

I have further to inform you that  
 all the patents applied for in your  
 returns are in course of preparation  
 excepting patents for sets 8 in 4 and 9  
 in 5 which will be ready soon.  
 In the former case the patents being  
 applied for in the name of Hannah  
 E. Robinson whilst according to the  
 office the patents in the name  
 of John Robinson and in the second case  
 the patents being applied for in the name  
 of John Robinson whilst in the books of  
 the office the patents in the name of  
 Hannah E. Robinson. Be good enough  
 to explain this discrepancy so that  
 patents for these sets may issue to the proper  
 parties at an early date.
