Col. A. L. Bishop,
320 Bay Street,
Toronto, Ont.

My dear Colonel Bishop:

I promised to write you after discussing
the Coniagas matter with the Hydro Board.

The Chief Engineer's view is that Coniagas
is insisting to the last letter on its legal rights in support
of an unseconable contract, and that Hydro cannot justify
doing otherwise on its part. We are advised that a ratification
of the billing is within our legal rights, and that it is the
duty of the Board to insist thereon. I may say that this advice
has come from outside the Hydro organization.

Consequently Mr. Lucas' letter was based upon
that intention.

I do suggest though that you ought to consult
personally with the Chief Engineer, Dr. Gaby, with a view to either
arriving at some settlement of the entire situation or with the
object of clearing up the new question as to proper charges. If
you care to do so, I will be very glad to arrange a time.

Yours very truly,

AM/E

Commissioner.
