Mrs. A. D. Olmstead, who has been visiting friends here for the past fortnight, returned to her home in Bangor.

A young man named Richard Park fell off a tree last night going east from Moncton, a short distance from the depot, but fortunately escaped being killed. At first it was thought he was badly injured, and he was taken to the hospital, but later he was taken to the police station, charged with drunkenness. He came up from the hospital yesterday and says he is returning home when he fell off the tree.

Moncton, N. B., June 17—A strange drowning fatality, reported from St. Marys, Kent county, the victim being Pearl Vanbuskirk, aged eighteen years, a daughter of Joseph Vanbuskirk, a former well known resident of Moncton. It appears Miss Vanbuskirk, with her step-mother and two young lady school teachers named Ayer, were fishing last evening on the Grand Falls, a short distance from the Vanbuskirk home. Mrs. Vanbuskirk went home leaving the three girls to continue fishing. Miss Vanbuskirk was standing at a slight elevation that she projected into the pond, her companions fishing a short distance away. Suddenly the Misses Ayer heard a splash and turning found Miss Vanbuskirk missing. A cry went up and the girls rushed to the spot. They were raised and the brother of the girl and another young man, working close by, were soon on the spot.

The sun glimmered in young woman fell in was only about three or four feet deep and the body was soon recovered but there was no sign of life. It is believed the girl fell dead, having a short distance from the Vanbuskirk home. This theory is borne out by the fact that no water was found in the lungs.

Misses Ayer heard a splash and turning found Miss Vanbuskirk missing. A cry went up and the girls rushed to the spot. They were raised and the brother of the girl and another young man, working close by, were soon on the spot.
