

LIBERAL RUSSIA STRUGGLED AGAINST PRO-HUNS

THE ASSASSINATION OF THE MONK RASPUTIN FIRED ALL RUSSIA

Act Inflamed With Patriotic Determination Many Classes of Empire That Russia Would Deserve Well of Her Allies if Given Chance —The Pro-German Element.

London, March 15.—The government of Petrograd is now in the hands of a committee, consisting of representatives of the Duma, the Zemstvo and municipalities, presided over by President Rodzianko, of the Duma. This body met yesterday, with five cabinet ministers attending, and sent to Emperor Nicholas a request for the establishment of a parliamentary government.

The military in Petrograd is taking orders from the committee, and is patrolling the city, which is quiet. The fighting which occurred was in the barracks, and a number of officers were killed.

Chief of Empire in Prison.

The chief of the council of the empire was imprisoned, with M. Sturmer. A report that M. Protopotoff was imprisoned is incorrect. The people sacked his house and are seeking him. The committee is in control of all government buildings.

News of the revolution reached London too late for the evening papers, but it will not be altogether a surprise to the public. The sudden closing down of the Duma, and the council of the empire in Petrograd, news of which reached London on Sunday, together with news of food riots in the Russian capital, which, although according to telegraphic reports were not of a serious nature, caused considerable suspicion here as to how events would progress.

Graver Than Supposed.

The proclamation by the military governor in Petrograd forbidding any street assemblies, and declaring

Had Violent Coughing Fits

Looked Like Consumptive

Mrs. Mary Whetton, North Forks, N. S., writes: "Having taken five bottles of Dr. Wood's Norway Pine Syrup, during the past few weeks, to relieve a chronic cough and general throat trouble, allow me to express my unbounded satisfaction and thanks as to its sterling qualities. A short time ago I became subject to violent coughing fits at night and directly after rising in the morning. I began losing weight, and all my friends cheerfully informed me that I was going into consumption. After taking the 'Dr. Wood's' I am pleased to relate that the cough has entirely disappeared and I have since regained the lost weight. I have no hesitation in recommending Dr. Wood's Norway Pine Syrup."

There are many imitations of "Dr. Wood's" on the market so see that none of these so-called "pine syrups" are handed out to you when you ask for "Dr. Wood's." It has been on the market for twenty-five years, is put up in a yellow wrapper, three pine trees the trade mark, price 25c. and 50c. Manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

Institutions Burned.

The only visible signs of the desperate clash of authority which turned the city into a battle ground, were the charred ruins of the jail, which are still pouring a cloud of smoke skyward, and here and there the remains of other police institutions and civil buildings, which were apparently not seen fit to destroy, are piles of charred embers, showing where wreckage and documents had been dumped and consumed.

Prisons Thrown Open.

At the same time all the prisons for political offenders were thrown open by the revolutionists, and the prisoners marched out to join their emancipators. The battle spread from one part of the town to another with the rapidity of a thunderstorm, and as the day progressed it became apparent that nothing could stem the tide of revolution, which swept westward from the neighborhood of the Duma and the chief military barracks up the Nevskaya to St. Isaac's Square. The economic and industrial life of the city came to a complete standstill. Street car service was suspended from the beginning of the disorders, and stores were closed.

Hotels Wrecked.

The two leading hotels, which house officers, were wrecked; others restricted their service to regular patrons. In response to an appeal by the revolutionist committee, citizens distributed food to the soldiers.

Soldiers Shoot Officers.

Regiments called out to disperse street crowds which were clamoring for bread, refused to fire upon the people, but mutinied, slaying their officers in many cases, and joined the swelling ranks of the insurgents. With the exception of a Finnish regiment, which took possession of the admiralty building on the Neva, and kept up a desultory rifle and machine gun fire, the last remnants to remain loyal to the government had capitulated after a sustained battle on the Morskaya, and there was no further resistance to the revolutionists, who controlled the entire city. The police had disappeared from the streets, which were patrolled by automobiles packed with soldiers and students and were wildly cheered by the people as they sped by.

Government Overthrown.

The government was declared to be overthrown by the Duma leaders, who met in the Mavrotshinsky Palace after the regular session had been adjourned by imperial ukase, and in a telegram to the Emperor the popular representatives declared that a special committee, composed of the leaders of the various parties in the Duma, would submit lists of names for the new cabinet.

Imperial Palace Besieged.

The imperial palace at Tsarskoye-Selo is said to be in a state of siege, but thus far no firing has been reported between the guards defending the palace and the re-

voluntarists and troops.

It is stated that General Michael V. Alekseeff, former chief of staff, has been offered the military dictatorship.

Forming Him of the Developments.

forming him of the developments, and calling on him to listen to the voice of the people. "The hour has struck," he said, "when the will of the people must prevail."

Shot Their Officers.

The immediate occurrences leading to Monday's developments began at 6 o'clock Sunday evening, when the men of the Volynsky regiment shot their officers and revolted, after receiving an order to fire upon striking working men in one of the factory districts.

Another Regiment Detailed Against the Mutineers.

Another regiment detailed against the mutineers also joined the revolt. The news spread rapidly to the other barracks, and four more regiments went over. Some of the revolting troops marched to the famous St. Peter and St. Paul fortresses, on the left bank of the Neva, and after a brief skirmish with the garrison took possession of it.
