RUSSIAN REPORT OF NEGOTIATIONS

CONCESSIONS MADE BY THE JAPANESE

Tokio Papers on the Conditions of Peace-Protests Received by Premier.

St. Petersburg, Aug. 31.-The government has issued the following commu-nication explaining the course of the

peace negotiations: In the month of June the Emperor consented to accept the proposition of sible for the two plenipotentiaries to determine conditions of peace. This important mission was entrusted to M. home on September 12th. Witte and Baron de Rosen, who received full powers, by virtue of which they could, in the event of the acceptability

Japanese Proposals proceed to the conclusion of a treaty of Japanese government indicates that peace. It was mutually agreed that the there is no immediate intention to issue negotiations should take place in Am-

ed at Portsmouth on August 9th. At second sitting the Japanese plenipotentiaries presented the conditions of the licaton until a signed convertible to the conditions of the licaton until a signed convertible to the conditions of the licaton until a signed convertible to the licaton

wording of the other conditions was in-terpretable as a detriment to Russian in-papers. terests, M. Witte proposed a detailed dison of each point separately.

the conclusion that an agreement was the agitation for a representative govunattainable on four points, whereupon the Japanese plenipotentiaries declared their willingness to ask for supplemen-tary instructions with the view of finding a conciliatory outcome to the Serious Difficulties

that had arisen. After communicating with Tokio, the Japanese plenipoten-tiaries intimated that they renounced, the question of the limitation of Russian naval force in the Far East, and of the interned warships; but they con-tinued to demand the cession of the island of Sakhalien, and especially the pay-

ment of an indemnity.

"In accordance with the instructions they had received, the Russian plenipotentiaries positively rejected these de-mands, declaring that they could not continue the discussion of the terms if the Japanese insisted on the payment of the expenses of the war.
**Taking into consideration that such

a state of negotiations could only lead to rupture, President Roosevelt decided to address himself to the Emperor, through Ambassador Meyer, appealing to and asking that he consent to accept a new Japanese proposal, in order to avoid further bloodshed. This proposal was that Russia, in view of the actual Position of Sakhalien,

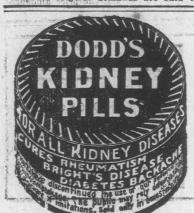

on account of the Japanese descent on the island, agree to cede to Japan the southern part belonging to her, the other part to be returned to Russia in consideration of the payment of 1,200,000,000 (about \$600,000,000).

"In expressing to President Roosevelt his gratitude for the efforts made in re-storing peace, His Majesty said he could not find it possible to accept the afore-mentioned proposals, which were de facto equivalent to the payment of an indemnity. The Japanese plenipotentiaries were informed of His Majesty's decision by the Russian plenipotentiaries, and they announced at the sitting of August 21st that according to instructions of their government Japan renounced her demand for the reimbursement of the expenses of the war, but ad hered to her claim for the southern part of Sakhalien, and not to make military preparations therein."

WILL ARRANGE TERMS OF ARMISTICE.

through Baron Komura, has agreed to the immediate conclusion of an armistice. At 11 o'clock M. Takahira went to Baron Rosen and explained that Baron for an armistice, M. Witte supposed to Komura had received instructions to arrange terms of an armistice. Baron Roser immediately communicated with while his government was ready to con-

TURBINE STEAMER ASHORE.

Allan Liner Victorian Aground Thirty Miles Above Quebec.

Monteral, Sept. 1 .- The Allan line royal mail steamship Victorian, one of the new turbines, with 350 passengers general cargo and the mails for Great Britain, ran aground at Cape Charles, 120 miles below here and about 30 miles above Quebec, at noon to-day. The men had been steaming slowly in a thick fog, rendered thicker by dense smoke from

forest fires on shore. The Allans have been informed that there is 19 feet of water in the forward hold of the steamer, and that she is hard aground forward, with her stern pro All available wrecking appliances at Quebec had been dispatched early in the day to Crane Island, 50 miles below Quebec, to the assistance of the Leyland liner Virginian, which went aground there at 3 o'clock this morning while bound for this port with 3,000 tons of general cargo from Antwerp. This neessitated the sending of wreckers from

this port. Tugs and lighters left here at 4 o'clock and are due at the steamer's side about midnight. The Allans have an-nounced that the transfer of the mails will be left entirely to the post office de-partment, and officials there have not yet

lecided upon what action to take. The passengers of the stranded liner are quite comfortable and in no danger. They will be given the option of remain ing over at the line's expense until the Allan liner Bayarian sails from here next Friday, or having their passage money refunded. Strenuous efforts will be made to have the liner off as soon as

Word has been received here that the Victorian is blocking the ship channel. The Dominion liner Kensington, for Liverpool, is sailing to-morrow morning, and there are a number of freight steamers to leave. The government tug Fron-tenac will proceed to the scene of the grounding and wire directions to out going liners. Meantime all outward bound vessels will anchor at Batican, above Cape Charles.

SINGULAR SIGHT.

Kittery Point, Maine, Sept. 2.-A phenomenon which is attributed by many persons to the recent earthquakes in Maine and New Hampshire, was observed on the beach directly in front of a local summer hotel during last night. When the tide was half way in a brilliant white light, covering the whole patriotic songs were sung and beach, use from the sand to a height, see delivered by leading persons. of about six inches. At the same time a strong sulphurous odor was emitted from the same locality, it being so offensive that it was necessary to close tightly all doors and windows in the hotel. The light and odor lasted about two hours, disappearing with the full tide.

Agony After Eating

DR. WILLIAMS' PINK PILLS CURE THE WORST CASES OF INDIGESTION.

"I suffered so much with indigestion

the Russian empire, and that the sus- trouble had vanished and I was once p.cious cases found in certain districts more enjoying good health, and I have were, as bacterological investigation showed, not Asiatic cholera. "Where then," says the paper, "did the Asiatic cholera now in West Prussia come blood that brings tone and strength to the stomach. Kearly all the common are due to had blood, and when ailments are due to bad blood, and when the bad blood is turned into good blood by Dr. Williams' Pink Pills, the trouble disappears. That is why these pills cure anaemia, dizziness, heart palpita-tion, general debility, kidney trouble,
