bers of the Dominion Shorthorn Breeders' Association, members of The Dominion Cattle Breeders' Association through the granting of fifty cents per capita of Ontario members to the latter association. This money will be handled and allotted by the Dominion Shorthorn Breeders' Association.

CONSTITUTION AND BY-LAWS REVISED

The constitution and bylaws were dealt with at the afternoon session. Upon resolution, the following revisions were made: Article 4, Section 1, membership, "That there be two classes for members, Honorary and Annual, instead of as at present, Annual and Life Members." Article 4, Section 5: "That any membership shall be terminated at the expiration of the current year for which it is paid." That article 6, Section 1, referring to date of meetings, be made to read January and February, instead February only. The change was made at the suggestion of Western breeders who wished to have the meetings held on or after the week of the Guelph Winter Fair, in order that they might visit the winter shows while east.

REPRESENTATION ON BOARD

In reference to the matter of representation on the board of directors, considerable discussion was aroused. It was felt that the present management was too unwieldy, and fairly representative. Mr. Andrew G. Gibson proposed a scheme to have the various provinces represented on the board, in proportion to their respective membership. Ontario would thus have about four, Manitoba two, and Saskatchewan, Alberta and Nova Scotia, each one, the object being to afford some basis of representation from the outside provinces, leaving balance of power, of course, with Ontario, in view of their larger membership. The latter was left for consideration at the adjourned meeting.
