ST. PETERS DROPPED GAME AT ST. STEPHEN

City Champions Arrived Home
Early This Morning With Tale
of Defeat—Beaten 8 to 4—
Another Game.

The St. Peters baseball team arrived in the city at one o'clock this morning from St. Stephen. Yesterday afternoon the saints played a game with the St. Stephens and were defeated by a score of 8 to 4. The North Enders claim that the border city nine is a very fast one and that there are some eastern leaguers in the team. An endeavor will be made to have the St. Stephens play the St. Peters here on Saturday next. McGovern pitched the game for the St. Peters and Chapdelaine was the catcher.

WORLD SERIES DATE NOT YET DECIDED

Chicago, Sept. 27.—C. W. Murphy, president of the Chicago Nationals, has agreed to advance the game with St. Louis set for October 15, one day, thus closing the National League season October 14.

At the American League headquarters, President Johnson reiterated his ultimatum that the championship must be set in motion not later than Oct. 13.

"Hereafter the Commission will see that the date difficulties are eliminated," said Johnson. "The world's series the biggest event in baseball, should start October 5th and the American League will insist on this point. Our circuit schedule will be so arranged that next season the final games will be played not later than Oct. 3. The National League should contribute its share to the welfare of organized baseball by making a like arrangement."

There is joy in the Cub camp over the return to favor of big Jeff Overall, the giant heaver who has been out of the game for weeks with an injured arm. Overall is depended upon to take his game or games from the Athletics, and his recovery is a source of gratification to Chance and the team.

BEN COMO AND HAZELWOOD WIN AT ROCHESTER

Rochester, N.Y., Sept. 27.—With the Wright Bros. aeroplane as the chief attraction and scores of other features more common to county fairs and cattle shows, the 35th annual Rochester fair was opened today, and in spite of the disagreeable weather conditions, more than six thousand persons passed through the turnstiles.

Later in the afternoon the race track was the Mecca of the crowds. Three races were on the card, and two of them, the 2.25 pace and 2.29 trot were won in straight heats, although not without a contest. The third event, the 2.21 trot, went five heats without a winner and will be completed tomorrow. Ben Como was the winner in the 2.25 class, and Hazelwood in the 2.29.

LAJOIE MADE GOOD AT BAT YESTERDAY

Cleveland, Sept. 27.—Larry Lajoie, the leading batter of the Cleveland club, remained ahead of his rival Ty Cobb, of the Detroit team today in the race for the automobile which is to be presented to the player with the largest batting average in the major league at the end of the season.

In the first game of a double-header with Boston, Lajoie made three hits in four times at bat. In the second game he failed to secure a hit in three times at bat. Cobb, in the Detroit-New York game, only secured one hit in four times at bat. The leaders averages stand now: Lajoie, .374; Cobb, .364.

ALGONQUINS READY FOR LOCAL GAME

Consistent Practice Bringing
Out Bright and Shining Stars
—Willing to Line Up Satur-
day Against Local Team.

Some of the sturdy braves who make up the Algonquin football team were around looking for the scalp of The Standard sporting editor yesterday. "Hi, said we never did a thing, he did, and we are ready to play anytime," was the burden of their cry. "Wait until we get him in a game."

As a matter of fact a baker's dozen of the faithful have been getting in some consistent work on the Every Day Club grounds for a week or more and some of them are beginning to shape up in good condition. Greason is on hand every night and promises to shine as brightly with the Rugby squad this fall as he did in his position as center for the championship Exmouth St. Y.M.A. basketball team last year. Stubbs is following the pickin' to acquire speed and at the same time endurance for his appearance in the Halifax Herald's fifteen mile road race on Thanksgiving Day. Leonard who graduated from the intermediates in '08 has a more senior look than ever and has aspirations for the front line this year.

Thorne, Howard, Drynan, F. Finley and G. Paterson are all candidates for the back line and they are traveling very fast. McGowan has been trying out for quarter. Besides these a number of the regular men have promised to get out with the team, but are still devotees of the rural life and have not yet donned their togs.

The Algonquins are quite ready to play any local aggregation on Saturday next, but of course prefer to wait until the baseball season is over before bringing in outside teams.

Not a word has been heard from Carleton, but two or three of the enthusiasts are determined to put a senior team in the field and will not give up without a struggle.

PRESENTS CUP TO RANELAGHS

Lord Grey Compliments Re-
nowned English Polo Team
at Montreal -- Won Over-
whelming Victory.

Montreal, Sept. 27.—By the overwhelming score of 14 to 2 the Ranelagh polo team of England defeated the picked Canadian four in the second and last game between the two quartets on the Back River Club's grounds.

Earl Grey was present at the game, having come up from Quebec specially to witness the encounter, and at the end of the match he presented to the visiting team a magnificent silver cup, which was donated by the Back River Polo Club as a memento of the visit of the English players.

In making the presentation he delivered a neat speech, expressing the sentiments of Canadian lovers of the game. The Montreal polo clubs felt honored, he said, at having as their guests the finest team in England and one of the greatest in the world. The Canadian players, who had twice met defeat at their hands, felt proud at having been permitted to play against such an aggregation of polo players.

He stated that their visit would increase the popularity of the game in Canada, and he hoped before long that Canada would have players and teams in the same class as the Ranelagh exponents of the game. He also congratulated the Canadian players on the good showing they had made, the scores not indicating perhaps, how well they had done. The fact that they had not played before as a team had had something to do with the large scores made by the English team and with their own shortage of tallies.

Earl Grey also referred to the cup which has just been presented by Arthur Grenfell, a brother of the two Grenfells who figure on the Ranelagh team, to be emblematic of the Canadian polo championship. Mr. Grenfell was unable to be present personally, as he had just arrived in Canada on his way west, where he will investigate conditions with a view to investing British capital. The cup, which he has presented is a facsimile of the famous Warwick trophy, and will be competed for at an annual tournament to take place alternately in Montreal and Toronto.

In concluding his remarks Earl Grey spoke of polo ponies bred in Canada and told a story of a pony that had been picked up for a few dollars in Calgary, and after two or three sales, each at an increased price, had finally changed hands for a thousand dollars.

At the conclusion of his remarks, the governor general raised his hat, calling for three cheers for the Ranelagh polo team, which were heartily given by the large audience of Montreal society people, ladies and gentlemen both joining in the applause.
