Still Here.

Toronto, July 19.—A pronounced area of high pressure
is centered over the northweststates and fine weather now
prevails from the Great Lakes
westward. Local showers have
occurred in Ontario and Western Quebec, while in the Maritime Provinces it has been fair
and warm.

The United States schooner James
L. Maloy, 147 tons, Captain Ervin
White, had put into the harbor at
to machor until a favorable chance
would be given when she could coninto the head saturday night and came
to anchor until a favorable chance
would be given when she could coninto the royage which was from Sand
River, Nova Scotia, to Boston. The
vessel is loaded with lumber and as
her rode at anchor she had har main
sall set. Captain White and his crew
were asleep in their berths when the
storm struck. The tornado threw the
Maloy over on her beam end, so far
that the water reached over the deck
to
the hatches. In an instant the two
masts were broken off at the deck and
as the mass of spars and rigging top-

The wind continued in that direction for about fifteen minutes and then shifted and broke suddenly.

The storm struck the steamer for and Manan broadside and while it impreded over the side it broke the jib boom off. Captain White and the others of the crew were thrown out of their bunks and rushed to the deck. Fortunately the schooner's anchor being driven ashore.

The james L. Maloy is a schooner and this washed through the freight deck. Captain MacKinnon said that at the time the storm struck the steamer he was lying in his berth and the rain came so hard that before he could close the window there was nearly an inch of water on the cabin floor. A formal Manan on the steamer to come and the steamer he captain MacKinnon said that at the time the storm struck the steamer he insured in Boston, but it is said that the time the storm struck the steamer the captain MacKinnon said that at the time the storm struck the steamer the captain MacKinnon said that at the time the storm struck the steamer to be insurance on the vessel. Capt. Mucahey of St. John, representing the underwriters, will go to Grand Manan on the steamer tomornow to look after the cargo. It is not been named.
