ACTORS ROTTEN-EGGED IN A NEW YORK THEATRE.

Were Presenting "McFadden's Row of Flats," Which Displeased a Large Number of Irishmen.

New York, March 30 .- Two hundred Irishmen, whose feelings had been outraged by the performance of the travesty "McFadden's Row of Flats" at the new Star Theatre, rose in their seats in the theatre, at a signal, tonight, and pelted the performance with rotten eggs, decayed vegetables and fruit. The audience of over 2,000 were thrown into an uproar, and the actors

thrown into an uproar, and the actors were driven from the stage. Five of the disturbers were arrested. The assault is openly declared to be the work of the allied Irish so-cieties of the city and its vicinity. Ma-jor McCrystal, late of the 60th Regi-ment, declared forcibly last night that the Irishmen of the city are banded to have put his very kind of work un-til the burlesquing of Irish characters is stopped. Other Irishmen said the same thing. The protests against the play, which is old, having been brought out by Barry & Fay, of vari-ety stage fame, several years ago, have gone on in New England and in this city, and the Irish have all the time been growing warmer over the continued performances. A few wo-men were among the persons stand-ime work and the start wards. continued performances. A few wo-meen were among the persons stand-ing up last night as the eggs began to fly. Not a person on the stage escaped being hit by at least two or three eggs, but none of them got many more than that. The donkey was a sight. Eggs hit him every-where, and he stood it just like a donkey. One egg went right into an ear, closing it up, whereat he bitmfeed one eye solemnly, but stood stall, as if it were part of the show, and he the hero.

A NARROW ESCAPE.

Defeated.

London, March 30 .- In the lobbies of Parliament Saturday the opinion regarding the Irish land bill was rather less enthusiastic. It was recognized to be a measure of such complexity that its only chance of existence lies in the rather doubtful possibility of all parties consenting to accept in a gencross spirit, and that an active oppos evens spirit, and that an active opposi-tion from any quarter must inevitably wreck it. The Nationalists already are displaying restlessness. Lately the have rather consistently support-ed the Government in the divisions, but last night, on a private member's bill of bittle consequence, they voted against the Government, with the re-sult that the Ministers only escaped de-leat by the narrow majority of thirfeat by the narrow majority of thir-teen. Had the Irishmen been present teen. Had the Irishmen been presen in their full strength, instead of out fifty-five of them being in the House the Government would have been de

This uncertain attitude of John Red-monds, supporters is giving the Gov-ernment great anxiety, and it is be-lieved that if the Irishmen show a carp-ing spirit towards the land bill many Uniousist supporters of the Govern-ment will counsel its withdrawal, on the growing of its unpopularity among the British electors, who are already smarting under the burdens of a heavy war taxation. war taxation

ROSEBERY'S DAUGHTER.

Married at Epsom to Lieut. C. J. C. Grant.

London, March 30 .- The Earl of Rosebery's eldest daughter, Lady Sybil was married at Epsom on Saturday to Lieut. C. J. C. Grant, of the Coldstream Guards, son of Lieut-Gen. Sir Robert Gsant. The wedding was quiet, only near relatives and internate friends of the families being present. Lord Rosebery gave away his daughter, who was attended by eight bridesmaids, in-cluding Miss Muriel White, wearing the Earl's racing colors, primrose and pink. A wedding luncheon afterwards was served at the Durdans, Lord Rose-bery's seat at Epsom. The display of presents-rarely has been equalled. King Edward, Queen Alexandra, the Prince and Princess of Wales and other mem-bers of the royal family sent diamond only near relatives and intimate friends

MAY ADJOURN TO-DAY. If House Concludes, Judges Will Meet Soon.

Toronto, March 30.-The pro-ceedings in the Legislature today will to a large extent detremine the immediate course with reference to the Royal Commission on the Gamey charges. The Opposition still assume a critical attitude toward the evidence act, but Mr. Foy rather with drew his open hostility when Colonel Gibson challenged him on the occasion of the last references to the measure. of the last references to the measure. If the bill passes to-day Chief Justice Moss will make a special trip to the Parliament buildings to give royal assent, and the commission will or-ganize some day toward the end of the week, though they may not commence taking evidence before next Monday. The Opposition promise a fight over the question of adjourning the House until April 21, though Mr. Whitey said he hoped to conclude the busi-ness to-day if the members are present for voting. The other contentious matter is the voting of \$40,000 sup-plies asked for April, without which the service and all persons having business with the Government will be greatly inconvenienced. Then there will be the address in reply to the speech from the throne, the proposal to pass which Mr. Whitney objected to on Friday night. The disposal of this, however, is not absolutely neces-sary before adjournment, although his Honor may not think the House very respectful if they defer their formal of-fering of thanks until after the ap-proaching long adjournment. There seems little doubt but that Mr. Gamey will go before the com-mission. At least the concern of the Opposition over the terms of the evi-dence bill gives color to that view. mission. At least the concern of the Opposition over the terms of the evi-dence bill gives color to that view. In any case Mr. Gamey, if summoned, as he doubtless will be, will be under the same regulations for compulsory at-tendance and answering of questions as any person else.

SCOTCHMEN PROTEST.

Desire to Give Macdonald National Funeral. London, March 30 .- The despatch of the remains of Major-General Macdon

ald, who committed suicide in Paris, to Scotland by train, was the oc casion for a remarkable demonstration owing to the fact that his widow had decided that the burial shall take place at 6 o'clock in the morning, immediate ly after the arrival of the body at Edin burgh. Hundreds of Scotchmen, represchung the Highland societies and sev-eral Scotch members of Parliament, gathered on the platform at the King'i Cross Railway station here. Most of the Scotchmen wore their national costumes, wreaths were placed on the con-fin in the name of the different clans, in in the name of the different clans, and the pipers played national dirger as the body was entrained. All at-tempts to persuade the widow to delay the interment and permit the Highland-ers to arrange for a national juneral in the Highlands having failed, a large number of influential Scotchmen ad-journed to the botel in the railway sta-tion and held a meeting of protest. The Scotch members of Parliament, Allan and James Galloway Weir and others and James Galloway Weir and others, made speeches, and a resolution was adopted urging the Lord Provost of Edinburgh to renew the efforts to ged the funeral postponed.

I came down early this morning to do it and I find that there is no reason-able doubt of your guilt. If absolute proof were required, there would be very few convictions. In considera-tion of your previous good character your family, and the fact that you are a good workman, I will suspend sentence for six months. If at the end of that time you come back with a good character, I will give you a light sentence. Too many regard suspended sentences lightly and only wipe them off when they come up to answer to a second charge." After warning Mr. Bradshaw to return at the end of six months, the Judge or-dered his release from custody. Crown Attorney Herbert D. Smith prosecuted and O. L. Lewis defended in this case.

Toronto. The late Mr. Pegley and myself were in the Queen City on legal business. We heard of the con-cert but decided not to go as we didn't care to be up half the night. A friend told us that we meedn't be afraid of that as the concert would begin at 8.30 and be through by 10 o'clock. Mr. Pegley was very fond of music so we went. We learned on our arrival that all encores wer forbidden. It was a splendid idea. One of our party desired to hear a solo on the organ repeated. He asked the organist if he wouldn't play it over once. The musician assented, but said that he would have to wait till after the concert and he wouldn't touch the instrument till every per-son was out of the church. The ab-olishment of the encores improved the concert wonderfully. "There is another thing I would like to see advocated, and that is that no person be allowed to enter while a number on the program is being given. Besides annoying the andience and distracting attention, the entrance of anyone always bothers the performer." PIANO TUNING.-All parties desir-
