With deep regret The Catholic Register chronicles the demise of Mr D. J. Monohan, of Brantford, which sad event occurred at Arnprior, Ont. on Wednesday, Jan. 14th. Toronto Live Stock.

There was little improvement in the general conditions of trade at the Tortnto Cattle Market this morning. The run of stock was light and business was dull and dragging. The quality of the cattle on the market was fair to good, a few cars of especially choice lots being offered and fetching fancy prices. Some dealers still complain that prices asked by drovers are too high and that most of the cattle are presented in an unfinished condition. They also say that American cattle continue cheaper and better than the average Canadian stock. The total run was 48 cars, including 727 cattle, 618 sheep and lambs, 377 hogs and 32 calves.

dian stock. The total run was 46 cars, including 727 cattle, 618 sheep and lambs, 371 hogs and 32 calves.

Export Cattle—There is more shipping space offering and the demand for cattle is a trifle better, but prices in England have declined, and dealers are slow to pay the prices asked by the drovers. For this reason trade was somewhat quiet to-day, and prices quoted at last week's decline did not advance. About \$4.40 to \$5 per cwt was paid for the good stock. A couple of loads of extra choice cattle were sold at fancy prices, some of them going as high as \$5.25 to \$5.30 per cwt.

Butcher Cattle—The market is about steady, with no very evident improvement from last week's dull close. The quality of the stuff offering was not all good, much of it being in an unfinished condition. Prices remain pretty well unchanged.

Milch Cows—The market was a little brisker to-day. About 30 cows were offered and sold readily at \$30 to \$55 each, the latter price being \$5 better than last week's top quotation.

Stockers and Feeders—The demand for this class of cattle continues fair. Not much stuff is offering and prices are about steady.

Sheep and Lambs—Prices for export ewes

steady.
Sheep and Lambs—Prices for export ewes are about steady. Culls advanced about 50c per cwt and lambs are 10c per cwt dearer at \$4 to \$4.75. The run at the market was light, but trade was fairly brisk and everything was said. thing was sold.
