TEMPERANCE

From a Bible Standpoint.

A LECTURE delivered before the ONTARY
TEMPERANCE AND PROHIBITORY
LEAGUE, by the REV. R. WALLACE,

The whies approved of in Scripture not inicxicating; the whole teaching of the Bible opposed to the use of intexicants, God requires more of Christians now in the matter of total abstenance than He did of our fathers; it does not supplant the Gospo'; the use of intexicants does not promote health or s rength; enormous loss of life and property, as well as chine and misery cauled by the liquor traffic; prohibition the only effectual remedy. A pamphlot of 21 pages, with recommendation of Ray, A Suthernance, President of the Longue.

HASTY CONSUMPTION CURED BY FELLOWS
HYPOPHOSPHITES.
CARBONIAR, NEWFOUNDLAND, Jan. 3, 1871.
MR. JAMPS I. FELLOWS.
DEAR SIR: I came to this country in May, 1869. I found a countryman of mine laboring under some affection of the lungs. I recommended your Syrup, tried at the Drugists in Harbor Grace, but they thought I was inventing the name at their expense. However, in April, 1870. Mr. Edgar Jöyce rapidly wasted away with every symptom of quick consumption, so that he was unable to walk across the room, having no appotite, pains in the loft side, norvous signious unstrung, dry, hacking cough, &c. Fortunatelly Ligarned that your Syrup could be obtained at Mr. Dearin's, in St. John's, and immediately procured some (showed one to W. H. Thompson, who ordered a supply from you at once). This was Tuesday afternoon; at night he took the proscribed dose, and in the morning he described the very results notified on the wropper. His appetite soon began to return, and a voraclous one it was, too; the dry, hacking cough changed into loses but violent attacks, finally disappearing altogether; pains left his side, his hand assumed its usual steadiness, and before he finished ten bettes his health was quite restored; and to-day not a more healthy person is to be found on our streets, and it is the opinion of all, had he not been fortunate in getting your valuable Syrup of Hypophotphities, he would now be in his grave.

He happened to be in W. H. Thompson's the day your first shipment arrived, and took at once four bottles to the Labrador, which he was very anxious to do, but had no occasion to uso; them himself. No other medicine will he ever preggribe, recommend, or give, but yours.
