

3. COURSE OF STUDY.

N.B.—The subjoined Course of Study has been designed, and all instruction in it is given, with express reference to the work of teaching.

1. ELEMENTARY SCHOOL CLASS, STUDYING FOR THE ELEMENTARY SCHOOL DIPLOMA.

With the view of accommodating teachers who may be unable to enter at the commencement of the Session, and whose previous education may enable them to enter at a more advanced period, the course of study in this class is divided into terms, as follows:—

FIRST TERM, from September 3rd to December 21st.

(Entrance examination as stated above.)

English.—The structure of sentences. Orthography and orthoepy. Penmanship. The study of Macaulay's Essay on Milton.

Geography.—General view. Shape and size of the earth. Zones, parallels of latitude, and meridians. Continents and oceans.

History.—Outline of General and of Sacred History.

Arithmetic.—Simple and Compound rules, Properties of Numbers, Scales of Notation. Text-Book: Sangster's Arithmetic.

Algebra.—The Elementary rules as in Todhunter's Algebra.

Geometry.—First Book of Euclid.

Art of Teaching.—The Physical nature of children as related to Education.

French.—Brachet's Elementary French Grammar, Easy Reading and Translation. Text-Books: Brachet's Elementary French Grammar; Darey, Lectures Françaises, Dominion Phrase Book.

Natural History.—Botany, as in Gray's Text-Book.

Reading and Elocution.

Drawing.—Elements and simple outlines.

Music.—Vocal Music with Part Songs.

SECOND TERM, January 4th to April 1st.

(Pupils entering at the commencement of this term will be expected to pass a satisfactory examination in the subjects of the previous term.)

English.—Structure of words. Etymology and derivation. Study of Milton's *L'Allegro* and *Il Penseroso*.

Geography.—Contour, elevations, river systems, political divisions and chief cities of America.

History.—England.
