F. Burns from Campbellton to Bathurst a week ago yesterday, made the run (63 miles) in one hour and 25 minutes. — Mr. W. J. Robinson, of Moncton, has subscribed to the Y. M. C. A. building fund. The association propose erecting a two or three story brick building with stone front. — Quebec Province has an alarming debt. The gross amount is \$24,180,461 against which there are assets of \$12,284,969. The annual interest on the debt now reaches \$1,113,710. — Says the Truro Guardian: "Thirteen brakemen have been killed on the I. C. R. between St. John and Halifax during the past year. Strange to say, not one of them belonged to the Brakeman's Brotherhood."

BRITISH AND FOREIGN.— In Great Britain last year, nine hundred and nineteen persons were killed and 3,826 injured on the railways. — James Gordon Bennett believes that Chinese Gordon is still living and a prisoner in the hands of the Mahli. He has screw steamer of 448 tons gross and 270 tons net register, with engines of 91 tons horse power. She will arrive within a month's time. The steamer's net tonnage is three tons more than that of the steamer Harlaw. — Sweden has a better Telephone system than that of the United States, where the telephone originated. The reason is that there is no monopoly in Sweden. — The Duchess of Cambridge, who died recently, had been drawing from the public purse an annuity of \$30,000 a year for the last five years, a grand total of \$1,500,000, and she had free quarters at the St. James' Palace in the bargain. — The income of the Dowager Empress of Germany is estimated at \$700,000. Of this \$500,000 comes from the state and the remainder from her private fortune. She has just inherited 5,000,000 francs from the estate of the Duchess of Galliera. — The returns for accidents on the railways of the United Kingdom during the year 1888 are interesting. Eleven passengers were killed and 594 injured, as against 25 passengers killed and 538 injured in 1887. In 1872 the railway deaths were one in 18,000 passengers carried. It is now one in 10,000, 600. — An ominous study this of armed Europe. Seven nations—Germany, France, Russia, Italy, Austria, Turkey and the Balkan States—show a war strength of 10,480,000 men. To this are added the second reserves, 8,335,000, and the first reserves, 9,164,000, or all 28,000,000 of Europeans, in the prime of manhood, liable to be exposed in the next war. — An immense Steel Trust has been formed at Chicago, with a capital stock of \$25,000,000 for which a large part has been paid in. — Within five days after the opening of the fishing season on the Columbia river, over 5,000 salmon, weighing 150,000 pounds, were received at Portland, Oregon. — A Florida letter says: "Twelve million dollars have been invested in the orange culture and orange business and this year \$5,000,000 worth of fruit has been sold in return on this investment. — Two hundred million revenue stamps, of the value of \$45,000,000, stored in the treasury vaults at Washington, were recently counted by a committee appointed for the purpose, and every cent was accounted for. — The recent count of money at the New York sub-treasury, revealed a discrepancy of \$35 out of a total of \$184,000,000 to be accounted for. The shortage resulted from the acceptance of a few counterfeit notes in the hurry of business and by the loss of a few pieces of silver. — The United States Timberman does not seem alarmed at the prospect of an early destruction of the timber supply. It asserts that Puget Sound has 1,800 miles of shore line, and all along this line, miles and miles farther than the eye can reach, is one of the most unbroken forests of enormous trees. The forests are so vast that, although the saw mills have been ripping 500,000,000 feet of lumber out of them every year for the past years, the spaces made by these gardens seem no more than garden paths. The last year's market value of the amount of standing timber in that area of 500,000,000,000 feet, or a thousand years' supply, even at the enormous rate the timber is now being felled and sawed.

Smith, aged 5 months. He shall gather the lambs with His arms, and carry them in His bosom. BROWN.—At Aroostook Junction, May 8th, Ruby Ernest, aged eight months and three days, of bronchitis, beloved son of Jonathan and Sophia Brown, of Aroostook. Her father's sufferings were extreme, but we know it is well with him now. AORN.—At Forest Glen, N. B., on May 7th, of pneumonia, Catherine Olive, aged two months and one day, only and beloved child of Benjamin and Blancher Aorn. Thus the Master has transplanted the little bud. The Lord gave and has taken. JOHNSON.—At Port Lorne, Annapolis Co., N. S., April 26th, Peter Johnson, in the 63rd year of his age. Our brother and beloved mother, Mrs. Elizabeth Crowell, of the Baptist church of Springfield, with the Lord, and had been much revived in spirit during the late reformation here. He leaves a wife and daughter to mourn their loss. LOVE.—At Springfield, York Co., N. B., May 10th, Mrs. Eliza Love, a beloved sister of the Baptist church of Springfield, with the Lord, and had been much revived in spirit during the late reformation here. He leaves a wife and daughter to mourn their loss. HENNING.—At Noel, N. B., William B., eldest son of John and Rachael Hendrick, aged 24 years. Although a great sufferer for many weary months, Willie was ever patient and gentle, and expressed the assurance that all was well with him. A sermon was preached on the occasion by the Rev. Alex. Campbell from Heb. 12:9, 10. [Boston papers please copy.] WYMAN.—At Freeport, N. S., March 14th, Abigail Wyman, aged 86 years. The deceased experienced a change of heart in early youth, and during her long life lived an exemplary and distinguished character the fruits of the Christian graces were well developed, and when the Master called she was ready to "go up higher." Truly, "for her to live was Christ, and to die gain." MORRELL.—At Freeport, N. S., April 22nd, after a long and distressing illness, Oscar W. Morrell, aged 29 years. For some years he was a member of the Baptist church in this place; and though his faith was weak at the beginning of his sickness it grew gradually stronger as his physical strength waned, and he passed away with the assurance of the Lord. He leaves a widow and two children to mourn their loss. McVEAN.—At Bothwell, P. E. I., April 29th, after a very brief illness, David McVeau, in the 89th year of his age, leaving four sons and numerous friends to mourn their loss. Our departed brother was the last to leave us of the original twenty who were banded together in the organization of E. P. Baptist church in 1833. "He was a good man," an earnest Christian to the last. For nearly sixty years he adorned the frames of the chapel without rebuke, and then as a sheaf fully ripe he was gently removed to the heavenly garner. Missed here, welcomed above. VAUGHAN.—Capt. John Vaughan, of Summerville, Hants Co., N. S., while sailing as mate of schooner Avonlor, took yellow fever three days out from Macoris for New York, and died after 13 days sickness on March 7th. He was the second son of the late Rev. Benjamin Vaughan. His aged mother still lives to call up his many acts of kindness and regard. His widow left to care for a group of children, none of them yet fit to go out into the world and do for themselves, is almost unfitted for the task by the heavy blow that has come upon her. Some eight years since, he and his now lonely widow confessed their sins and put Him on by baptism. The times of reformation near. His God the dear loving Father who sent His Son to bear our sorrows, sustain all who sorrow, because they shall see His face on earth no more by assuring them that they shall meet Him in heaven.

Let It Help You. Shortsighted, and to be pitied, is the woman who rejects this wonderful article—PEARLINE. Inconsiderate the one who does not supply her servants with it. Its popularity—immense sale and the hundreds of imitations—all tell of its usefulness; besides, it's old enough to have died long since were it at all dangerous to fabric or hands. On the contrary, in doing away with most of the rubbing it saves the worst of the wear. Use it without soap—it is economical.

lovely, a devoted wife and mother, and a loving daughter, she has gone in early life, and left four motherless children and her devoted husband, and her attached father and mother and family in deepest affliction. May the Lord sustain them. MARTIN.—At Portage, Belfast on the 8th of April, Euphemia Martin, daughter of the late Martin Martin, in the 29th year of her age. The deceased was baptized by Bro. Swafeld in 1879, and has since borne an unblemished Christian character. She was amiable and loving at all times; but it seemed that the lingering illness, which she bore with true Christian fortitude and grace, sustained by a never faltering trust in Him in whom she had believed, but ripened her for the Master's use, so that her setting sun, was the most glorious scene in her life. May God's blessing rest upon the last day loving mourners, and may her exemplary life and triumphant death, cause them to trust more fully in her God. ALLEN.—At Brazil Lake, Yarmouth Co., May 3, of consumption, Amanda, beloved wife of Deacon Joseph Allen, in the 38th year of her age. Sister Allen was converted at an early age. She was baptized by Rev. W. H. Porter and received into the Temple church of Yarmouth in 1872. Removing to Brazil Lake at the time of her marriage, she afterwards united with the Third Yarmouth church, of which she remained a useful member until her death. Her Christian life was marked by kindness, humility, and quiet devotion to Christ. To work for her Saviour in the home and Sunday-school was ever her delight. In her last illness, which was long and painful, she was reconciled to the will of God and wonderfully sustained by His presence. Great peace and joy possessed her soul, and Christ and heaven seemed very near to her. She leaves to mourn their loss her husband and two little boys: her father, Capt. James Cain, of Sand Beach, and her mother, Mrs. J. M. Parker, of whom Rev. S. H. Cain, of Liverpool, N. S., and a large circle of friends.
