There is much excitement in Boston over the action of Father Scully in coercing his parishioners to send their children to the parochial, instead of the public schools.

The Committee of the congregation appointed to represent the case to Archbishop Williams yesterday reported that the Archbishop was in entire accord with Father Scully. Father Scully insists that every parent who sends his children to the public school is practically excommunicated.

By universal accord AYER'S CATHARTIC Pills are the best of all purgatives for family use. They are the product of long, laborious, and successful chemical investigation, and their extensive use, by Physicians in their practice, and by all civilized nations, proves them the best and most effectual purgative Pill that medical science has devised. Being purely vegetable no harm can arise from their use. In intrinsic value and curative powers no other Pills can be compared with them, and every person, knowing their virtues, will employ them, when needed. They keep the system in perfect order, and maintain in health the action of the whole machinery of life. Mild, searching and effectual, they are specially adapted to the needs of the digestive apparatus, derangement of which they prevent and cure, it timely taken. They are the best and safest physic to employ for children and weak and delicate constitutions, where a mild, but effectual cathartic is required.

MANHOOD. We have recently published a new edition of DR. CULVERWELL'S CELEBRATED ESSAY of the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments to Marriage, etc. resulting from a cold in a sealed envelope, only 6 cents, or two postage stamps.

The celebrated author in this admirable Essay clearly demonstrates, from thirty years successful practice, that alarming consequences may be radically cured, without the dangerous use of late medical medicine or the application of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.
