

UNDERWOOD stands for typewriter perfection in construction, labor-saving devices, ease of operation, durability, and beauty of work. It is the original, perfected, visible-writer, tried and proved by 200,000 satisfied users.

90 per cent. of the typewriters used in Canada are Underwoods—
a fact which speaks for itself. The Underwood will do anything that any other typewriter will do, and do it better; it will do many things that no other typewriter can do.

It is the only machine good enough for you if you want the best.
