Your patrons have work enough without spending half an hour exercising a pump handle at the creamery every morning. They give you the best milk possible. They act upon every suggestion as to its care. You know the best is none too good. Why not treat them in the same way?

The Ideal Skim-milk Weigher

is the best. It is none too good for your patrons. They rest while it does the work and does it right. It is automatic. It is accurate. It is durable. If you are now convinced that these statements are actual facts, let us ship you one on 30 days' trial.
