The Boer Position Was Too Strong and Their Force Too Large for an Attack from the Front.

CHIEVELEY CAMP, Dec. 15, 7.45 p. m. (delayed in transmission.)—A bat-tle was fought on Colenso plain today between the Boers and the British forces under Gen. Buller.

The naval guns opened fire at 5.45 a. m. There was no reply at first. A heavy musketry fire opened from be hind Fort Wylie. The 7th and 14th batteries, under Col. Long, were within 800 yards of the Boer rifle pits. The Boers also opened a shell fire from Groblers Kloof. The British artillery horses were killed and ten guns were left on the ground. Col.' Gen. Hart's brigade, led by a guide, advanced on the left toward the drift. It was met by a shell fire from the two guns and a cross fire from the musketry and compelled to retire. At 7 o'clock firing commenced on th

extreme right, Thornycroft's mounted infantry losing forty-two in killed and wounded. A composite regiment of tal Horse and the Natal Carbineers, under command of Col. Watters, covered their retirement, The South African Light Horse, which was also engaged, suffered neavy losses.

Gen. Hart's brigade, supported by Gen. Lyttleton's, made a second advance, but retired again after a strong reconnaisance, in which the Boers were compelled to show their positions in the hills, where they were en-

The entire force then retired to Chieveley. There were comparatively few men killed. Thorough estimate places the number of wounded at 400. All branches of the British force behaved well and showed rare coolness. The whole story can be summarized by saying that the Boers' position was too strong and their force too large for an attack from the front. Wherever the bullets and shells were thickest there Gen. Buller was to be found. Capt. Boyce, of Gen. Clery's staff, had his horse willed, but escapea injury himself. Major Ellisson's horse was shot in the hind leg. Capt. Mc-Namara, an aide-de-camp to Gen. Clery, had his horse killed, and a bullet went through his helmet. Dr. Hughes, General Buller's staff surgeon, was killed. Capt. Roberts,

CHIEVELEY CAMP, Natal, Dec. 18 -The relief column continued its advance from Chieveley early this mormirg, intending to assail the Boer posttions, which were thought to be very strong to the westward and northwest of Colenso. During the two preceding days the Boers had allowed themselves to be bombarded without condescending to reply with a single They further gave half an hour's opening this morning with ar exchange, when, suddenly, they belch-ed out a stream of fire from all their entreachments, besides opening a fearful cannonade with all their quick firers, field and siege guns, which were posted from end to end of their posi tion. When their presence and actual position had been determined, the British naval brigade commenced shelling all the ridges north of the town with marvellous accuracy. At this time the artillery attached to General Hart's division was busy among the entrenchments on the hills, on the British left, under cover of which the Irish infantry brigade marched out in extended order to cross the river and attack. Undoubtedly aiming at this battery, the Boers sent several shells near the ambulance train, which was forced to change its position.

#### ENROLLMENT OF VOLUNTEERS.

LONDON, Dec. 19 .-- The war office has issued the particulars of the enrollment of volunteers. The mounted infantry will be named the imperial yeomanry. The term of enlistment duration of the war. The men will be drawn from the existing yeomanry, into which others possessing riding and shooting qualifications may be drafted for the occasion. Each man will provide his own horse, clothing, saddlery and accoutrements, the govmaking a capitation grant therefor and supplying arms and camp equipment. The pay will be at caval-

Regarding the infantry, volunteer companies will be raised for attach-ment to each battalion of regulars serving in or ordered to South Africa, with a corresponding reserve company at home. The terms of enlistment will be the same of veomanry.

The volunteering enthusiasm continues everywhere. It is remarkably strong in Scotland. A colonel in Edinburgh says he could lead a thousand men out of that city in a week. Among the prominent volunteers are the Earl of Dudley and Lord Arthur Grosvenor on of the Duke of Westminster.

## COMPLETE DEAD LOCK.

LONDON, Dec. 19.-A despatch to the Times from Modder River, under date of Dec. 16, says: "A full moon prevented the use of the searchligh tonight, but Kimberly availed itself of the relapse to send through important despatches." ## GENERAL REVIEW.

#### Government Has at Last Consented to Mobilize a Force of Mounted Infantry.

LONDON, Dec. 20, 4.45 a. m.-The government has at last consented to mobilize a force which General Buller is credited with having demanded all along as an essential of success in Scuth Africa, namely 10,000 nounted infantry. This morning the war office issued an order to the effect that the government had decided to raise for South Africa a mounted infartry force, to be called Imperial Yeomanry, and to be recruited from yeomanry, sclunteers and civilians possessing the requisite qualifications. The lord mayor of London, Alfred

Col. Sir Charles Howard Vincent, commandant of the Queen's Westmin-ster volunteers, has also offered ato raise a regiment of a thousand picked The enthusiasm of volunteer enlist-

The British second-class cruiser Isis convey General Lord Kitchener from Egypt to the Cape. She has been ordered to steam at 16 knots.

Special reports regarding the fighting at the Tugela river are still filter ing through, but all the newspapers complain that these are severely censored, and it is still impossible to get an accurate idea of the battle. From the latest accounts, however, it appears that Gen. Buller was in personal command.

A correspondent of the Associated Press at Chieveley Camp says the Beers excuse themselves for firing on the stretcher bearers by asserting that two squads of the Connaught Rangers took cover under civilians bearers of the Red Cross, and that this act drew the Boer fire, three being killed and several wounded.

Much anxiety is caused by the fact that the war office has not yet received a full list of the casualties at Tugela river.

Statements are published from Boer sources in Brussels and Berlin that President Kruger is willing to con-clude peace on the basis of the status quo, but that otherwise he will call upon the Boers in Cape Colony to join in proclaiming the independen the Cape Territories of Great Britain.

#### CENSORSHIP FRIGHTENED

LONDON, Dec. 20 .-- With the exeption of incomplete censorized accounts of the Colenso action and a few belated items from Modder river, there is no news of the British forces in South Africa. This probably will be the prevailing condition for some come, everything at present tending to corroborate the information conveyed in the Sun's despatches regarding the marking of time by the army for some weeks, or until a new plan of campaign is inaugurated. Moreover, the censorship has clearly further tightened during the last few

## THE SECOND CONTINGENT.

#### Hon. Mr. Tarte Wants the Imperial Government to Pay All Expenses -Plenty Men Available.

OTTAWA, Dec. 19 .- It would appear that the composition of the ar-tillery division as finally decided uponby the militia authorities contemplated the despatch of three field bat teries, constituting a brigade division composed of 18 guns, 21 wagons, 513 volunteers, composed of barristers officers and men and 393 horses. The and solicitors, have likewise tendered scheme, as foreshadowed yesterday, was to utilize "A" and "B" batteries as the nucleus of the volunteer batteries of the contingent. The mobilization would be carried out as fol-

Thus one section of a battery would be the nucleus of the Kingston corps, the other section being brought to Ottawa for similar sive memorial service was held in St. p. rpose. "B" battery would be made Paul's cathedral this afternoon in the nucleus of the Quebec corps. How far this plan will be adhered to has, however, become a matter of conjecture, since the authorization of the cabinet is withheld. As for the cavalry division of four squadrons, it would appear that the scheme of the militia department for its enrollment is also in abeyance. Another offer is said to have come from the Elder-Dempster company of the large freighter Montezuma, the steamer which carried the large consignment of army mules from the United States to South Africa. Major Drury, who is with the Candians in South Africa, will take command of the artillery on its arrival in Cape Town.

OTTAWA, Dec. 19.—The ministers toiled all day and produced nothing. This about announces the result of the ministerial deliberations which lasted until nearly half-past seven o'clock tonight. There were differences of opinion in the cabinet regarding the first contingent. There are worse differences of opinion respecting the sending of the second contingent. It is a lamentable fact that at a time when the country demands prompt action, plcayune con-

ing of the second continued to the second try demands prompt action, pleayune considerations are allowed to interfere with the organization of a force which will do honor to the dominion. There is a minority in the cabinet, headed by Tarte, who are kicking vigorously. The result is paralysis in the work of preparation for the second contingent. The whole trouble is over the pay of the men and the expenses of the expedition.

Sir Wilfrid went to Montreal last night to wrestle with the master of the administration. The pramier went to Montreal again tonight on the same mission. He left the council early for the purpose of taking the train and was rather curt to newspaper men when they asked for news. When the council rose, Hon. Dr. Borden intimated that there was nothing to announce. Other ministers were equally uncommunicative. Meanwhile officials of the militia and mounted police departments are waiting patiently for something to turn up. Tarte, it appears, wants the imperial government to pay all the avenues and there's

waiting patiently for something to turn up. Tarte, it appears, wants the imperial government to pay all the expenses and there's where the difficulty lies.

TORONTO, Dec. 19.—Military officers here are enthusiastic over the decision to send a second contingent to the seat of war. Col. Clarense Denison of the Govenor General's body guard, says 63 troopers and nine officers from the three city squadrons volunteered when the first contingent organized, most of them still available. Capt. Myles of the field battery said all the officers had volunteered, and trained nurses could be found without any trouble to equip the Toronto battery to war strength.

PLENTY TO BE HAD IN THE WEST. WINNIPEG, Dec. 19.—All of the members of the Royal Canadian Dragoons stationed in the barracks here are ready for immediate service in South Africa and hope to be called upon to join the second contingent. A despatch from Moosomin says 1,000 men can be secured in the Northwest Territories. TORONTO, Dec. 19.—At a meeting of the Young Conservative club last night the following resolution was presented and carried unanimously:

"That it is the opinion of the Toronto Conservative club that it is the duty of the dominion government to offer 4,000 men.

HALIFAX, N. S., Dec. 19.—When the first Canadian regiment was being raised, Major Borden, son of the minister of militia, commanding the Kings County Hussars, volunteered for service and stated that many of his troops were ready to follow him. The names of twenty men volunteering for the second contingent have been published here, but Major Borden or his troop of cavariy have not been heard from. Men from this branch of the militia service are the kind now particularly required. branch of the militia service are the kindinow particularly required.

At the annual parade of the 86th Princess Louise Fusiliers for pay tonight, Colonel Weston urged the battallon to pay the utmost attention to drill and recruiting, as it was the history of a soldier's life, and especially in these troublesome times that he might be called for duty any hour. He announced that next year attendance at the camp at Aldershot would be compulsory where it was optional this year. He also stated that classes of instruction for non-commissioned officers and men who desired promotion would be opened in January, and that non-commissioned who did not attend and obtain certificates would have to make way for others. It was found today that it was just as important for non-commissioned to attend class of instruction as for officers.

A PROPER SPIRIT.

TORONTO, Dec. 19.—The council of the Board of Trade today passed a resolution approving of the second contingent and calling upon the government to call a special session of parliament forthwith to provide money for mobilization and equipment in Canada of a still larger force of volunteers to do garrison duty in place of British regular troops, or "perform such other service as may be found most useful during the present crisis, thereby giving expression to Canada's resolution to do her share in maintaining our national position." BIG RUSH ORDER.

HAMILTON, Ont., Dec. 19.—The Sanford Mfg. Co. received from the militia department a large rush order for infantry and artillery ciothing. A large number of cavalry uniforms were recently shipped by this firm and will be used for the second contingent. The order includes 2,500 khaki duck tunics, 1,500 green rifle tunics, aerge jackets and riding breeches. The factory will work overtime and the order be filled within ten days.

> BRITISH RESIDENTS IN BOSTON MEET.

BOSTON, Dec. 19 .- A meeting of the representative British residents in Boston was held this afternoon for the purpose of organizing for the relief of those seriously affected by the war in South Africa. C. Herbert Windeler occupied the chair, and after stating the object of the meeting asked for an expression of opinion. A unanimity of sentiment was manifested that a fund similar to that which has been started in other parts of the country should be begun in New England.

The meeting finally organized under the title of the "British South African patriotic fund." Mr. Windeler was elected president and R. E. Burnett secretary and Fred Warren treasurer. Plans will be devised for the speedy and most effective way of raising money and to enter into cooperation with the officers and mempers of the other British patriotic and fraternal societies. Three Men on Four Wheels is Jerome K. Jerome's rather eccentric title for the series of humorous stories which he has just completed for The Saturday Evening Post, of Philadelphia. Every one who has read Three Men in a Boat—and who has not?—will wish to follow the misadventures of Mr. Jerome and his two companions on their tour through Germany astride a tandem and a safety.
