TERMINATED FATALLY.

The Victim of Yesterday's Accident Dead.

J. Brooks Sutherland Passed Peacefully Away Last Night, in Chipman Memorial Hospital.

(Special to the Star). ST. STEPHEN, N. B., Aug. 6.—This community is depressed today by the fatal termination of the gunning accident, of which J. Brooks Sutherland was the victim, yesterday morning. His death occurred at Chipman Memorial Hospital last evening. The funeral will be held on Saturday afternoon under the auspices of Victoria Lodge, No. 28, F. and A. M., of Milltown, of which deceased was worshipful master.

TO HIS DAUGHTER'S BEDSIDE

Henry E. Lowe Rushing Across the Continent But is Already Too Late.

CHICAGO, Aug. 6.—To the sick bedside of his young daughter, reported dying in Los Angeles, California, Henry E. Lowe, of New York, chief engineer of the United States Steel Corporation, is rushing across the western prairies on a \$40,000 special train that promises to beat all train continental records. Mr. Lowe left New York on Tuesday afternoon at 10 o'clock, and is due in Los Angeles at 11 o'clock Friday evening, making his total time for the trip from sea to sea three days and nine hours. Telegraphic messages have been sent that relays of locomotives be prepared and that Mr. Lowe's train be given the right of way.

WANT PIUS TO HELP.

Colorado Negroes Ask His Good Offices in the Prevention of Outrages.

COLORADO SPRING, Aug. 6.—At a session of the convention of the Western Negro Editors' Association here, a memorial to Pius X. was adopted. It says: "Since there are so many Catholics among the negroes of the United States, who, in common with others of their race, are subjected to unparalleled outrages upon the slightest provocation, involving the innocent as well as the guilty, we urge His Holiness to use his good offices among the Catholics of this country to preserve friendly relations between the races and to break down the spirit of unfairness so prevalent among the labor unions, composed in a great measure of Catholics, who in many instances, deprive the negro of an opportunity to earn an honest living."

FAST RUNNING.

The World's Record Has Been Lowered by a Seattle Man.

SEATTLE, Wash., Aug. 6.—The world's running record for 3 1/2 furlongs has been cut one-quarter of a second by Olema, who ran the distance in 41 1/4 at the Meadows. The new record was made in the third race, in which Judge Thomas, the world's record quarter horse, was one of the starters. Olema is by Blivado, out of Lightnings, and made her initial appearance on a recognized track at the Meadows in June last. She is owned by W. F. Robb, of this city.

LAWYER AND MASON.

BRIDGEPORT, Conn., Aug. 6.—Jan. 1, Wilson, a prominent lawyer, died last night of Bright's disease. He was born in New York in 1837, where he practiced law many years. He was one of the brightest men in Masonic circles.

AND STILL THEY COME.

LONDON, Aug. 4.—Every second cabin berth on steamers leaving for Canada are engaged right up till September. Those unable to obtain passage direct are going to Canada via New York.

LONDON, Aug. 4.—The Canadian emigration office has not received a single letter of complaint from the Barr colony emigrants. Those published in the newspapers bear no names.

ROAST MUTTON.

LOUISVILLE, Ky., Aug. 5.—Fire caused by lightning this evening destroyed the Bourbon stock yards and two buildings adjoining. Four hundred and fifty head of sheep were burned. The loss is about \$250,000, with insurance one-half. Captain Dittman and pipeman Moore were injured by falling bricks and timbers.

LATEST SENSATIONAL STORY FROM ROME.

Report to the Effect That Emperor Francis Joseph Exercised His Veto Against Cardinal Rampolla.

ROME has lately been surfeited with Vatican functions, but that of this morning was so striking that it held its own with the others. The members of the Sacred College held a kind of informal reception, the conclave, short as it was, having brought them cordially together. A procession was then formed. First came the Swiss guards, which gives a peculiar medieval splendor to all papal gatherings, then the palatine guard followed in irregular ranks by the whole pontifical court, in its multi-form and multi-colored costumes, the cardinals in all the gorgeousness of their scarlet robes and the bishops, scarcely less striking in their purple.

PACIFIC COAST FISHERIES.

It is Said that Canadians Are Anxious to Have the Trouble Settled.

SEATTLE, Wash., Aug. 6.—As a direct result of the treaty department's recent ruling permitting American salmon packers to recover a draw-back of the duties paid on foreign fish caught for export, the Canadian packers have sought a truce in the warfare going on near the border. A conference has been held here between J. A. Trussell, of Vancouver, B. C., and T. B. McGowan, of the Pacific Packing Company and it was agreed that the Canadians would cease fishing in American waters and buying American fish and lines. So far as the salmon combine is concerned Americans will keep out of Canadian waters. The Canadians for years have encouraged fishing in American waters for the canneries, but the duty on salmon prevented retaliation by the Americans. With the draw-back allowed by the treaty the Americans were put in a position to retaliate.

ROBERT EMMETT'S BODY.

The Grave Supposed to Contain It was Re-opened, But Question is Still Doubtful.

DUBLIN, Aug. 6.—At the instigation of Dr. Robert Emmett, of New York, an examination was made yesterday of the grave supposed to be that of the patriot, Emmett. A skeleton was found, said to be a man six feet high, whereas Emmett was only four feet seven inches. A curious circumstance in connection with the examination was that the skull, instead of being found lying prone and attached to the trunk, was in an upright position which, as Emmett was a bearded man, may strengthen the theory that the remains were his. But the matter is still regarded as doubtful.

TWO NEGROES DEAD.

Killed in a Boiler Explosion and Not Lynched as Might be Supposed.

TUSCOLOSS, Ala., Aug. 6.—The boiler of the Tuscaloosa Light and Power Co. exploded last night, killing two negroes, severely injuring Manager McGhee and Engineer Crawford, and wrecking the plant. The city is in darkness. The boiler was carried, two blocks, passing through three brick walls and landing in a department store, 500 feet away.

NO COAL AT CALAIS.

CALAIS, Me., Aug. 5.—The report of the two geologists of the U. S. geological survey, Messrs. David White and Geo. Otis Smith, on their examination of the region about Ferry and Fombroke, for the purpose of determining whether coal exists in commercial quantities, was made today. The report shows that the earth to a considerable depth contained no such deposits.

BODY HANGING TO A TREE.

Was Seen by Conductor Johnson This Morning.

When his Train Passed Rooth Station, a Little Over Ten Miles West of Fredericton Junction.

Passengers on the Montreal express this morning were horrified at the sight of the lifeless body of a man hanging on the limb of a tree just past Rooth station. Rooth station is 103 miles west of Fredericton Junction. It is a small lonely settlement, their being only a few buildings besides the station house. There was quite a heavy wind blowing and the tree swayed to and fro, at times almost throwing the body to the ground. Women in the car screamed at the terrible sight, and cool-headed men set themselves to thinking out the cause of the curious incident. All the way down men gathered in the car aisles discussing the affair.

THE WORLD OF FINANCE.

NEW YORK, Aug. 6.—Wall street sentiment in Wall street was strung to a high tension this morning and the opening quotations were awaited with apprehension. They showed that protective measures had been taken to avoid demoralization and many of the prominent leading stocks were lifted a fraction. At other points, however, there were violent breaks, especially in the specialties, and some of the market leaders were under severe pressure. Such stocks as St. Paul, Southern Pac., N. Y. C., Penna., Southern Ry., Erie and Ills. Central showed the effect of supporting orders and rose a fraction. Mo. Pac. opened unchanged, but relapsed a point. Chicago North Western dropped 4. Wheeling and Lake Erie second preferred 1-2. Continental Tobacco preferred, 2. Brooklyn Trans., 17-8; B. & O., and Metropolitan street Ry., over a point, and Consolidated Gas, Man., General Elec., and Sugar about a point. The dealings in the first few minutes were excited and feverish but the market showed the good effect of supporting orders.

LABOR TROUBLES IN FRANCE.

PARIS, Aug. 6.—The morning papers report serious riots in progress at L'Orient, on the coast of Brittany, where labor troubles have been brewing for several days. Last night the rioters assembled in the Place Alsace-Lorraine and attacked the military club over the grand cafe. They also stoned and broke shop windows. The military was called out but the rioters put out street lamps and erected barricades. The cavalry charged, the troops losing their tempers, riding down the mob, striking men with the flat of their swords. It seems probable that the rioting will continue throughout the night. The crowds show no sign of dispersing. At midnight they were marching to attack the Prefecture.

WILL SEND MORE TROOPS.

CONSTANTINOPLE, Aug. 5.—The Porte has abandoned all idea of withdrawing troops from Macedonia and is now making vigorous preparations to draft troops for the disturbed districts. A circular note has been sent out warning the powers of the intention of the Turkish government. The note states that the situation is very serious and although it does not mention Bulgaria, the document is regarded as a menace to the Bulgarian government.

CAPACITY OF NEW C. P. R. SHOPS WILL BE UNRAVELLED.

It is stated that the new C. P. R. shops in the East End, when completed, will be in a position to turn out eighty-two passenger coaches at the one time, thus developing a larger capacity than any similar institution in the world—Montreal Star.
