, H. Johnston, Tansley, 57.1-5s.; 3rd, H. Jones, R. Rockwell, H. Clark, J. Anderson, 57.3-5s.; 4th, W. Curran, H. Williams, H. Hollis, H. Holder, 58s. and 5th, D. Robertson, L. Nice, W. Lee, G. Standers, 58s.

**ACQUATIC.**  
Swimming Event.  
The forty-foot breast stroke swim proved a very close event, in connection with the "Y" High school boys' events, and wound up a good afternoon's sport. Bill Curran proved the fastest, getting credit of 73.4s. H. Comely finished second in 74.5s. and Don Robertson third in 82.4s.

**RING.**  
By Narrow Margin.  
Syracuse, N. Y., Dec. 9.—Rocky Kansas of Buffalo had a slight edge the better of Benny Valgar of New York in a ten round boxing bout here tonight.

**SKATING.**  
To State Champion.  
New York, Dec. 9.—Robert McLean, American ice skating champion, has accepted a challenge from Oscar Matheson of Norway, world's champion, for a match race at Christiania next February. McLean's manager announced this tonight.

**THE RING.**  
Rugged Work.  
Montreal, Dec. 9.—Jack Thomas and Gus Lavigne fought a grueling bout here last night. The contest lasted to toe until the bout was brought to an abrupt finish in the sixth when Thomas was disqualified for fouling.

**WINE OVER BURN.**  
Montreal, Dec. 10.—Edie Summers, a New York featherweight, conceding ten pounds in weight, scored a decisive victory over Joe Burns, local fighter, in the feature bout at the Monument National last night.

**IS A COCKEREL A BIRD OR AN ANIMAL?**  
London, Eng., Dec. 10.—Is a cockerel a bird or an animal?  
This nice problem in natural history was put before Mortlake Petty Sessions when Thomas Kendall, of Barnes, was summoned "for keeping noisy animals, to wit, cockerels."

Sir James Sulmasy (a magistrate): I have yet to learn that a chicken is an animal.  
A police inspector: There is no doubt about it. There have been convictions. One of the magistrates, who is a barrister, said the Protection of Animals Act defined a fowl and a bird as an animal and, therefore, it was common law.

The chairman (Sir Charles Justice Price) (reading from a dictionary) said an animal was described as "a living corporeal being endowed with sensation and voluntary motion." In my opinion, said the chairman a cockerel is so endowed. (Laughter.)

Neighbors said the cockerels crowed continually throughout the night and disturbed their rest.  
A fine of \$5 was imposed.

The Hiraiva Mission Circle entertained the members of the Queen Square Mission Circle in Century Methodist church last night. Miss Faith Henderson, president of the Hiraiva Circle, led the devotional exercises. Refreshments were served under the direction of Miss Pauline Jenkins and Miss Amber Teed. Miss Laura Baxter gave a reading.

## Hugh Duffy Will Manage Toronto Leafs

**Was Spoken of as Manager of St. John Team—Has Good Record**

New York, Dec. 7.—This afternoon Hugh Duffy was appointed manager of the Toronto International League team. Messrs. McCaffrey and Solman returned from Cuba last night, met Hugh Duffy this afternoon, and in half an hour the Boston Irishman was being introduced as the new manager of the Leafs.

The choice of a leader was between Duffy and Larry Doyle of the Giants. Duffy got the preference largely because of his superior managerial experience. Anyway, McGraw was loath to allow his star to go to a minor league. Doyle has given the New York manager long and faithful service, and it is believed that there is something better than a Class AA berth in store for the great infielder, whose days as an active player are numbered.

The appointment of Duffy is a radical departure from the policy of the Toronto club in recent years. Playing managers have been in demand at the Island Stadium, but the experiences the club had with Howley, Gibson, et al., have "cured" the Toronto owners.

(Boston Globe.)  
The International League is fortunate to get Hugh Duffy back in the fold. Some years ago he was manager at Providence, and his wide experience as manager includes teams in Milwaukee, Philadelphia, Chicago and Portland. Hosts of friends will wish Hugh well as manager of the Maple Leafs, and President McCaffrey is anxious to get Sir Hugh into line.

## Carpentier Will Meet Anybody

**Says He Is Not Going to Pack Away His Gloves—Is Ready For Dempsey**

London, Dec. 8.—Georges Carpentier, the French boxer, is not going to pack away his gloves until his next championship fight.  
"I am going to keep on fighting until the fight with Dempsey is arranged. I am not going into 'set backs' or exhibition affairs. They'll be real bouts with any heavyweight that wants to meet me."

Regarding his proposed fight with Dempsey, the French champion said: "I will meet Dempsey right away, in the place that offers me the most money. It will be the hardest fight I ever had. It will not be like the Dempsey-Wilson affair or my fight with Beckett. It will cover a longer route and I am sure that I will not expose myself recklessly and allow him to get across an easy knockout blow."

**Has No Mascot.**  
When the polo-aviator prepared his luggage for his return to France it was noted he carried no mascot. "I am not superstitious. I have no mascot," he said. "Before I went in the ring, Guss Wilson, my trainer, slipped a four-leaf clover under my belt, but I didn't know it until after the fight."

Carpentier's advisers have let it be known that the fight will be staged in New York or some other big American city. They regard Carpentier's offer of \$140,000 as insignificant. There is a bare possibility that the scrap might be held in Pershing Stadium near Paris.

Manager Descamps in favor of America points out there would be a better chance of getting \$200 a seat in the United States than it would be to get 500 francs in France and 12 pounds in England.

Carpentier said he would not agree to a fight of less than twenty rounds, but prefers a fight to a finish.

## "MOONEY" GIBSON IS LIKELY CHOICE TO LEAD PIRATES

New York, Dec. 7.—The appointment of George Gibson as manager of the Pittsburgh National League team is now accepted in Heydler League circles as a foregone conclusion. The official announcement of his appointment is expected to be made here this week before the National League meeting adjourns.

Almost immediately after the disbandment of the Toronto team last season Gibson went to Pittsburgh, where he was in conference with President Barney Dreyfuss of the Pirates for several days. The pair then motored from Pittsburgh to Cincinnati for the world series games. Dreyfuss was quite prominent at the big set, but the former Toronto manager remained more or less in seclusion, and Dreyfuss was equivocal when interviewed as to the likelihood of Gibson becoming the Pirate manager.

The London boy is a warm favorite in Pittsburgh, where he caught for the Pirates for many seasons. Hugo Bezdek, the former college football star player and coach, will retire from baseball during the winter. He did not meet with striking success as manager of the Buccaneers.

**FRANCE AND VATICAN TO RESUME RELATIONS.**  
Paris, Dec. 10.—(Havas).—According to a dispatch received from Rome, newspapers in Holy See circles assert that it is openly stated that a resumption of diplomatic relations between the Holy See and France is imminent.

**NO SEPARATE TREATY BY ENGLAND AND FRANCE.**  
London, Eng., Dec. 10.—Andrew Bonar Law, the government leader in the House of Commons, informed the House yesterday that no negotiations were proceeding for a separate Anglo-French treaty.

**SCARED TO DEATH.**  
Pottsville, Pa., Dec. 10.—Evidence before City Coroner Henry Dierschell showed that Roy Leib, a veteran of the world war, was practically scared to death when he received a shock of electricity which was insufficient to kill a normal man.

Leib was shell-shocked in France and was much afraid of the electric current against which he had to guard as a lineman of the United Telephone Company. When he came in contact for an instant with a live wire he yelled and, although no burns were found on him, he was unable to recover from the shock.
