

Cross Examined.

I do not know how long the accused persons had been in my garden before I came home on the evening of 15 Feb 15. I had a drink of rum from the accused Sullivan. I took the oath and then made my first statement. I mentioned my statement to a Sgt. A chap by the name of Philip came to see me about the statement. I do not know the name of the Capt who asked me for my second statement but I saw him around the Court Room this afternoon.

The Court

Both the accused were drunk. ~~at the~~ I say this by having my opinion on their actions, they were very happy, in a very good mood, I did not say anything to them in regards to their condition as it was the accused Sullivans birthday. My mother was mad. When the accused Sullivan came to my home at 8:00 pm on the 15th he said I was to say that he and the accused Laflack had been in ~~my~~ home the whole evening. I did not see any more rum than what I have mentioned in my evidence to say.
