OTTAWA. Canadians in South Africa Awaiting Transportation Home. Crack Rifle Shots From the Antipodes Will Visit Canada and Shoot Here.

OTTAWA, July 16.—A cable message has been received by the militia department announcing that owing to the lack of accommodation on the transport Ceatrin 34 officers and 235 non-commissioned officers and men of the Canadian Mounted Rifles are remaining in South Africa awaiting transport to Canada.

Canadian products at the exhibition to be held there in 1903. The benighted Englisher does not know what candy is, and when some generous Canadian Santa Claus sends a box of sweets over to England for some little friend the cruel customs officers, fearing dynamite or something else, persistently opens it, and it is supposed samples the packages to the loss of the intended recipient. This is because packages are labelled "candy." The post office department has issued notice that if the customs declarations on the package is marked "confectionery" the parcel will not be opened in England.

Today's mail from Australia brought the regular monthly report from J. E. Larke, Canadian agent. He states that the commonwealth senate has suggested a number of tariff reductions for products which Canada exports to other countries, can supply, such as bacon and hams, butter and cheese, fruits and vegetables, meats and fish, and poultry, etc. These changes do not become operative until accepted by the house of representatives. Mr. Larke says some good orders had gone to Canada in general lines of trade, and he thinks many buyers who have gone to England for the coronation, will, on their return, personally investigate the Canadian market.

LONDON, July 17.—Since his removal to Cowes, the progress of the King has been so rapid that his physicians have ordered a more liberal diet for His Majesty. The date of the review which was erroneously reported to have been fixed for August 11, will depend largely on the condition of His Majesty's health and the effect of the coronation ceremonies upon his general condition. It has been decided that no special missions shall be invited to the coronation, and foreign nations will be represented at Westminster Abbey during the ceremony there by their ambassadors and ministers.

INDIANAPOLIS, July 17.—At the meeting of the United Mine Workers today, President John J. Mitchell strongly opposed the ordering of a sympathetic strike and advocated in its place the following policy: 1. That the treasurer of the order be directed to appropriate \$50,000 for the relief of the anthracite miners. 2. That the unions appropriate for the same purpose as large a sum as they can afford. 3. That an assessment of \$1 per week be levied on all members of unions. 4. That all officers of the national districts drawing a salary of \$30 a month or over contribute 25 per cent. of their salaries. 5. That an appeal be made to all trade unions and citizens generally to aid the cause of the miners.

INDIANAPOLIS, Ind., July 17.—The vice and influence of President Mitchell of the United Mine Workers shall prevail with the members of his organization, there will be no sympathetic strike of the organization. The chances of such a step being taken now are very remote. In his speech at the convention this afternoon, Mr. Mitchell advised strongly against a strike, and urged that the bituminous miners continue to work and that a system of assessment upon the members of the order, which he outlined, be carried into effect. The best means of affording aid and support to the striking anthracite men in the east and west, he recommended, is the recommendation, if it had been adopted by the convention this afternoon, would have settled the entire question for which the convention was called, and an immediate adjournment would have followed.

feel confident that public sentiment will be so concentrated against the arrogant and unreasonable attitude of the anthracite coal operators, that they will be forced to yield and make a settlement. It had been the proud boast of the United Mine Workers that since our organization became a power in the labor world, contracts based solely upon the honor and good faith of our union have been kept inviolate, and in this supreme crisis, a failure to live up to the high standard that has made our union pre-eminent among organizations of labor, would prove a substantiation of all the charges and allegations made against us by our enemies.

The speech was greeted with great applause from both anthracite and bituminous miners. President Ryan of the Illinois miners opened a motion, which was seconded, that the recommendations be adopted. The question was being put when a delegate rose to ask for information, and the debate, which continued until adjournment, was adjourned.

The debate was very earnest on both sides, and was participated in by many representatives of both branches. Those in favor of the recommendation of President Mitchell were in the ratio of three to one compared to those against. An adjournment was then taken until 10 o'clock Friday morning to enable the anthracite men to hold the caucus. At a caucus of the Illinois delegation held tonight it was determined to oppose the recommendation. It was also decided to stand by the recommendations of President Mitchell, with the exception of the one declaring in favor of an assessment of \$1 per week on members of the union.

FREDERICTON. Editor Crockett of the Gleaner Full of Fight. Mr. J. Milligan of the Telegraph to Go Ahead With His Libel Suit as Quickly as Possible.

FREDERICTON, July 17.—This afternoon's Fredericton Gleaner contains the following editorial article, headed "O. J. Milligan's Promise of Libel": The St. John Globe of Tuesday said that "papers were served of Jas. H. Crockett yesterday in a libel suit of the Hon. J. Milligan of the Telegraph. The Globe would imply that Mr. Milligan has commenced action, but such is not the case. He can bring action on Saturday or Monday next, but under the Libel Act of 1891 he must patiently await the lapse of a number of days. He can proceed after five clear days from Monday next, and there will be nothing to prevent his going to trial with all the speed he desires. He may have the case tried at the next sitting of the court, and Mr. Crockett will do all in his power to assist Mr. Milligan to get the case on quickly, and the act will materially assist Mr. Milligan if he is anxious to proceed to business. There will be no substantial reason for delay in the case, and after an action has been commenced, section four of the Libel Act, as follows: "No action shall be tried on a libel contained in any newspaper, unless and until the defendant has been served with a copy of a writ, distinctly specifying the clear days in the case of, for at least five clear days before the trial, and in order to give the defendant an opportunity to make a full answer for such libel, the defendant has been served with a copy of the writ in the same manner as an ordinary writ."

Mr. Crockett does not intend to make an apology. It would not be in the public interest for him to do so. The public interests will be better served by a trial of the case, and an honorable public will be better satisfied if Mr. Milligan will proceed quickly. Geo. W. Allen, K. C., M. P., P. P., has been retained by Mr. Crockett and his instructions are to expedite matters.

DEATH OF A NOVA SCOTIA M. P. P. HALIFAX, July 17.—A special dispatch from Cherry Hill, Bridgewater, states that E. D. Davidson, M. P., P. P., for Lunenburg, died there at one o'clock today. He was stricken with paralysis while at dinner at that place on Tuesday, and never recovered consciousness. Edward Doran Davidson was the second son of Edward D. Davidson, one of the pioneer lumber manufacturers of Nova Scotia, and the founder of the firm of E. D. Davidson & Sons, Ltd. He was 58 years of age and leaves two sons and one daughter, Mrs. Howell of Atlanta, Ga. His first wife was Alma, daughter of Col. Hickman of Dorchester; his second wife, the daughter of the late Dr. Robertson of New Germany. Mr. Davidson was a valued business man and citizen of this community. He was twice elected mayor by acclamation and was elected for a third term. The funeral will probably take place on Sunday.

BELFAST, Me., July 17.—Rev. Harry Lutz was installed pastor of the First Parish, Unitarian Church tonight. He was introduced by Rev. M. Wilson of Brooklyn, N. Y., who was assisted by Rev. W. H. Bunt of Bangor and Rev. W. H. Bunt of Bangor in the special installation exercises.

BRITISH WAR OFFICE. Endorsed By Both Commons and Lords. General Buller's Liberal Advocate Was Not Supported By the M. P.'s—A Promise of Reform Made in the Upper House.

LONDON, July 17.—The Buller controversy was again raised by Sir Edward Grey (liberal), in the house of commons today on the war office vote. Sir Edward charged the war office officials with having acted unfairly towards General Buller and demanded the publication of further papers. Sir Edward's proposed vote of censure of the government for its treatment of General Buller was defeated by 236 votes to 93 votes, after much speech making.

Simultaneously the war office was attacked in the house of lords, where Lord Aswell (liberal), brought up their resolutions contained in the report of the committee of military education, which urged the immediate appointment of an inspector general of education. Lord Lansdowne, the foreign secretary, defended the war office, containing sweeping changes, which in process of being drawn up, which statement satisfied Lord Monckton and his supporters, and the notice of inquiry was withdrawn.

FOURTEEN DROWNED. Fierce Squall Capsized a Pleasure Boat, On Which Were Sixteen of the Help of the Oceanic Hotel, Isle of Shoals.

ISLES OF SHOALS, N. H., July 17.—A fierce squall that suddenly swept off the mainland this afternoon caught and capsized a pleasure boat, in which were 16 of the help of the Oceanic hotel, out on a pleasure trip. Fourteen of the number, two men and twelve women, were drowned, while two women and Fred Miles, who was in charge of the boat, was rescued by fishermen. The names of the drowned are: Henry Farrington, head waiter, of 61 Davenport street, Cambridgeport; W. A. Alward, assistant head waiter, of Fredericton, N. B.; Bertha Graham, 12 Essex street, Danvers, Mass.; Minnie McDonald, 60 Prospect street, Cambridgeport, Mass.; Eva Adams, Portsmouth, N. H.; May Adams, sister of above, Portsmouth, N. H.; Catherine Brown, Saxville, Mass.; Elizabeth Brown, sister of Catherine, Saxville, Mass.; Bessie Chase, 14 Newham street, Malden, Mass.; Anna Sheehan, 71 Auburn street, West Medford, Mass.; Eva Marshall, Haverhill, Mass.; May Marshall, sister of Eva, Haverhill, Mass.; Isabel Kaouska, Cambridge, Mass.; Laura Gilmore, Exeter, N. H. The saved are Alice Haggerty, Lillian Brennahan, Skipper Fred Miles.

The bodies of Farrington, Alward, Bessie Chase, Eva Marshall and Elizabeth Kaouska have not yet been recovered. All the others were taken from the water by fishermen and taken to the island, where they were buried. The bodies of the drowned were recovered for a long time by Doctors Weston of Boston and Richter of Portsmouth, but to no purpose. Farrington and Alward were both saved from the launch hour, but were taken to the hospital, where they died. The party was a jolly one and very little attention was paid to the weather until suddenly the western sky began to darken. At this time the boat was some distance off from the island, but Miles managed to get her round and headed back for the harbor.

But the squall with its mission of death overtook the boat, and catching it some few hundred feet off shore, whirled it over in a twinkling. Every person in the boat was thrown into the water, and then began that frantic struggle which always succeeds such an accident. The three men, all good swimmers, fought heroically to save the lives of the crazed women. But they were all badly handicapped, for the boat, heavily ballasted, immediately sank, leaving them nothing but their own strength to keep up fourteen women. The clutch of four or five women carried down one of the men, and the other soon followed, but Miles, although working hard, managed to keep two of the women away from the others and sustained them until help arrived.

The Daily and Weekly Sun are distributed in all parts of Canada.

DORCHESTER. Death of Edmund Bishop, Inspector of Public Works. DORCHESTER, N. B., July 17.—Edmund Bishop, government inspector of the public works now in course of construction at Cole's Point, and one of Dorchester's best known citizens, died this evening at his residence. He was 63 years old. He leaves a widow and a large family of children. He was prominent Orangeman and was a tenant always at the Baptist. The funeral will take place today, at 10 o'clock, at Taylor's. He leaves two brothers, Brooklynn, N. Y., and Willis, Brooklynn, N. Y.; also one sister, Mrs. Lawrence of Moncton.

A DEEP MYSTERY. BEVERLY, Mass., July 17.—A mystery surrounding the disappearance of William Clark, the 20-year-old son of Henry Clark, who has been missing since noon of June 25, deeper than ever and is as far solution as it was 15 minutes after he was reported to have been seen at Chelsoo Pond, Essex. Bloodhounds and hunters spent all Thursday hunting through the woods, but failed to find anything new. Mr. Clark has given up hopes of ever seeing the boy alive again, but Mrs. Clark believes that the boy is alive and will eventually be returned to his home.

WEALTHY WIDOW. J. Phipps, Jr., Young Harvard Man, Said to Be Her Choice—Fifteen Years Her Junior. NEW YORK, July 13.—Society heard today that after six years of widowhood, Mrs. Adolph Ladenburg, widow of the millionaire head of the Wall street firm of Ladenburg, Thalmann & Co., is again to wed. Her choice, so report says, is J. Phipps, Jr., son of the partner of Andrew Carnegie. Mr. Phipps is one year out of Harvard, and is 15 years Mrs. Ladenburg's junior. The gossip has been connecting the names of the two for several weeks now. Mr. Phipps has taken up his residence at Westbury, near Mrs. Ladenburg's beautiful villa, "The Oaks," and, although he formal announcement of the engagement has not been made, everybody expects it daily. The young man's courtship has been most persistent. Like Mrs. Ladenburg, he is fond of horses and of hunting. When he established himself at the Meadowbrook Hunt Club, he soon won the beautiful widow's admiration for his horsemanship. In 1894 Mr. Ladenburg was lost overboard from the liner Niagara in mid-ocean while returning from a trip to Nassau. He had been in ill health. The theory of suicide was advanced, because Mr. Ladenburg left his cabin at night, stowed only in his clothes. Others insisted that he had accidentally fallen overboard while on deck to get a breath of fresh air. He left several million. All of it went to his wife and daughter. After two years of mourning, Mrs. Ladenburg once more appeared in society. She entertained brilliantly at her town house, 13 East 43rd street, and gave large house parties at her Westbury estate and at her Newport villa. The Phipps family has only recently come to New York from Pittsburgh. Henry Phipps' share of the steel trust stock was \$17,236,000. He is conservatively estimated to be worth \$25,000,000.

DARING BURGLARY. Money Spoken From D. A. Kennedy's Store, King Square. One of the boldest burglaries among the many which have been reported during the past year was committed in David A. Kennedy's dry goods store on the south side of King Square some time Wednesday night. Over twenty dollars in cash and a number of articles of small value were stolen. Yesterday when Mr. Kennedy went to his store to open it, he found that the padlock which had been placed on the outside of the door had been opened and the door had been forced. The other lock, morticed into the door, had been dug out with a chisel and in this way an entrance was obtained. Upon examining the rear of the shop it was found that a door there had also been forced, and it appears that the thief or thieves had first endeavored to procure an entrance in this way. This rear door however did not lead into the shop but only to a blind passageway in which some goods were kept. After obtaining an entrance through the front door the burglar went to the office, and forcing the cover of a desk, stole between twenty and twenty-five dollars in cash which was there. Mr. Kennedy had but recently returned from a pleasure trip and his dress suit case containing clothing, etc., was lying in the office, locked. The back of this case was cut out with a knife and the contents examined, a shaving mug being selected as the only spoil. In addition to these articles a small valise was also taken. Upon discovering that his store had been entered Mr. Kennedy at once reported the matter to the police and this morning Detective Killen took the case in hand. The burglary was a particularly daring one, as there are two officers on the King Square beat. The having season is exceptionally late on P. E. Island.

O. J. McCULLY, M. D. M. H. C. S. LONDON. PRACTICE LIMITED TO DISEASES OF EYE, EAR, NOSE AND THROAT. 108 GREENWICH STREET. Office Hours—11 to 1; 4 to 5 P. M.
