CITY WATER SUPPLY SHORT ON ACCOUNT OF BREAK IN MAIN

At one time twelve inch main carried whole load—Firemen and Police took extra precautions until water was back to normal.

The city water supply was low from two o'clock yesterday afternoon until midnight. The trouble was caused by a break in No. 3 24 inch main in Edward Shillington's field on the Loch Lomond Road, below the Hickey Road.

The lead in one of the joints of the main blew out and the water poured over Mr. Shillington's field. The crops had been taken in, however, and it was said little damage was done.

There was still some water running through the pipe to the city, but on the high levels the pressure was very low and in some sections there was no water at all.

In manipulating the stop cock at Little River some trouble developed in No. 2 main and for a time the whole city was receiving its supply from one 12 inch pipe.

Repairs were started immediately and soon the load was being carried by both 12 and 24 inch mains.

Commissioner Wigmore was on the job from two o'clock until a late hour last night. He had about twelve men engaged and rushed the work as much as possible and at midnight the water was turned on again.

THOMAS GUILTY OF ASSAULT ON A YOUNG GIRL

Mary Romley pleaded not guilty and her trial will take place this morning.

In the case of Wm. M. Thomas, the defendant's side was heard yesterday afternoon, and the jury retired at three forty-five o'clock. They returned to the court and had some evidence read over to them, and at 7.30 last night the foreman announced that the jurors could not agree. His Honor Mr. Justice Barry then gave them one hour for supper and told them to reconsider the case and if possible bring in a verdict.

The jury returned about ten o'clock against Thomas but with a strong recommendation to mercy. The prisoner was remanded to jail for sentence.

CORPORAL CLARKE HOME ON SICK LEAVE

Rheumatic Pneumonia made him unfit to accompany comrades to the firing line.

Ill for several months with rheumatic pneumonia, and bitterly disappointed that he was unable to get into action with his pals in the 12th Battalion, Lance Corporal Clarke of St. Stephen arrived in the city yesterday on his return home. He was met at the depot by his mother, and a touching scene was witnessed by those gathered about.

Lance Corp. Clarke in England contracted a heavy cold, which developed into rheumatic pneumonia. The physicians gave him an honorable discharge owing to the sickness having left him medically unfit. He arrived at Quebec on Sunday aboard the steamer Scandinavia on which there were 106 wounded soldiers returning home.

THE BATHURST HARBOR WORK TO BE COMPLETED

Hon. Mr. Hazen has arranged to have development continued immediately.

Thomas Nagle received a telegram last night from Ottawa announcing that Hon. J. D. Hazen had succeeded in arranging with Hon. Robert Rogers, minister of public works, for the completion of the work of development of Bathurst harbor. This news will be received with great satisfaction not only in Bathurst but throughout the province. The improvements, when completed, will make the harbor one of the best in New Brunswick.

Considerable work has already been done in connection with the improvements, but on account of the appropriation for the year having become exhausted activities ceased on August 16. The urgent need for a speedy completion of the work was, however, brought to the notice of Hon. Mr. Rogers by Hon. Mr. Hazen, and as a result of the energetic representations of the chairman and Fisheries Bathurst will soon have a harbor that will be a credit to the country.
